Kent News.

SATURDAY MORNING.....JULY 25, 1885.

A ROMANTIC incident associated with the visit of the Mexican editors was the marriage on Monday morning at Ocean City, Md., of Col. Vina and Miss Tilly Handy, sister of Mrs. Otto Sutro, of Baltimore. Col. Vina made the acquaintance of the young lady at New Orleans about a year ago. They formed a strong attachment for each other, which, in a few days, ripened into an engagement. The bride is a beautiful brunette and the youngest daughter of the late Chief Justice Handy, of Mississippi.

THE Mexican editors making a tour of this country were in Baltimore on Tuesday and Wednesday. They were the guests of the Journalists' Club on the former day—when addresses of welcome were made by Mayor Latrobe and Mr. Jno. T. Morris, of the *Sun*, president of the club—and on the latter the Merchants and Manufacturers' Association and the Baltimore & Ohio Railroad Company showed them the principal objects of interest in and around the city. They left for Washington on Wednesday evening.

VANDERBILT and the Pennsylvania Railroad managers have buried the hatchet. The New York Central and the Pennsylvania have about completed arrangements to crush out competition by gobbling the West Shore, the Beech Creek and the South Pennsylvania roads. It is said, too, that they mean to make war on the Baltimore & Ohio, and are preparing to serve notice upon the latter road that if it enters New York it must do so over its own tracks, as Vanderbilt's influence in Jersey Central and Reading is said to be paramount.

CONGRESSMAN W. D. HILL, the democratic Representative from the Defiance (Ohio) district, has published a letter in which he expresses himself in favor of the Ohio democrats coming out boldly in their platform in condeming both the civil service and "the bungling commission which is making such a burlesque of it." The Cincinnati *Enquirer* says: "There are a great many democrats and republicans in Ohio who think as vigorously as Mr. Hill does upon this subject."

AN OLD INSTITUTION REVIVED.—The Maryland Military Academy, at Oxford, Md., which was burned down before the war, and was once presided over by General Tilghman, has been re-established. Eastford Hall, a noble estate, lying right on the shore, with good bathing and drilling grounds and pure air and water, has been secured and will accommodate 200 cadets. An experienced faculty has been employed. many cadets are engaged, and a large school will open on September 16th. The U. S. Government will detail a West Point graduate for the post. The citizens are much elated by the revival of this honored institution. Oxford is entirely free from malaria, and its fine hotel is already a noted summer resort. This first-class military institute will draw a wealthy and cultivated patronage from distant States, and will furnish a splendid and convenient opportunity for the education of our young men. R. H. Rogers is secretary.

COLOR LINE BY THE SEA.

Race Prejudice at Asbury Park.

Asbury Park is the twin sister of Ocean Grove, the great Methodist camp-meeting seaside resort, and among the most attractive of all the seaside cities. Many persons from Kent county visit Ocean Grove and Asbury Park every season, and they will regret to learn of the bad feeling now breaking out between the two races. In the Baltimore *Morning Herald* of last Monday is the following reference to the troubles:

The sharpness with which a local paper here has undertaken to draw a color line on the beach promenade irritates every colored man stopping in the borough. Every drop of blood under a black skin smarts with indignation. The majority of the white people, including, as usual, a large number of Baltimoreans, although professedly astonished at a blunt notification in cold type to the colored folk that it would be wise to make themselves scarce, do not conceal the fact that they are pleased. There is no doubt that in its declaration of war on the blacks the *Journal* is sustained by strong public sentiment, which has only reached its present outspoken vehemence after much forbearance and long suffering. Matters have simply got to a pitch, it is urged, where the white people must sit quietly down and let colored men run the place, or else show them resistance that cannot be misunderstood.

