SATURDAY MORNING.....April 17, 1886.

A SOCIETY MAN IN WASHINGTON.

A correspondent who seems to know whereof he writes, gets off the following: "It doesn't require much capital to be an ordinary society man in Washington city. The furnisher's and tailor's outfits afford the greatest hardships. I have seen scores of young men who make twelve to eighteen hundred dollars a year, who can show nothing but a dress suit and some linen, a variety of walking-sticks, and a few pairs of pointed shoes as the result of years of toil. I have seen, too, able-bodied young men, with soft, dreamy eyes, and a soft, empty head, who have the same outfits, and who share the income made by their mother or sister in a department—an income far below that named for the society man who works instead of his mother or sister. So there is little difference in them. There are hundreds of society dudes here who go everywhere—where there is no expense attached—and look like sons of noblemen, who do not earn fifty dollars in a year, but who live off the income of a relative and make a display on ten or twenty dollars a month. This is "pin money" but it is all they have. In Washington society one does not know by appearance or by words, the sons of millionaires and the sons of the indigent apart. They all look, talk and act alike."

Profits in Wheat Raising.

A correspondent of the Easton *Ledger* writes as follows concerning the profits of wheat raising: "At the present prices of wheat a Carroll county farmer shows a net balance to the landowner of $2.15 per acre on land producing twenty bushels per acre. As twenty bushels per acre is about an average yield on fair land in Carroll and Talbot counties, let us see how the account gets out, paying half rent:

	Dr.	Cr.
Plowing and preparing	$3.10	
Drilling $.50; half-seed $.75	1.25	
Half phosphate	2.50	
Harvesting	1.50	
Threshing	2.75	
Freight to Balto. and com.	1.50	
	Cr.	$12.60
10 Bushels @ $.90		9.00
Net loss per acre		$3.60

As the straw is fed away on the farm it cannot be credited as receipts to the tenant; therefore, if "W. M. P." or any landlord who charges his tenant half wheat rent will tell us what becomes of the poor tenant in this life, I may give him a hint of what becomes of the landlord hereafter."

A Mausoleum for Bishop Simpson.

The mausoleum which is being erected at West Laurel Hill, Philadelphia, to hold the remains of the late Bishop Simpson is approaching completion. It occupies the centre of a circular plot of ground in the newly opened section of the cemetery, and is built in the form of a small Gothic chapel, cruciform in shape and about 22 feet long, 18 feet wide and 25 feet high. The entire structure is built of dressed granite from the quarries at Groton, Conn. The columns supporting the arched entrance are of highly polished Quincy granite, contrasting sharply with the lighter color of the rest of the structure. In the centre of the tiled marble floor is to be placed a sarcophagus of pure white Italian marble, in which will be placed the remains of the late bishop. The construction of the wings is such that in each may be placed four bodies. The mausoleum is to receive light from several windows of cathedral stained glass, and the entrance is closed by massive double doors of polished bronze fretwork. Work on the structure will be completed in about four weeks.

How Advertising Pays.

Detroit Free Press.

A woman about 40 years old, having a peculiar glint in her eye and a fighting jaw, came into the count-room of the *Free Press* yesterday and brusquely said: "I want to stop an advertisement." "Yes'm; which one is it?" "It's on the sixth page and reads that fifty good-looking girls are wanted to canvass for orders for a fast-selling article." "Yes'm; got all the girls you wanted?" "Oh, it was my husband who put it in, and he got more'n he wanted, I guess. I went into his office yesterday afternoon and found sixteen of them there at once, and when I got through with the crowd there was just a barrel of hair-pins, hats, paper cuffs and paper rags. If you ever want any testimony as to how advertising pays just call on me for a certificate."

A Natural Attraction.

He: "It was natural, you know, that I should be attracted to you."

She: "Indeed! Why?"

He: "Well, you know, your brother studied law in the same office with me, and we were admitted to the bar together."

She: "But what had that to do with me?"

He: "Why, don't you see, I looked upon him as a brother-in-law?"

She (blushing): "Oh! I see."

He: "Yes, a brother in law *de jure*, as it were. Now I propose that he shall be a brother-in-law *de facto* as well."

Then he slipped the engagement ring on her finger and their heads came close together, and the Parian cupid on the mantel looked as if he was about to clap his wings and crow.

