Kent News.

SATURDAY MORNING.....SEPT. 12, 1885.

THE PHILADELPHIA DOG SHOW.—Sportsmen generally are calculating upon seeing in Philadelphia next month the largest dog show ever held in the United States. It will be one of the leading features of the State agricultural exhibition. The dates are October 6, 7, 8, 9. Entries are now being and will continue to be received at the rooms of the Philadelphia Kennel Club, Thirteenth and Market streets, until September 26, upon which date they will close. The prizes offered will exceed in value $3,000. Over four hundred dogs from various parts of the Union and Canada will be shown. Maryland will be especially well represented by Chesapeake bay hunters. Gold and silver medals, cash prizes and special awards are set down for dogs, bitches and puppies of every class. Among the most notable entries thus far made is that of Mr. Pierre Lorillard. His entire kennel, the most extensive in this country, has been entered. This will be the first time that Mr. Lorillard's dogs have ever been publicly exhibited.

GOOD BUSINESS OUTLOOK.—The opening of September is marked by a refreshing activity in Baltimore business circles, and in all departments there is a hopeful feeling over the prospect for a good trade. The resumption of the cotton mills at Woodberry is a gratifying indication that better times are at hand. One of the firm of Messrs. Wm. E. Hooper & Sons, two of whose Woodberry mills started up yesterday in full, said they are as yet feeling their way. They propose to manufacture for the present such lines of goods the stocks of which there is a demand. From the orders coming in, and the information sent by correspondents from all directions, there is an evident good feeling prevailing. He believes that by the opening of next year all the cotton mills of the country will be running on full time.—*Sun.*

THE packers say that the resting spell which the law has given to the oysters will prove beneficial, and that it would probably be best for the interests of the oyster to force the dredging season to even closer limits than at present. They expect to do a large business, and are making preparations accordingly. The oyster-packing industry is one of the prominent features of Baltimore a trade. Oysters are not only shipped from here to all parts of the United States, but also to Europe, where there is generally an excellent market for them. The cove or cooked oysters, hermetically sealed, have obtained a world-wide reputation. In the far West particularly they are sold in large quantities.—*Balt. Sun.*

NO HELP NEEDED.—The Charleston (S. C.) *News and Courier* makes the gratifying announcement that, despite the great damage done in and around that city by the recent cyclone, material aid is not needed there, whilst its offers, made from several sources, is highly appreciated. The *News and Courier* says the loss is so widely distributed that it will not bear with crushing force on any individual or group of individuals, and fortunately the damage has fallen heaviest on those who are best able to sustain it. Hundreds of thousands will be spent in repairing the wreck, and lucrative employment is opened for months to come to many persons who would perhaps otherwise have remained unemployed.

THE late Methodist Episcopal Conference in South Africa showed the following statistics: 336 chapels and 901 preaching places; 106 European and 301 native preachers; 403 day school teachers and 1,670 Sunday-school teachers; 1,336 local preachers and 1,032 class leaders; 3,942 English and 18,874 native members; 272 Sunday-schools with 18,180 scholars, with an average attendance at church of 100,141 persons.

THE will of Pauline Wilson, a spinister, entered in the surrogate's office, New York city, a few days ago, provides that she should be buried plainly, and that a dog and several birds — pets of hers when she lived—should be cremated and their ashes strewn over her grave.

AN elephant connected with a circus in Philadelphia broke loose Monday and created great excitement. He was finally secured after tossing into the air and severely injuring a young man named John Kimberline, of Altoona, Pa. The police decline to assist in the animal's recapture.

ROBERT E. CAHALL has purchased the Mulder farm, near Ruthsburg, Queen Anne's county, containing 244 acres, for $7,574.82.

THE difference between the human race and a horse race is disappearing. You can't beat on either nowadays.

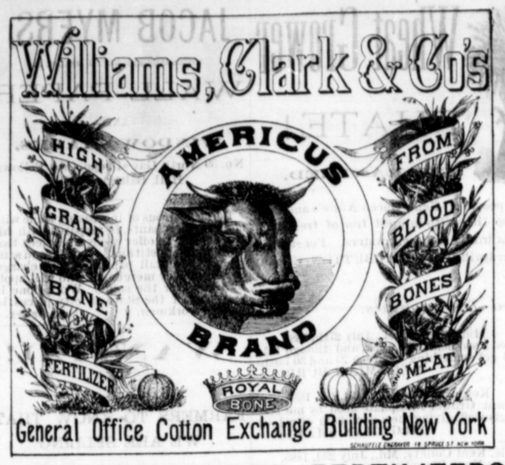
CALICOES, Muslins, Ginghams, Percales, Lawns, White Goods, Cottonades, &c., at low prices.
aug1. J. H. SIMPERS.



