Kent News.

SATURDAY MORNING.........Nov. 29, 1884.

GOVERNOR HENDRICKS, the national democratic committee and a delegation of the merchants' Cleveland and Hendricks club, of New York city, visited President-elect Cleveland last Saturday. The visitors were entertained in the executive chamber, where some time was spent in pleasant conversation. It was the first time the President and Vice-President elect had met since their election.

IT is of interest to persons who think Gov. Cleveland was bad presidential timber to know that his small plurality of 1,100 in New York on November 4 was not in consequence of a diminution of the support which gave him his 192,000 plurality in 1882. His vote as candidate for the presidency exceeded, in fact, his vote two years ago by over 25,000. In 1882 the total of votes cast for him was 535,374; in 1884 it is 565,073. The secret of the close vote on the electoral ticket in New York is the increased number of republicans that came to the polls this year.

THE Centennial Conference of American Methodism, which will convene in Baltimore on the 9th of December and continue in session until the 6th of that month, will be perhaps the largest body of Methodists ever assembled in this country. It is a delegated body and will number about six hundred delegates, which is about one hundred and fifty more than usually attend a General Conference of the M. E. Church. The conference will be neither legislative nor executive, and will therefore not have the authority to pass any laws or rules to govern the church, but will be a monster reunion of Methodists from all sections of the country. It will be the celebration of the organization of the M. E. Church in this country.

ON Wednesday of next week the Maryland Electoral College will assemble in the Senate chamber at Annapolis to vote for President and Vice-President of the United States. Two electors at large and six district electors constitute the Maryland Electoral College. After organizing a committee will wait upon Gov. McLane and advise him that the college is ready to receive any communication he may have to make. The Governor will then transmit to the college the certificates of the electors, after which the balloting for President and Vice-President will begin separately. When this is finished and the result announced, a copy of the credentials will be placed in charge of the secretary of the college, to be "conveyed and delivered with dispatch" to the President of the Senate at Washington.

THE ALARM OF THE NEGROES.

Governor Cleveland on The Absurd Statements Made.

Governor Cleveland was asked a few days ago if he was aware of delusions existing among the colored people of the South that a change in the administration would unfavorably affect their condition, to which he replied :—

"Yes; I have been astonished at the statement that there was an apprehension existing among the colored people that in some way their rights now secured to them under the laws and constitution of the United States were in danger from the election of a democratic President. I am even told that some of them are led to suppose that the result of the recent election means that they may again be made slaves. All this has appeared to me to be so absurd, and I have been so sure that the slightest intelligent reflection would dislodge such foolish fears, that I can hardly deem any notice of them necessary. But there is not the slightest objection to calling the attention of all who are in the least uneasy or uncertain upon this subject to the fact that the title of the colored people to freedom and all the rights of citizenship cannot be disturbed except by a change in the constitution, which it would be absolutely impossible to make.

"Besides, the present condition or status of these people has been so fully accepted by the entire country that no one should have the slightest idea that any attempt will be made to change it. If there was any possibility of accomplishing such a thing, so far as the new administration is related to this subject, the whole country can be sure that the lawful power and jurisdiction of the Executive will be so exercised that the rights of all citizens, white or black, under the constitution and the law, will be preserved and protected, and all the advantages to which they are entitled by reason of their citizenship will be secured to them. There need be no fear that either the democratic party or its newly elected administration propose to oppress or enslave any part of our population, nor to destroy the business interests of the country. We hope, on the other hand, to do something to benefit the people. It seems to me that our efforts in that direction would be aided if mischievous croakings and dark imaginings should give place to an earnest endeavor to inspire confidence and to make universal a cheerful hope for the future."

ELEVEN OYSTERS WHICH FILLED A QUART MEASURE.—A number of gentlemen interested in oysters gathered at Swearer's restaurant, on Grant street, at 4 o'clock Monday afternoon, to witness the opening of twelve large oysters. It had been wagered that the oysters when opened would fill a quart measure. Opinion was divided, however, and some bets were made upon the result. Col. Swearer brought out a small table and placed it near the centre of the floor, and the oysters were brought out and laid upon it. They were enormous in size. It was suggested that they be weighed in the shell. They weighed twenty-five pounds—the largest of the lot two and a-half pounds. William Hubbard, an expert with the oyster knife, took his place at the table and laid open the first oyster. It was a beauty and as fat as butter. As each oyster came out of its shell plethoric with fat the experts in bivalves agreed that they were unusually fine. Eleven oysters filled the quart measure. Col. Swearer remarked that they beat any oysters he ever saw opened. Indeed, he doubted if eleven oysters were ever brought to this city which, when opened, would heap a quart measure like that. He recalled the fact that twelve oysters were brought here in 1859 from one of the celebrated rocks down the bay, which filled a quart cup. But the present lot were much finer. The oysters were picked out of a cargo brought here by Capt. G. W. Deal, of the schooner Ellen and Alice. They were caught in Severn river, which empties into Mobjack bay, in Matthews county, Va. They were natural growth oysters.—*Balt. Sun.*

