Kent News.

SATURDAY MORNING.....JUNE 12, 1886.

PRESIDENT CLEVELAND and his bride returned to the White House on Tuesday night from Deer Park. During their stay the President spent several days fishing and was quite successful.

REV. DR. NELSON WILL ACCEPT.—A dispatch from Alexandria, Va., states that the friends of Rev. Dr. Kinloch Nelson say he has decided to accept the bishopric of Easton, to which he was recently elected. Rev. Dr. Nelson was a prominent candidate for the assistant bishopric of Virginia, to which Rev. Dr. Randolph was chosen.

THE new exchange loan of Maryland for refunding the 6 per cent. Deaf and Dumb Asylum and Chesapeake and Ohio loans, has been taken by Mr. James Sloan, Jr., at 3 per cent. The State's time-honored reputation among financiers for promptly honoring her obligations has been carefully guarded in recent years, and it is gratifying to know that her standing in the money market was never better than it is today.

AN Orange mob at Belfast on Tuesday night took possession of the town, wrecked a hundred houses, overpowered the police, gutted liquor saloons, and kept up their wild, drunken orgies until daylight. They were aided and encouraged by the factory women. The rioting was renewed Wednesday night, and a number of men and women were killed. The military had to be called out before the mob was finally quelled.

A BILL has been introduced in the United States Senate to prohibit members of Congress acting as railroad attorneys, makes it unlawful for any member of either House to accept employment as attorney-at-law or payment for services of any kind from any railroad company, or any officer or agent thereof, which obtained its charter or any grants of land or pecuniary aid from the United States. Violation of its provisions is made a misdemeanor punishable by a fine not to exceed $5,000 or imprisonment not more than one year.

HON. DANIEL MANNING has tendered his resignation as Secretary of the Treasury, which position he has filled with profit to the country and credit to himself, but President Cleveland, sharing the general unwillingness to permit the government to lose Mr. Manning's services until the necessity of his resignation shall be more apparent, has asked and gotten the secretary's consent to take a leave of absence till October, and defer the question of his resignation till that time. Secretary Manning insists that, in view of the pressing character of the important tariff and currency questions now pending, the position of Secretary of the Treasury should be held by some one able to give to the discharge of its functions all the strength of mind and body of a man in vigorous health.

AT the annual meeting of the stockholders of the Queen Anne's & Kent Railroad in Centreville last week Hon. B. T. Biggs was re-elected president, and Robert Craven, secretary and treasurer. The following were elected directors: Hon. B. T. Biggs, Isaac Hinkley, S. Felton, John P. Green, Jacob Tome, T. Morris Perot and Frank Thomas. The annual report stated the annual expenditures exceeded the income by $4,000, about $13,000 less than last year. The continued excess of expenditures over receipts brought out Mr. Perot, who represents the minority stockholders. He advocated that one of the passenger trains be taken off, and if then the expenditures exceeded the receipts, the freight train be also taken off and one mixed train be run daily each way. It was urged by others that the trains were run for the accommodation of the people, and that the road was a valuable feeder for the main line. Mr. Perot replied that he did not invest his money in the road solely for the accommodation of the people, but to pay a dividend, &c. He then offered a resolution that a committee of three be appointed to investigate the matter.

A WOMAN'S DELIBERATE SUICIDE.—Mrs. Louisa R. Taylor, wife of Aurelus Taylor, of Charlestown, Cecil county, on Friday of last week visited Northeast and stayed there until the next day, when she purchased ten grains of strychnine at Housekeeper & Moore's drug store, saying she wished to poison a cat which had been killing her chickens. When she returned to Charlestown about 7 o'clock Saturday evening she went to the home of her father, Valentine B. Algard, where she went to a water closet and took the strychnine. She also shortly afterwards drank twice from a bottle of laudanum, and also gave laudanum to her five-year-old daughter, Lizzie. She then went up stairs and undressed, telling her sister what she had done. Efforts were made to get her to take an emetic without success, and Dr. P. B. Housekeeper, of Northeast, was sent for. She persistently refused to take anything to counteract the poison, until she was assured that it was to make her die easily. She suffered terribly, having frequent convulsions. She lingered until nine o'clock Sunday morning. The cause of the suicide is said to have been domestic unhappiness.

She was 23 years old, healthy, of pleasing appearance, had been married over six years and had but one child. She had shown no signs of mental derangement. She disposed of her property and gave directions about her funeral after taking the drugs. She wanted her child to be buried in the same coffin as herself. She said she was broken-hearted, had nothing to live for, and had had troubles on top of troubles, which it was no use to mention then. The child was worked with and its life saved.

Mr. Powderly Interviewed.

Mr. Powderly has returned home from the special convention of the Knights of Labor, held at Cleveland, and in an interview on the result of that gathering says he is entirely satisfied with its work, as all his plans and propositions had been successful. He denounced as absurd the newspaper stories that he had been overruled by the Socialists, and said that the convention had acceded to every request he made except one. When asked what that one was he replied: "To accept my resignation as General Master Workman. I left the chair and declared that the delegates would have to accept my resignation, but they positively refused to do so and even proposed to double my present salary, which, of course, I would not listen to."

