August 29, 1885—te*

Kent County Agricultural Association.

CLUB ROOM, Sept. 14, 1885.

Messrs. Editors:—The society held its regular meeting today with quite a goodly attendance. The secretary to executive committee reported that the arrangements for the Fair were nearly completed and everything would be in readiness in time for the Fair, which will begin next Tuesday, and hopes every member of the society, and citizens, of this and other counties, will be in readiness with exhibits.

Mr. E. P. Janvier, one of the prominent members of the society, has invented and had patented an attachment for drill tubes, by which the depth can be regulated very easily. He exhibited a tube with the attachment, which he used in sowing sixty acres of wheat last year, and reported it did excellent work and would not be without it for one hundred dollars if he could not get a similar one. Mr. J. did not invent the attachment simply to make money out of it, but to benefit his brother farmers. He stated the attachment could be procured for the sum of one dollar per tube. He is going to try to prevail on the well-known firm of Chapman & Lambert to take hold of it so Kent county farmers can be supplied.

The peach question was touched upon, in reference to shipping and selling, and the buyers at Worton Station were mentioned. One member said they paid cash on delivery for all peaches, and finally the following resolution was adopted:

RESOLVED, By the Kent Co. Agricultural Society, That the peach trade on the Kent county railroad, as conducted this peach season, is a most favorable outlook for the future of peach growing in this section, and inasmuch as by judicious action said trade is capable of indefinite expansion it should be encouraged in every way possible by all peach growers.

Three new members were taken into the society today.

There will be a meeting next Monday at two o'clock. It is hoped every member will be present. X.

Letter from Kennedyville.

Editors Kent News:—The Methodist Protestant and Presbyterian churches of this place united on the 10th inst. in a Sunday School and Church picnic. Mrs Raymond kindly loaned us the use of her park on that day and has the thanks of the members of both congregations. Two large tables were spread for dinner and all present partook of its contents. It was a feast of good things. In the afternoon a large crowd gathered, made up chiefly of the children, officers and teachers from both Sabbath Schools, and were helped bountifully to ice cream, cake, &c. Numerous innocent plays were indulged in and all left the grounds in the early evening feeling that it was good to be there.

A union prayer meeting was also established last Sunday night week and will be held alternately at both churches. Last Sabbath night we had a refreshing shower from on high and by continued united christian efforts we are expecting God to pour down upon us more abundantly a fuller manifestation of his love. J. W. N.

Teachers' Association.

The teachers of Kent county assembled in the school room in Chestertown, Sept. 15, in their first quarterly session. There are 59 teachers in this county, and 47 of them were present. The session began at 10 A. M. and closed at 1½ P. M. in order that the teachers, who had a long distance to ride, might get home at a seasonable hour. A few have a drive of 21 miles o'attend the association.

After a few remarks by the president, congratulating the teachers on the good health that prevailed among them and charging them, by care, to preserve that good health, the first regular question was called up for discussion.

1. By what means can our work as teachers be made pleasanter and more successful during the present scholastic year than it ever has been in the past?

This question was discussed quite freely and the feeling of the teachers was that they intended to make the present scholastic year more successful than the past. There were numerous opinions as to the means to be employed, no disagreement among them, but all who discussed the question agreed that thoroughness in teachers, co-operation of teachers and parents, oral teaching, love for the work both on teacher and children's part. We should reflect on the past and consider in what particular we have been unsuccessful. School journals and books of instruction should be read, and plans and methods adopted. The examiner read from Baldwin's "Art of School Management" in reference to the question, and highly recommended the book to the teachers.

After a recess of five minutes, roll was called, and then the teachers listened to an interesting address from Mr. Milton Melvin on "Schoolroom Instruction and Industrial Qualifications."

The Literary Committee reported the following questions, which were adopted to be discussed at the next regular meeting:

1st.—Should more time be devoted to the study of arithmetic in our schools than to any other one branch, and if so, why?

2d.—How would you teach the use of the Diacritical marks? And to what grades?

Mr. Milton Melvin made a motion which was adopted, that the School Board be requested to furnish the teacher of each school with a set of readers for the exclusive use of the teacher, and to be the property of the school.

Miss I. M. Comegys moved that the School Board be thanked for making a change of readers, which was adopted.