John L. Coffin, editor of the *Journal*, said today: Perhaps people who have not been troubled with such a disagreeable monopolization of both private and public places by colored people as we have in Asbury Park will think our action harsh and unjustifiable. But something must be done, or we cannot induce visitors to come here. The matter has been talked over thoroughly by local property owners, and it was thought best to see what a little agitation would do before adopting more radical measures. The beach and promenade is private property, and there are more ways than one of keeping objectionable people away from it. If necessary it will be done by the use of admission tickets. We do not go into this from any race prejudice, but simply to rid ourselves of an intolerable nuisance and now that the issue is once made, we shall carry it through."

The colored folk do not read the rules, and consequently do not obey them. It is estimated that more than 2,000 colored persons live here during the summer. There are 200 hotels, the majority of them with colored waiters. It has always been the custom to allow them considerable social liberty. They have mingled freely with the throng of promenaders on the beach, listened to the music in the pavilion, disported in the surf, skated in the rinks, and rolled baby carriages in the avenues. The result has been that white guests have complained to hotelkeepers that the colored persons were overstepping all bounds, intruding themselves in places where common sense should teach them not to go, and monopolizing public privileges to the exclusion of the whites. White persons from the cities felt offended because as soon as the day's work was done colored women flocked by the hundreds to the beach, jostled for room on the plank-walk and said impudent things to persons who resented any effort at familiarity. By 9 o'clock every evening the colored waiters from the hotels would join them, and, by giving full play to the spirits natural to the race, drive white persons back to the cottages and hotels. One lady went home last week boiling with rage and told her husband that four colored women had rudely crowded her off a seat. When she demonstrated a woman said impudently:

"Oh, sho! 'Tis time fo' de white folks to scoobe aroun' when we gits kyar."

Colored excursion parties have taken a fancy to the place. The climax was reached a few days ago by a big colored picnic that came here from Newark, took possession of the place and strewed it with peanut shells. It is to the disgust created by their conduct that the present sharp talk is attributed.

The colored folk indignantly deny the charges of misconduct made against them. The most valiant defender of his race is the Rev. A. J. Chambers, pastor of Bethel Methodist Church. He went to the editor of the *Journal* this morning and told him that his charges were "uncalled for, unwarranted, unchristianlike and cruel."

Last night a detachment of the Salvation Army, containing a noisy dwarf and some young women with tambourines, were conducting one of their peculiar services to the intense amusement of a large crowd near the railroad station. One of the women said that "she couldn't sing, but she could holler;" and "holler" she did, like a drunken woman. Several colored men looked quietly on. During a moment's lull a white-haired old colored man raised his cane and said very impressively: "Now, will anybody in this crowd tell me whether Asbury park colored people would disgrace God or man in such a manner as this?" A few persons cheered him.

Gen. Grant on the War.

Gen. S. B. Buckner, the ex-Confederate soldier, who recently visited Gen. Grant at Mount McGregor, furnishes the New York *Times* the following, among other things written on his pad during their interview by Gen. Grant and handed to Gen. Buckner: "I have witnessed since my sickness just what I have wished to see ever since the war—harmony and good feeling between the sections. I have always contended that if there had been nobody left but the soldiers we should have had peace in a year. —— and —— are the only two that I know of who do not seem to be satisfied on the Southern side. We have some on ours who failed to accomplish as much as they wished, or who did not get warmed up to the fight until it was all over, who are not had quite full satisfaction. The great majority, too, of those who did not go into the fight have long since grown tired of the long controversy. We may now well look forward to a perpetual peace at home and a national strength that will screen us against any foreign implication. I believe myself that the war was worth all it cost us, fearful as that was. Since I was over I have visited every State in Europe as a tourist in the East. I know as I did not before the value of our institutions."

NOTICE

To Parents, Guardians and Others.

BALTIMORE FEMALE COLLEGE.

NOTICE IS HEREBY GIVEN, that the Orphans' Court of Kent county will, on

TUESDAY, July 28, 1885,

proceed to designate or elect one pupil from Kent county, to be sent to the Baltimore Female College, under the law passed by the Legislature of Maryland, and who will be "admitted to all the instructions given in the College, and to the privileges of the Normal Class, with all necessary books, without any charge whatever," except for board.