Mr. Powderly added that the newspapers had most persistently misrepresented him and the convention because he refused to talk with reporters, who wanted to monopolize his time asking questions. He had not been overthrown by the Anarchist element, he said. Hereafter no local assembly of the order could engage in a strike until every member had an opportunity of voting on the question by secret ballot, and even then the District Assembly would have to exhaust all efforts to effect a peaceful settlement of the difficulty between employer and employed before a strike could be entered upon. No such strike as that which took place in the Southwest would be possible under existing regulations.

SUING HER FATHER FOR BREACH OF PROMISE.—A curious suit for breach of promise will be tried at the next term of the Burlington county (N. J.) supreme court. Miss Ella Wilcox, a young woman well known in the society of Mount Holly, became engaged to be married to John Cook, of the same place. Mr. Cook went through all the regular formalities, and asked and obtained Mr. Wilcox's consent to marry his daughter. The wedding was to have taken place on May 18. Three days before the wedding day, for some unknown reason, Mr. Wilcox changed his mind about the desirability of Mr. Cook as a son-in-law, and said the ceremony would not take place. When Miss Wilcox told Mr. Cook of this change in feeling on the part of her father the prospective bridegroom got angry and left the house, saying he was disgusted and was going away, never to return. Miss Wilcox thought the matter all over, and the more she thought the more angry she became at her father. Last week she hunted up a lawyer, and with his assistance she began a suit for $10,000 damages for breach of promise against her father, alleging that he was the sole cause of her lover's estrangement.

A CRIME TO CARRY A PISTOL.—Justice Hutson on Tuesday fined Mr. Washington Mervine one dollar and costs for carrying a concealed weapon. This is made a crime by act of the last Legislature, which fixes the maximum penalty at $500 fine or six months in the penitentiary. Mr. Mervine was not aware of the existence of the law and was for that reason given the lightest pun ishment.—*Denton Journal.*

COL. WM. MCKENNEY, the most extensive farmer of Queen Anne's county, reports that upon examination of the wheat crop on two of his big farms near Centreville he discovered the presence of fly to an alarming degree. He said that on some stalks the fly had entirely destroyed the head, and on others they were prosecuting their ravages. He is of opinion that the crops on the farms examined will be injured 20 per cent.

THE four-year-old bay gelding, Orange Flower, has been sold by W. O. Flowers to E. B. Emory, of Queen Anne's county, for $500.

One Or Many?

This is the important question relative to peach exchanges agitating the minds of a great number of persons engaged in this most important industry. We gave last week the views of an intelligent Worton correspondent on the question, and in this issue we have a reply from Still Pond by an equally intelligent writer and practical fruit grower. Concert of action is what is needed by the growers of peaches. There is no conflict of interest, and good common sense should prevent any conflict of procedure.

LAND SALES NEXT WEEK.—On Tuesday next, at the Vosbell House, R. Hynson, Esq., will offer the farm of Mr. S. H. Crawford, eligibly located in the third district, containing 402 acres; also the "Mollie Brown lot," being a part of the real estate of the late John Duyer, containing between 33 and 34 acres. On Thursday next, at Kennedyville, the same gentleman will offer the Rasin farm, containing 350 acres, desirably located near the village of Still Pond.

CHILDREN'S DAY.—One of the most interesting days of the year in the Meth. Episcopal Church is that known as "Children's Day." The first Sunday in June is thus observed by all churches of this denomination and for years past has been a "red letter day," especially to the little folks. The churches are trimmed with evergreen and decorated with flowers and the services during the whole day are devoted to the objects set forth in conference resolutions which call for the active participation of the Sunday-school. The last anniversary (last Sunday) was generally observed. The Chestertown M. E. Church had been beautifully trimmed beforehand by the ladies, and blooming plants, fragrant flowers and singing birds greeted the congregation that assembled in the morning to hear the appropriate sermon delivered by the pastor, Rev. John D. Kemp. In the evening the spacious edifice was crowded to its full capacity and the special exercises by the children were of a most interesting character. The Sunday-school assembled in the basement and marched into the audience-room while inspiring strains of music were given by the organ under the skillful touch of Miss Annie Lambert. Responsive readings, addresses and singing made up the program, followed by a very creditable collection for the benefit of the school.

Interesting Children's Day services were also held last Sunday at the Galena and Chesterville M. E. Churches. Mr. Wm. Hicks is superintendent of the Galena school and Mr. H. C. Layman of that at Chesterville.

THE MUSICAL FESTIVAL by the Chestertown Orchestra at the hall last Wednesday evening was well attended and realized a handsome sum. The orchestra entertained the audience with fine music while ice-cream and other festival luxuries were being served by the ladies who kindly managed the affair. "More Like New York Every Day" was rendered effectively with some additions thereto which took in the "new state" of President Cleveland.