The second regular question was called up: "What are some of the advantages of having judicious criticism during the recitation?" and after being discussed by quite a number, the association adjourned.—*Transcript.*

THE INTERNATIONAL YACHT RACE.—Probably no former event in the history of yacht racing has attracted so much attention as the trial for the championship between British and American yachts in the vicinity of New York. The race was for the possession of the prize cup won by the yacht America, in a contest with a fleet of British yachts off Cowes, England in 1851. In the first race sailed on Monday between the American yacht, Puritan, and the English yacht, Genesta, the Puritan won by sixteen minutes. On Wednesday the American yacht beat the English cutter over the forty-mile course, 2 minutes 9 seconds. The Puritan having won two races out of the three proposed, the America's cup will stay in this country.

THE traveller, visiting Baltimore, makes a grand mistake if he does not stop at the "Maltby House," located in the business centre, of the city, convenient to railroad depots and steamboat wharves, and is conducted on both the American and European plans.

IN LINE THIS TIME.—In answer to a correspondent, the New York *Sun* states that it expects to support for Governor the nominee of the democratic State convention, "whoever he may be," and it takes pleasure in saying that, in its opinion, "the prospect of carrying the State for the democracy is very good indeed."

"MY LORD'S GIFT," a famous estate in Queen Anne's county containing 664 acres, was recently sold to Col. Wm. McKenney for $40 per acre.

BALTIMORE MARKET.—The Baltimore papers of yesterday quote as follows: WHEAT—Longberry $95@$97.; Fultz, $.90 @92 for fair to good. CORN—White, prime, 54@55; yellow, 52@53. OATS—32.

PAY YOUR TAXES!

AS COLLECTOR of the Fourth Election District I have my tax books in hand, and bills made out against each individual tax-payer, I am prepared to receive taxes for the year.

To accommodate tax-payers I will be at the Register's office in Chestertown every SATURDAY and TUESDAY afternoon.

Prompt payments are requested, so that I may not be embarrassed and saved the unpleasant necessity of forcing collections.

GEORGE S. BIDDLE,
aug22-tf. Collector 4th District.

A Word to the Wise About Taxes!

THE MAN—or woman either—who pays his taxes most promptly, is the most happy. He has relieved himself of a burden that increases in weight the longer it is borne; costs and interest are added and the tax-payer feels justified in blaming everybody and everything for the results of *his own negligence*. Therefore, be wise and happy—PAY YOUR TAXES at once—out of your Wheat or Peach money and don't wait for corn or uncertain collections.

To accommodate payers I will be in Chestertown every Tuesday and Worton Station every Saturday afternoon.

I have my books now in hand and your bills are ready. Resp'y,
aug22-tf. JAS. S. GEMMILL.

FIFTH DISTRICT, ATTENTION!

'Come, let us Reason Together!'

AS citizens we desire to have good roads—we wish to attract visitors and strangers; as good and charitable people we want to make the poor comfortable: to secure peace and order it is needful to have efficient officers. Your boys and girls must be educated. All these things need money—it is indispensable. The Tax Books are now ready, and to facilitate the payment of your taxes I will be at

ROCK HALL at 10 A. M., GREY'S INN 12 M., and EDESVILLE at 3 P. M..

First and Third Wednesdays in each month.

At LANKFORD and KILBURN the 2d and 4th Monday in each month

I shall be pleased to meet all my friends with their pockets full of current coin of the County, State and Nation as above appointed.

JAMES THOS. LAMB, Coll'r

RODGERS' RED SEED WHEAT!

We cannot better describe it than by quoting from Maule's Catalogue for 1885:

"A new Wheat from Erie Co., Pa., which last year proved one of the most popular varieties on our entire list, and it promises this year to even surpass last year's sales. It is smooth with white chaff and unusually prolific. Straw is blue before ripening, but becomes yellow before time of harvesting. Heads large and grows 3 to 4 grains across in a row. It stools out finely and stands the winter well. Sown largely the last season by a number of growers. We have yet to hear of a yield reported of less than 30 bu. per acre."

Orders for 10 bushels or less, $1.50; larger orders, $1.25 per bushel.

Grown and for sale by
WM. E. JARRELL,
Chesterville, Md.

I sowed Rodgers' Red Wheat last year and had a fine yield. Will sow it all this fall, as I believe it will grow from 3 to 5 bushels per acre more than Red or Faltz.

AYER'S

Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.

HORACE FAIRBROTHER."
Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,

MRS. EMMA GEDNEY."
159 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried. A. J. CRANE."
Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN."
Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRAGDON."
Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will *always cure* when the disease is not already beyond the control of medicine.