Parents and others disposed to avail themselves of this notice are requested to make written application, stating the name and age of the young lady applying.

Written testimonials of moral character and intellectual capacity will be required.

The court will also expect some guarantee that the pupil will remain at the institution sufficiently long to complete the usual course of study.

All applications to be filed with Register of Wills on or before Tuesday, the 21st of July.

By order of the Orphans' Court.

JOEL C. SLAUGHTER,

Register of Wills for Kent county.

HIGH GRADE BONE FERTILIZERS.

We take pleasure in again calling the attention of farmers to our High Grade Fertilizers. It being eight years ago this spring since they were first offered to consumers under their present form; and from that time until now there has been an increasing demand for them, which is a far better testimonial to us than any letters of praise could be, although we do not want for these latter, as we are in receipt of many. It has been our aim to put up the best fertilizers we know how, and the results in the field clearly show that we have hit the mark right in the bull's eye, and we believe if consumers will take our target (American Brand, bull's head) they will strike a good result every time—the bull's eye, if their aim is good.

THEIR CHARACTER.

The main characteristic of our fertilizers is that they are prepared with particular reference to the *crop*, and not to a chemical analysis; the latter does very well in its place, and we believe in chemistry thoroughly, but consumers are too often deceived with the idea that a chemical analysis is the main thing, and if they get a good analysis and high commercial valuation as figured out with arbitrary prices by the chemist, they must have a fine fertilizer. Now it may happen that a fertilizer, with a commercial valuation of $25 00 per ton, will give a better result on the crop than one with a valuation of $40 00 as based on a chemical analysis. And why should this be? Only because the material used in the one valued at $25 00 was better adapted to the crop than the other.

THEY ARE UNIFORM.

The goods we manufacture are uniform in composition, and are only varied in proportions, year after year, as we believe it to an advantage to be the crop. We have such large supplies of Bone, Blood, etc., from the slaughter establishments of New York, that our fertilizers are largely composed of these, and there is not that inducement for us to use cheaper material, that there might be, if we did not have this material.

BONE FERTILIZERS.

Our products are of a *bone base*, because we believe that is the most satisfactory source of phosphoric acid, and the large amount of animal matter our fertilizers contain makes them especially valuable in what may be considered the off or poor seasons. Some years it is noticed that almost any fertilizer will give fairly good results, but we find the most favorable comparisons for our products are in the poor years.

Dissolved Animal Bones, Americus Ammoniated Bone Superphosphate, Royal Bone Phosphate, Kainit, Acid Phosphate and all Agricultural Chemicals.

W. H. McFEELY,

General Agent for Kent Co., Chestertown, Md.

July 11, 1885.

Road Examiners' NOTICE.

THE undersigned by virtue of a commission issued to them by the Hon. County Commissioners of Kent county, upon petition of sundry citizens of the Fifth Election District of said county, heretofore published, for a

NEW PUBLIC ROAD

IN SAID DISTRICT,

to begin at the division line between the lands of L. R. Shewell and Abel J. Rees, Esqs., on the public road, and to run with the north side of the land of said Rees known as "Humphrey's Point," on Swan Creek, for a distance of 160 yards, to said Creek; and to locate a

PUBLIC LANDING

on the east of dwelling house and private wharf of said Rees;—hereby give notice that they will, on

WEDNESDAY, the 29th of July prox.,

At 10 o'clock A. M.,

enter upon, view and determine whether the public convenience requires that said new road should be opened and landing condemned.

County Surveyor will attend without further notice.

THOMAS W. SKIRVEN,
WILLIAM W. STEPHENS.
GEO. W. HATCHERSON,

June 27—tm. Examiners.

AYER'S Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the VIGOR is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from *Kirby, O., July 3, 1882*: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *McArthur (Ohio) Enquirer*, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The VIGOR is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from *Boston, Mass., Feb. 6, 1880*: "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AYER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from 18 *Elm St., Charlestown, Mass., April 14, 1882*, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the VIGOR, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.