DEATH OF BISHOP WILEY.—A cablegram from Foo Choo, China, announces the death there last Saturday of Bishop Isaac W. Wiley, of the M. E. Church of this country. He was making an episcopal tour of the missions in China and Japan, and his death was sudden and unexpected. He died at the residence of N. J. Plumb, a missionary at Foo-Choo, death resulting from a tumor in the stomach. Bishop Wiley was born in Lewistown, Pa., March 29, 1825. He filled this position with success. In 1872 he was elected bishop. He possessed a versatile mind, great industry and tenacity of purpose; was a lucid, forcible preacher, a ready debater, and a conservative church officer. His thorough knowledge of foreign Christian missions made him an authority on all questions growing out of their administration. Much of his episcopal life has been spent in China and Japan. His residence in this country was in Cincinnati. For 14 years Bishop Wiley had general supervision of the educational interests of the Methodist Episcopal Church in the South, and labored personally in that section. When ground was broken and the corner-stone laid for the Methodist University at Chattanooga, Tenn., last spring, Bishop Wiley officiated.

A NEW EASTERN SHORE RAILROAD.—The Baltimore *Sun* of Tuesday says :

It is reported that the Baltimore and Ohio Railroad Company contemplates the survey of a line down the Maryland and Delaware peninsula, with the ultimate purpose of building a line that will run almost wholly through the Eastern Shore counties of this State. It is stated that civil engineers who were engaged on the New York, Philadelphia and Norfolk Railroad will in a few days begin to run a line for this proposed extension. The Baltimore and Ohio has on several occasions announced the intention of building a road down the Eastern Shore as a feeder for the new line between Baltimore and Philadelphia.

MR. CRISFIELD'S INTERESTING EXPERIENCE.—"Hon. John W. Crisfield, the senior counsel for the State in the trial of John Murray," says the Centreville *Observer*, "was admitted to the bar in this county some fifty years ago, at the same term that Judge Carmichael was admitted. The grandfather of Mr. P. H. Feddeman, Jr., was on Mr. Crisfield's first jury, and, singularly enough, Mr. Feddeman was the foreman of the jury that Mr. Crisfield addressed here last week."

TEACHERS' ASSOCIATION.

Of 56 teachers 55 were present at the meeting of the association in Chestertown on Friday of last week. After the opening exercises, the literary committee reported the following questions which were adopted by the Association to be discussed at the next regular meeting :

1st. What are the highest motives that can be successfully used as incentives to study ?

2d. How may history be taught so as to lead children to investigate and enjoy the study ?

An amendment to the constitution to strike out the word "first" and insert "second" so as to have the first meeting of the scholastic year fall on the second Saturday of September, was adopted. A question brought over from the last meeting as unfinished business was called up. It read as follows :

How shall the intermediate and final examinations of the year be conducted ?

Discussed by Mr. Tonkin, Miss Gooding, Mr. Melvin, Miss M. A. Downes, Mr. Crosby, Miss Comegys, Miss Leaverton, Miss Spencer, the Examiner, Mr. Long, Prof. Smith and Prof. Day. After a few minutes' recess, Prof. Geo. L. Smith of the State Normal School, delivered an address on "The Study of Nature," giving some interesting experiments in physics and chemistry as illustrations.

In the afternoon, after the association was called to order Miss Mary J. Roberts read an entertaining essay on the "Reign of Law."

The first regular question, How can self-reliance be best cultivated in pupils? was discussed by Mr. Copper and Mr. Tonkin, who read well-prepared papers on the subject, and treated it in a comprehensive manner. Miss Nowland, Mr. Fallowfield, Miss Leaverton and the Examiner participated in the discussion.

