Worton Station Items.

The following items are condensed from the letter of our correspondent "Observer:"

The telephone receipts at this point in half a month will amount to nearly a fourth as much as the total original cost of the concern.

A great many peaches were skipped from this station. One grower shipped 6,000 baskets.

There seems to be almost an epidemic of the typhoid in this section. In one family alone seven cases have occurred. Our much respected friend, Mary J. Parsons, died with it; we deeply sympathize with her only daughter.

A Prophecy.— In another column will be found a new advertisement of Goslee the Shoe Man, who predicts cooler weather and urges all in need of Footwear to call at once and make selection from his large stock.

Is no large city on this continent can living be had so cheaply as in Baltimore. The terms of the "Maltby House" fully illustrate that fact.

Sound Doctrine.

Mr. Samuel P. Thompson, who presided over the Baltimore Democratic Mayoralty convention last week, in returning thanks for the honor conferred, among other things said:

"I cannot but believe that the old democratic party, whose name and whose principles are co-existent with the republic—a party that during twenty-four years of struggles and defeats has the principles that maintain its national organization and that has placed a representative democrat as the Chief Executive of this nation, a democrat who has earned and commanded the esteem and confidence of every true and conservative citizen of the entire country—has principle enough to reform the municipal government of our Monumental City within itself, and without republican dictation or assistance."

Mr. Jos. S. Heuisler, in seconding the nomination of Mr. Hodges, who received the unanimous vote of the convention, spoke to the same effect. He said:

"The democratic party with all its shortcomings is vastly to be preferred to any coalition with the republican party, a bargain and a sale. * * What are these reformers after? The loaves and fishes; to destroy as disinterested and patriotic a democrat as ever lived, Arthur P. Gorman; to replace him in the United States Senate, not by a democrat, but by a republican. This is the *modest* request of these reformers. They want ten members of the Legislature, one in the Senate and nine in the House, and all the delegates in the third legislative district, thinking, indeed, that they can carry that district. They are playing for high stakes, for the Governor, the State treasurer, the police board, and they are playing the game for all it is worth."

N. T. Wilds, cashier of the Fruit Growers' National Bank, of Smyrna, and Sallie C. Hill, daughter of Colonel Robert Hill, were married in St. Peter's Episcopal Church of that town, at noon on Wednesday, the Rev. W. B. Gordon performing the ceremony. The church was crowded. A reception and a wedding breakfast followed at the house of the bride's parents. The couple left on the evening train for Philadelphia, Chicago and Niagara Falls, expecting to return in two weeks and begin housekeeping at once.

Mercantile Agency Decision.— In the New Jersey Supreme Court, in the case of Emma Patterson against the mercantile agency of R. G. Dun & Co., for libel, Judge Scudder decided that the plaintiff should be required to furnish a bill of particulars stating the names of the parties to whom the alleged libel was communicated. This decision is interesting to the business community, as the agency's reports are given only and confidentially to subscribers, who, by the express terms of their agreement, may become liable for the consequences of communicating the information to the parties reported.

In the circuit court for Caroline county, Charles Higgins, barkeeper on the steamer *Ida*, was fined $200 in each of three cases of violations of the local option law. Jerry Johnson, former barkeeper on the same boat, was also fined $200 and costs for the same offense.

Senator Gorman's Views.

WHAT HE HAS TO SAY OF THE DEMOCRATIC PARTY IN MARYLAND.

Senator Arthur P. Gorman was at the democratic State headquarters in Baltimore a few days ago and in some general remarks said: "The democratic party in the State was never in better condition than it is today. No divisions exist in the ranks except in a single county—Anne Arundel. No intelligent observer in that county questions for a moment but that we will have four democrats to represent that county in the Legislature. The local differences in Baltimore city have had the effect to stir up every active democrat in the State, and it is the universal sentiment that the attempt to jeopardize and divide the party in Baltimore city only serves to unite the party in the counties of the State. They will never permit the ambitions and jealousies of a few men to transfer this State into the hands of the republican party. This campaign is being conducted differently from any other in that the meetings are to be held to suit each county. But it is proposed to make it an active and aggressive campaign." Mr. Gorman said he noticed that he has been charged with having looked very closely after the nominations. In this connection he remarked: "I observe as usual the republican press use that as a daily text. The truth is that I have never given less attention to the details of the campaign than I have this year. I have, however, not been insensible—indeed, have been much gratified at the fact—that nearly every county in the State has passed resolutions or nominated gentlemen who are friendly to me. The republican charge that these nominations have been made against the will of the people is an insult to the intelligent people of the entire State. My activity in promoting the democratic cause naturally excites the hostility of all who are opposed to the national administration. I consider it a mark of distinguished honor to be denounced by them."

