Kent News.

SATURDAY MORNING.....Nov. 14, 1885.

Duty.

"What shall I do to be forever known?"
Thy duty ever.
This did full many who yet sleep unknown,
Oh, never, never!
Think'st thou perchance they remain unknown
Whom thou know'st not?
By angel triumphs in heaven their praise is blown
Divine their lot.
"What shall I do to gain eternal life?"
Discharge aright
The simple dues with which each day is rife,
Yea, with thy might.
Ere perfect scheme of action thou devise
Will life be fled;
While he who ever acts as conscience cries
Shall live, though dead.—*Schiller.*

The Rage for Cheap Fertilizers.

At the present time the most serious drawback (to both manufacturers and consumer) is to be found in the foolish rage for low-price fertilizers. Ground limestone at $8 per ton, the refuse of salt works at $12 per ton and dear at fifty cents, raw South Carolina rock (not acidiuated) at $8 to $10 per ton (and in large amounts positively injurious to land and crop.) New Jersey marl at $10 per ton, with not enough soluble potash to pay the freight, and marl and common lime mixed and sold under misleading names, all find by far too many purchasers, who appear to mistake bulk for quality and with whom low prices is synonymous with cheapness. The same farmer, when starting out to purchase a horse, would not look for the lowest-priced one which he could find, but would take the animal which he considered the cheapest for the price asked. Let us apply the same rule to the purchase of fertilizers and it will not lead us astray. We want a given result for the lowest possible outlay, and (provided we get the result needed) the smaller the bulk handled the better, for we may thus save both freight and labor.

Other things being equal, we find that there is most fraud in the lower priced, and least in the higher priced fertilizers, which, in most cases, the manufacturers keep up to the former standard. Many of our manufacturers having established the reputation of their standard brands will not reduce them to suit the demand for lower priced articles, but still keep them up to the same guaranteed analysis. In some cases we might name, and in more than are suspected, a lower grade has been made by mixing cheap "fillers" with the standard goods to reduce the price per ton to a point which will satisfy the market demand, but our analysis prove that in many cases the purchaser pays dearly for the reduction, and that the profits of the manufacturer are as great per ton on the lower-priced goods. We might instance a case of a high-priced fertilizer placed on the market at a price, which, at the time, made it the cheapest source of phosphoric acid offered. Failing to make any sale, the manufacturer mixed two tons of a cheap "filler" with each ton of the fertilizer, and, by offering the mixture for one-half the original price, obtained $180 for what he had previously asked $120 for, and had nothing of value in it.

It is safest to buy only of reliable parties, upon the guarantee that the goods are as represented, and buy good goods only.—*State Board of Agriculture.*

Measuring the Height of Trees.

A writer in the *Garden* reproduces an old but convenient method of ascertaining the height of a tree as follows:

Suppose I want to find the height of a tree which throws a shadow of twenty feet. In the first place, I should cut a stick, say three feet long, stick it up opposite the required tree, and measure the shadow of it. We will suppose the stick throws a shadow of two feet; now all I have to do is just to make a simple proportion example of it:

Shadow of stick	Shadow of tree	Height of stick
2 feet	20 feet	30 feet

3
2)60
30

The height of the tree throwing a shadow of twenty feet would be thirty feet because as two feet is to three feet, so is twenty feet to thirty feet. By this method you can measure any tree that the sun shines upon, provided there is nothing to hinder measuring its shadow.

How to Cook Sausage.

Sausage is a popular article of diet during the fall and winter months, and is an enjoyable article if well cooked. One of the disagreeable features about it is the ordinary mode of cooking, which is to fry them. The spattering fat covers the range and the ascending smoke fills the house with a disagreeable odor. This may be avoided by simply putting the sausage in a baking pan and cooking them in the oven. In this way all disagreeable smoke and odor are avoided. This is given on the authority of an experienced caterer, who says that a pound of sausage will cook brown in ten minutes. He also says that a good way to cook sausages is to split them in two lengthwise, place them between a double wire broiler and broil on the flat side first, then turn and broil on the other; arrange sausage upon it and serve.