Mr. Tonkin replied to the question, How can we best teach subtraction to the second grade pupils? [He said they would learn to do that as other things, by doing.]

The question, How can a teacher economize her strength without neglecting her duties? was replied to by the Examiner, Mr. Crosby and Miss Diggs.

Mr. Long gave the pronunciation of the name, Grube, the person being the author of a plan of teaching numbers to pupils of the primary grades.

On motion by Mr. Long, the question, By what means can we make our pupils better readers? was postponed until the next meeting.

After some remarks by the Examiner, Mr. Crosby and Mr. Long, and the announcement by the president that Miss Shaw would be the essayest, the Association adjourned.

A DINNER TO SENATOR GORMAN.—The preliminary arrangements have been made for a public dinner to be given to Senator Gorman by representatives of the business interests of Baltimore, as a mark of their appreciation of his services in the national campaign. A general committee of thirty gentlemen have the affair in charge. The dinner will take place on the evening of December 11, in the foyer of the Academy of Music, where the galleries will be thrown open to the ladies of subscribers. The subscriptions, at $20 each, are limited to 150, the dinner cards admitting two ladies or a lady and gentleman escort to the galleries. The dinner is fixed for 7 o'clock, and the galleries will open at 8.30, before the speaking is begun. The committee have engaged the Marine Band, and a special train will be at the service of invited guests from Washington. Invitations will be sent to President-elect Cleveland and Vice-President-elect Hendricks, and the former is expected and the latter will almost certainly come. Senator Bayard and a number of other leading democratic public men who are on the list of invited guests will doubtless accept. About 200 will be at the dinner, 150 subscribers and 50 by invitation.

DR. BURCHARD'S SERMON.—A gentleman from New York, who saw Rev. Dr. Burchard on Sunday last, says the poor old gentleman is in such a state of contrition and remorse as to provoke sympathy from even the most hard-hearted. He totters along with the weight of his more than threescore and ten years, imagining his "Rum, Romanism and Rebellion" alone is responsible for the defeat of Blaine, and that he can never be forgiven for it.

BALTIMORE MARKET.—The Baltimore papers of yesterday quote as follows :

WHEAT—Longberry 88c @$ 92; Fultz 83c. @84c. for fair to good. CORN—White, prime 43@46; yellow, 43@46. OATS—Maryland, 36.

AYER'S Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the VIGOR is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from Kirby, O., July 3, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *McArthur (Ohio) Enquirer*, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The VIGOR is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from Boston, Mass., Feb. 6, 1880: "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AYER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from 18 Elm St., Charlestown, Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the VIGOR, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most sceptical of its value.

AND FANCY ARTICLES.

We have in stock and are constantly receiving Fresh Drugs, which we secure from only reliable and first class wholesale dealers.

Our PRESCRIPTION DEPARTMENT cannot be surpassed in this county for reliability or promptness.

We also keep on hand the most reliable patent preparations.

In connection with our Drug business we propose this year to push our trade in Stationery, Books and Fancy Articles. Our large sales the past season encourage us in giving special attention in this direction.

We shall continue to give personal attention to every department of our business, and leave no effort untried to give perfect satisfaction to all who favor us with their patronage.

TO THE FARMERS

—OF—

Kent, Queen Anne's and Cecil Counties.

IT is universally acknowledged by the most practical farmers that the

OHIO CHILLED PLOW

—IS THE—

Best Plow in the World

for NEATNESS OF WORK and lightness of draft to the team. As I have ordered a large number of these plows, both two and three-horse, farmers will do well to give me an early call.

We also keep on hand, the old reliable Concave Nos. 9, 10 and 11. Polished Minor & Horton, Wiley Nos. 3 and 4, and Two-Furrowed Plows, Harrows, Twin, Single A, and Double A, Cultivators and Cultivator Teeth unsurpassed by any manufacture. Single, Double, 3 and 4 Horse-Trees and Hames.

As there have been a great many Chilled Plows sold in these counties, and as farmers have been put to a great deal of trouble to get Castings for them, if they will only give the name and number of the plow we will endeavor to keep them on hand at my shops in Galena and Chestertown. I always have on hand Plain and Slip Shares for the Ohio, Oliver, Roland, Advance and Syracuse.

If any of you are in need of anything in my line, please give me a call as I intend to sell *low* for the *cash.*

Thankful for past patronage, I solicit a continuance of the same.