The annexed paragraph from an exchange contains a great deal of wisdom presented in a very effective manner: "Young man, it is a good thing to keep on the right side of your dollar. It makes a great difference in your comfort and prosperity whether you spend 95 per cent. or 100 per cent. of it, but it is a positive insult to the dollar to spend 105 per cent. of it. You will be sorry enough for it when the dollar gets a fair grip upon you. A dollar resents a mortgage upon itself. It will never serve you cheerfully if you dispose of it before you get it."

The Catskill (N. Y.) *Mail* is responsible for the following: "A young married lady, who moved into the country from a city home, conceived keeping hens a pleasant and profitable idea. As she became more absorbed in the purchase enthusiasm increased, and 'hens' made a the subject of her thoughts and conversation. During one of her animated descriptions to a friend inquired: 'Are your hens setters?' 'Oh, yes,' she replied, in a delightful tone, 'they haven't laid a bad egg yet.'"

Now here is something which is really worth knowing a note of. If a piece of charcoal is laid to burn the pain will subside immediately, and if held upon the wound for an hour, will cure it. This seems almost incredible, but as a piece of charcoal is readily procurable it should be kept in every house, for immediate use and its efficacy tested.

The tribute to the memory of J. H. Gilpin by "Observer," published in our issue of the 3d inst., was marred by several errors. By request of friends we republish it as corrected:

Death! O relentless one!
To snatch our brother, son,
By thy dread art.
Thou low'st a "shining mark."
Didst wreck this youthful bark;
Hath left hearts sore and dark,
By sorrows racked.

Yet midst such deep'ning gloom,
Can not our hearts give room
To words like these for whom
The dead arose?
"Though dead yet shall he live."
"My life a ransom give."
"Thy sins I now forgive."
Thus *He* bestows.

For none Death's hand is stayed;
Great Nature's debt's but paid
When in the grave is laid
Our weak mortality.
The bright beyond is ours,
Where bloom perennial flowers,
Where 'mid such blissful bowers,
Our friends will be.

Thus should we think of him
Whose memory ne'er grows dim,
Whose life henceforth begins
In painless scenes.
Transplanted to that sphere
Where "God wipes every tear,"
Disarming every fear,
True pleasure gleans.

GENUINE MERIT
IS SURE TO WIN.
We believe the RUSSIAN RHEUMATISM CURE has real, genuine merit. It is this faith which has led us to put our money into it so liberally. We have put more into it than money enough to buy the fair name we have gained by twenty years of honest business dealing right here on Market St., Philadelphia, and yet so great is our faith in the Russian Rheumatism Cure that we are willing to stake our reputation on it as a safe, speedy and permanent cure for all Rheumatic troubles. Could we offer any better guaranty of good faith? Others besides ourselves have tested its merits, and add their hearty and unequivocal endorsement.
We send to all who ask it a pamphlet containing much of such testimony. And yet if you have Rheumatism why suffer one day longer than is necessary. It costs only $2.50 to be cured, and while you are making up your mind to try it you might be made well. The
RUSSIAN RHEUMATISM CURE
has saved every Rheumatic sufferer who has given it a fair trial. It is for you to decide whether or not it shall cure you.
Price $2.50. If mailed, 10c. additional. If registered, 15c. more.
One box does the business. "RUSSIAN" RHEUMATISM CURE. None Genuine without this Trade-Mark.
As yet it is not to be found at the stores, but can only be had by enclosing the amount as above, and addressing the American proprietors.

TO THE FRUIT GROWERS OF KENT!

PEACH TREE FERTILIZER
—MANUFACTURED BY—
WILLIAMS, CLARK & Co.

This FERTILIZER cannot be excelled for PEACH TREES. A Special Formula is used containing the essential ingredients of POTASH and KIERSITE (crude Magnesium Sulphate) and BONE needed to feed the growing tree and render it prolific in Fruit Bearing.

THIS IS JUST THE FERTILIZER YOUR ORCHARDS REQUIRE.
IT WILL PAY YOU TO USE IT FREELY THIS SPRING.

We claim it to be the BEST and the CHEAPEST Peach Tree Fertilizer ever put on the market. A trial only is needed to prove this.
It is not an experiment but a well-tried mixture, fully endorsed by intelligent and experienced Peach Growers of the Maryland and Delaware Peninsula.
Separate ingredients furnished for those desiring to mix for themselves, or any formula mixed to order.