Before going elsewhere to reform public affairs, Senator Logan should investigate the State of Illinois. Senator Ruger, whose refusal to vote for the Illinois leader made the senatorial contest so lengthy, recently said again that he was approached during the dead-lock and offered $35,000 for his vote at one time and at another was offered $10,000 to absent himself from the final ballot. Whether this accusation is true or false, it at least comes under the head of corruption, and that is the evil against which Senator Logan is now so bitterly arraigned. But perhaps it makes a difference to Black Jack who profits by the corruption.—*Phila. Times*

The investigation of the case of the loss of Alex. McLaughlin off the scrape boat D. A. Nearing on the Choptank river, was concluded at Oxford last Saturday, and Captain John R. Taylor, the master of the vessel, was committed to jail in Easton to await the grand jury. Capt. Taylor is rather a fine-looking man, twenty-four years old, and unmarried.

Baltimore Market.—The Baltimore papers of yesterday quote as follows:
Wheat—Longberry $1 03@$1 05; Fultz, 98c, @$1 01 for fair to good. Corn—White, prime, 50@51; yellow, 51@52. Oats—33.

A HEAVY RAIN!

COOLER WEATHER EXPECTED!

There is no better time to think of one's Shoes than after a rain. Whatever impression you have this is addressed to one who thinks the SHOE STORE can't possibly be the best place to go for Shoes. Will you look at a pair? We can show you the largest selection of shoes and give you what you want and not force something on you that you do not want.

Our Hand-Made Shoes!

are the shoes for ladies who have tender feet—better for comfort and economy but not for your shoemaker. We take that back, we firmly believe what is best for you is best for us in the long run.

Our Mat and Dongola Kid Shoes are becoming very popular. Have you seen our Ladies and Misses' "SCALCHIE?" It is a Button Gaiter to wear over the shoe, made of water-proof cloth and rubber, buttoning up high—the thing for mud. The first opportunity you have call and look at them. Our Ladies and Misses' Heavy Shoes are selling very rapidly and giving entire satisfaction.

We would call your attention to our

Line of Men's Boots!

Having purchased a large stock this season we can give you a better selection and save you money by buying of us. Our space will not allow us to give price, but will say we can sell you a fine boot for $1 75, a better one for $2, &c. Our Double-Upper Calf Boot takes the lead for those who do not want a heavy boot. Our stock of Men's Fine Shoes is complete.

We challenge the world to produce

A SHOE FOR $3

to equal ours for durability, style and comfort. Our Waulkenphasts which we have made are superior to all Eastern makes, will give you more wear, comfort and satisfaction and will not cost you as much money as others will charge you for those made by Eastern factories. Look at our Men's $4 Calf Shoes, they are beauties of the latest style.

HIGH GRADE BONE FERTILIZERS.

We take pleasure in again calling the attention of farmers to our High Grade Fertilizers. It being eight years ago this spring since they were first offered to consumers under their present form; and from that time until now there has been an increasing demand for them, which is a far better testimonial to us than any letters of praise could be, although we do not want for these latter, as we are in receipt of many. It has been our aim to put up the best fertilizers we know how, and the results in the field clearly show that we have hit the mark right in the bull's eye, and we believe if consumers will take our target (American Brand, bull's head) they will trike a good result every time—the bull's eye, if their aim is good.

THEIR CHARACTER.

The main characteristic of our fertilizers is that they are prepared with particular reference to the *crop*, and not to a chemical analysis; the latter does very well in its place, and we believe in chemistry thoroughly, but consumers are too often deceived with the idea that a chemical analysis is the main thing, and if they get a good analysis and high commericial valuation as figured out with arbitrary prices by the chemist, they must have a fine fertilizer. Now it may happen that a fertilizer, with a commercial valuation of $25 00 per ton, will give a better result on the crop than one with a valuation of $40 00 as based on a chemical analysis. And why should this be? Only because the material used in the one valued at $25 00 was better adapted to the crop than the other.

THEY ARE UNIFORM.

The goods we manufacture are uniform in composition, and are only varied in proportions, year after year, as we believe it to be an advantage to the crop. We have such large supplies of Bone, Blood, etc., from the slaughter establishments of New York, that our fertilizers are largely composed of these, and there is not that inducement for us to use cheaper material, that there might be, if we did not have this material.

BONE FERTILIZERS.

Our products are of a *bone base*, because we believe that is the most satisfactory source of phosphoric acid, and the large amount of animal matter our fertilizers contain makes them especially valuable in what may be considered the off or poor seasons. Some years it is noticed that almost any fertilizer will give fairly good results, but we find themost favorable comparisons for our products are in the poor years.

A Word to the Wise About Taxes!

THE MAN—or woman either—who pays his taxes most promptly, is the most happy. He has relieved himself of a burden that increases in weight the longer it is borne; costs and interest are added and the tax-payer feels justified in blaming everybody and everything for the results of *his own negligence.* Therefore, be wise and happy—PAY YOUR TAXES at once—out of your Wheat or Peach money and don't wait for corn or uncertain collections.

To accommodate payers I will be in Chestertown every Tuesday and Worton Station every Saturday afternoon.

I have my books now in hand and your bill are ready. Resp'y,

Prompt payments are requested, so that I may not be embarrassed and saved the unpleasant necessity of forcing collections.