A Good Witness.

Judge—"Do you understand what you are got to swear to?"

Witness—"Yes, sah, I'm to swar to tell de truf."

Judge—"And what will happen if you do not tell it?"

Witness—"I 'spects our side'll win de case."

"Wouldn't he go along with you?" asked a judge a day or two ago of a policeman accused of unmercifully clubbing a prisoner. "Oh, yes, he went along all right," replied the policeman. "Then why did you club him?" asked the judge. "And sure, your Honor, what did I have the club for?"

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. Archer, M.D., 111 So. Oxford St., Brooklyn, N. Y.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhœa, Eructation, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

The Centaur Company, 182 Fulton Street, N. Y.

Partnership Notice.

A NEW FERTILIZER MANUFACTORY.

The undersigned have formed a partnership for the manufacturing of a Standard PHOSPHATE in Chestertown and will use the factory formerly occupied by Connelly & DeFord near the depot in Chestertown. We hope by making a First Class Goods, to obtain a liberal share of the patronage from the farmers of Kent county. We intend to make nothing but Standard Goods.

Very respectfully,
JOHN W. HINES,
WM. H. CACY.

A HEAVY RAIN!

COOLER WEATHER EXPECTED!

There is no better time to think of one's Shoes than after a rain. Whatever impression you have this is addressed to one who thinks the SHOE STORE can't possibly be the best place to go for Shoes. Will you look at a pair? We can show you the largest selection of shoes and give you what you want and not force something on you that you do not want.

Our Hand-Made Shoes!

are the shoes for ladies who have tender feet—better for comfort and economy but not for your shoemaker. We take that back, we firmly believe what is best for you is best for us in the long run.

Our Mat and Dongola Kid Shoes are becoming very popular. Have you seen our Ladies and Misses' "SCALCHIE?" It is a Button Gaiter to wear over the shoe, made of water-proof cloth and rubber, buttoning up high—the thing for mud. The first opportunity you have call and look at them. Our Ladies and Misses' Heavy Shoes are selling very rapidly and giving entire satisfaction.

We would call your attention to our

Line of Men's Boots!

Having purchased a large stock this season we can give you a better selection and save you money by buying of us. Our space will not allow us to give price, but will say we can sell you a fine boot for $1.75, a better one for $2, &c. Our Double-Upper Calf Boot takes the lead for those who do not want a heavy boot. Our stock of Men's Fine Shoes is complete.

We challenge the world to produce

A SHOE FOR $3

to equal ours for durability, style and comfort. Our Waulkenphasts which we have made are superior to all Eastern makes, will give you more wear, comfort and satisfaction and will not cost you as much money as others will charge you for those made by Eastern factories. Look at our Men's $4 Calf Shoes, they are beauties of the latest style.

RUBBERS, RUBBERS, RUBBERS,
of all descriptions for Men, Boys, Ladies and Children.
Don't forget the place.

M. T. GOSLEE,

the Shoe Man, next door to Chestertown National Bank, Chestertown, Md. o17.

1885. Fall and Winter 1886

WASHINGTON HUDGINS,
P. S.—Our Gem Ice Cream Parlors are now open. m30.

"Local Option in Kent!"
—BUT—
WE WANT
The Citizens of Kent and Queen Anne's to know that
BENJ. STRAUSS,
formerly of Chestertown is located in the
Wholesale and Retail Liquor Business
At No. 1 Camden Street,
adj. Crew & Jerome, that he has *no connection with any other liquor house in the city of Baltimore.* He has the agency for two large Pennsylvania distilleries and can sell at distillery price.
He will be pleased to hear from his old patrons and especially from the farmers.
He makes a specialty of David Faust Copper Distilled Rye Whiskey, which he sells for $2 per gallon.
MR. WILLIAM A. BURK is our Agent for Kent and Queen Anne's counties. oc17.

M. A. TOULSON,