PEACH YELLOWS—A Cure and Preventive!

We are favored by the Experiment Department of Houghton Farm, Montainville, N. Y., with the result of an elaborate investigation into the cause of Peach Yellows, by Prof. D. P. Penhallow. In the course of this investigation the bark and wood of 22 species of fruit and forest trees were examined, in order to determine their chemical and physical condition, both in health and disease at different seasons of the year. As the result of these investigations Prof. Penhallow concludes that the disease known as Peach Yellows is not due, as has been supposed, to insects, or to fungoid growths, but rather to deficient or improper nutrition, involving an excess of lime and a want of potash in the wood and fruit, together with an abnormal proportion of certain other constituents.
He states "The external indications as have been long known, are stated to be premature ripening of the fruit with purple discoloration of the flesh, and deficiency of flavor the first year; and small yellow and red leaves and clusters of wiry twigs from the larger limbs the second year, followed by the death of the tree. Examinations indicate the roots are always healthy." As a remedy, thorough cultivation is urged, and the use, instead of stable manure, of a commercial manure containing kiersite (crude magnesium sulphate), dissolved bone, sulphate and muriate of potash. Diseased trees treated with these chemicals by Dr. Goessman of the Massachusetts Agricultural College have been restored to perfect health, even where the disease does not exist, the use of these chemicals while not only acting as a preventive will much improve the quality of the crop making it market at a higher price. The following extracts taken from letters received from our customers may be of interest:
"Where I used none, the trees did not do well and the fruit was nothing to brag of, but alongside of this, where I used your Peach Tree Fertilizer, the trees came out vigorous and healthy, and the fruit was No. 1, bringing twice as much per basket as where I used none."
From Flanders, N. J.: "The Williams, Clark & Co.'s Peach Tree Fertilizer which I used, did remarkably well. The trees sent out dark-green leaves and extended their limbs and seemed to have new life. I can heartily recommend it as a Peach Tree Fertilizer."
From Flemington, N. J.: "I used one ton of the Peach Tree Fertilizer, and am satisfied it is a good thing."
We could add many more opinions of the same kind. We think an application of the Peach Tree Fertilizer will be found very beneficial to all orchards:
Our PEACH TREE FERTILIZER is made of the materials recommended by Prof. Penhallow, containing:

SOLUBLE AND REVERTED PHOSPHORIC ACID	6 to 8 per cent.
POTASH	5 to 8 "
OR SULPHATE OF POTASH	10 to 14 "

A. FRIEDMAN,
Jan. 30, 1886. CHESTERTOWN.

Is It TRUE?
That there is a Shoe Store in Chestertown as well-equipped in Stock as are many of the first-class city stores
RUMOR says it is true, and we have investigated the matter and *know* from personal experience that not only this is true, but a
FURTHER TRUTH
is that at this store
Gentlemen's Shoes, Ladies' Shoes, Boys' & Misses' Shoes, anything and everything in Shoes, from a pair of Shoe Strings up to a pair of
THE FINEST
Ladies' and Gentlemen's Hand-made Goods can be had at a
LOWER PRICE!
For the SAME QUALITY of WORK THAN IN THE CITY.
READERS!
please bear this in mind and govern yourselves accordingly.
NOW! the next important question is where is the Store? Answer:
GOSLEE,
THE SHOE MAN,
Adjoining the Bank, Chestertown, Md.
A full stock of RUBBERS for Ladies, Gents and Children now in stock. Please give me a call and if we don't satisfy you it will not be our fault.

The Tariff Reduced!
Not anticipating these hard times and scarcity of money, I bought for
THIS SPRING AND SUMMER
a very heavy stock of
MEN AND BOYS'
COARSE AND FINE SHOES,
which MUST BE SOLD, and in order that they may be sold soon I propose to offer them to all cash buyers at a very small margin above first cost.
They are all FRESH and STYLISH GOODS and we only make this offer because we need money.
We have a variety of other goods, such as SUGAR, Coffee, Flour and Molasses; Segars and Tobacco, Powder and Shot, and many other articles, all of which can be bought at a low figure for the money.
This is NO HUMBUG
but we intend to do just what we say.—But in order to be convinced of the truth of this statement, we invite you to call—with the money—and we feel sure that we can satisfy you both in the price and quality of goods.
Remember the place:
JAMES A. SHAW,
COURT STREET, Chestertown.