HIGH GRADE BONE FERTILIZERS.

We take pleasure in again calling the attention of farmers to our High Grade Fertilizers. It being eight years ago this spring since they were first offered to consumers under their present form; and from that time until now there has been an increasing demand for them, which is a far better testimonial to us than any letters of praise could be, although we do not want for these latter, as we are in receipt of many. It has been our aim to put up the best fertilizers we know how, and the results in the field clearly show that we have hit the mark right in the bull's eye, and we believe if consumers will take our target (American Brand, bull's head) they will strike a good result every time—the bull's eye, if their aim is good.

THEIR CHARACTER.

The main characteristic of our fertilizers is that they are prepared with particular reference to the *crop*, and not to a chemical analysis; the latter does very well in its place, and we believe in chemistry thoroughly, but consumers are too often deceived with the idea that a chemical analysis is the main thing, and if they get a good analysis and high commercial valuation as figured out with arbitrary prices by the chemist, they must have a fine fertilizer. Now it may happen that a fertilizer, with a commercial valuation of $25 00 per ton, will give a better result on the crop than one with a valuation of $40 00 as based on a chemical analysis. And why should this be? Only because the material used in the one valued at $25 00 was better adapted to the crop than the other.

THEY ARE UNIFORM.

The goods we manufacture are uniform in composition, and are only varied in proportions, year after year, as we believe it to be an advantage to the crop. We have such large supplies of Bone, Blood, etc., from the slaughter establishments of New York, that our fertilizers are largely composed of these, and there is not that inducement for us to use cheaper material, that there might be, if we did not have this material.

BONE FERTILIZERS.

Our products are of a *bone base*, because we believe that is the most satisfactory source of phosphoric acid, and the large amount of animal matter our fertilizers contain makes them especially valuable in what may be considered the off or poor seasons. Some years it is noticed that almost any fertilizer will give fairly good results, but we find themost favorable comparisons for our products are in the poor years.

DISSOLVED ANIMAL BONES,
Guaranteed to be entirely Pure Bone.
Americus Ammoniated Bone Superphosphate,
Royal Bone Phosphate, Acorn Brand Prepared Chemicals,
Pure Dis. Animal Bone, Pure Bone Meal,
Dis. Bone Black, Acid Phosphate,
Muriate of Potash, Dried Blood,
Bone Tankage, Kainit, &c.

Analysis of every Brand Guaranteed. Sold separately for Farmer to mix.

W. H. McFEELY, Chestertown, Md.
General Agent for Kent Co.

RELIABLE FERTILIZERS

FOR WHEAT AND GRASS.

Farmers, if you wish to obtain large yields of the above crops and get the worth of your money, use the best Fertilizer in the market—

"WHITELOCK'S VEGETATOR."

If you desire a lower price manure, an Ammoniated Phosphate, which is the cheapest and best for the money, purchase our

"Sunnyside Pure Bone and Dissolved Phosphate."

To those desiring a Dissolved Bone Phosphate, without Ammonia, the action of which is superior to most articles sold as Acid Phosphate or South Carolina Bone, we offer our

"SOLUBLE PHOSPHATE AND POTASH FERTILIZER."

The above brands are sold and delivered, 12 bags to the ton, and in fine and dry condition for drilling. **Extra moisture in a Fertilizer adds to the cost.**

Our Fertilizers have been thoroughly tested by Farmers in all sections, and have proven themselves very reliable as well as a paying investment. Try them by the side of any Fertilizer, and be convinced of their value. We refer you to your neighbors who have used them.

Correspondence solicited. All orders by mail will have prompt attention.
March 21, 1885.

AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including **Constipation, Indigestion, Dyspepsia, Headache, Dysentery,** and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes:

"AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers."
W. L. PAGE, of W. L. Page & Bro.
Franklin St., Richmond, Va., June 5, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable.
J. T. HAYES."
Mexia, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from *Atlanta, Ga.*, says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

☞ The Thursday afternoon trains will leave Chestertown and other stations ONE HOUR EARLIER than schedule time during Peach season.

Stations marked thus(*) have no agents. Freight for Bingham's and Nicholson's must be prepaid.

The morning trains make close connection at Clayton with trains on Delaware Railroad going North and South.

Passengers on morning train for Baltimore change cars at Wilmington.

Freight carried at low rates to all points and must be at Stations 30 minutes before starting time, in order to insure dispatch.

Excursion Tickets issued at reduced rates. FRED. GERKER,
LESSEE