OBITUARY.—Joshua B. Fenimore died at his residence in Odessa, Del., on the 2d instant. Mr. Fenimore was one of the most active men of his years in that locality, being 83 years old on the day of his death. He was one of the first to engage in peach culture south of Delaware City. The deceased was well known in this county, having about the year 1863 purchased a farm and a considerable tract of timber land below the village of Fairlee. He erected a saw mill on the timber tract and built up a large and lucrative business. While engaged in this business he built a steamboat of some 125 tons burthen which he named "Major Smyth" in honor of our late distinguished fellow-citizen, and which he afterwards sold to New York parties. Major Smyth and Mr. Fenimore both addressed the large company assembled on the shores of Fairlee creek to witness the launching of the steamer, and many of our readers will recall some of the amusing incidents that transpired on that occasion. While here Mr. F. took a very active interest in the building of the Kent county railroad, and was for some time one of the directors of the company. "In the death of Mr. Fenimore," says the Middletown *Transcript*, "this section loses one of her most useful and enterprising citizens and one who probably did as much for his community as any of his contemporaries."

James M. Touchstone, one of the best known and most highly-esteemed citizens of Port Deposit, died at his home in that place at 9.20 Monday morning after a long illness from consumption, in the 40th year of his age. In 1872 Mr. Touchstone was elected as a democrat to represent Cecil county in the Legislature, and in 1878 he was re-elected. Mr. Touchstone leaves a mother, several sisters and a brother, all grown, and a wife and two children. His death is deeply regretted throughout the community.

DIOCESE OF EASTON.—We had last week only the first day's proceedings of the P. E. Convention, which met at Elkton on Wednesday.

The convention reassembled Thursday morning at 9 o'clock and was opened by prayer. The election of four clerical and four lay deputies to the General Convention being in order, the following were chosen, clerical: Dr. Theodore P. Barber, E. K. Miller, F. W. Hillard, and A. Batte; lay: Dr. I. L. Adkins, W. S. Walker, George M. Goldsborough and Dr. R. C. Mackall.

Rev. J. A. Mitchell read the annual report of the Home for Friendless Children, showing that fourteen children are now at the home. Receipts during the year were $3,768.94. The officers of the institution were re-elected. Rev. Dr. Barber, the president, and Rev. Mr. Mitchell, the secretary, were appointed to give the official notice to Dr. Nelson of his election to the bishopric.

The report of the committee on the state of the church showed that during the year there had been 401 baptisms, 159 confirmed, 187 communicants added, and $32,469.23 contributed. An invitation of Rev. S. C. Roberts that the convention meet next year in Emmanuel Church, Chestertown, was accepted, and the convention adjourned at the close of the evening session subject to the call of the president.

UTILIZING THE SEWER.—The sewer has been tapped at the Voshell House corner and at the corner of Kent street to let in the surface drainage, and a large quantity of water has thus been carried off that would otherwise have flooded the streets.

THE excursion from Centreville to Tolchester on the steamer Ford last Thursday was a successful affair. It was a pleasant party, and we are glad to hear that they enjoyed the attractions of our famous Beach.

THE season at Tolchester was opened on Monday and the magnificent steamer Louise is already carrying crowds of excursionists from Baltimore. Numerous improvements have been made at the beach and the season bids fair to be a highly successful one.

Personal Notes.

Dr. S. C. Dudley, of Centreville, clerk of Queen Anne's county, was in Chestertown Tuesday on business.

Col. R. C. Johnson and Mr. R. H. Corbally were among the callers upon Representative Gibson in Washington on Tuesday.

Miss Sue C. Wilkins, of this county, was one of the graduates at the recent commencement of Lutherville Seminary, of Lutherville, Md. We acknowledge the receipt of handsome cards of invitation to the exercises.

Mr. W. P. Armstrong, of this county, has been appointed a watchman in the Treasury Department in Washington at a salary of $60 per month.

Mr. S. W. Wallis, of the third district of this county, who recently underwent an examination at the Baltimore custom-house for day inspector, received a general average of 85.72 and his name has been entered upon the register as eligible for appointment. We have not learned the fate of others from this county who underwent a similar examination.

"MASONIC HALL."—Mr. Hewlett, a son of Mrs. Mary E. Hewlett, of Hemsted, New York, was in Chestertown last Tuesday and with Wm. M. Slay, Esq., attorney, made an inspection of the "Masonic Hall" building, the second story of which has been for nearly forty years occupied as the NEWS office. Mrs. Hewlett owns four-fifths of the property and the estate of the late Mrs. G. W. T. Perkins the other one-fifth. Mr. Hewlett's inspection was with the view to putting the building in a better condition of repair, which it sadly needs. We hope the owners may see their way clear to this end at an early day. The "Masonic Hall" was built in 1827 by the Masonic fraternity, the stock being divided into two hundred shares and sold at $10 per share. The land upon which it stands was donated to the order by the county.

WHEAT HARVEST in Kent is fast approaching and will be several days earlier than last year. If the weather is favorable some wheat will be cut the last of next week. Last year the first cutting that we noted was by Mr. Edw. Loud, in Quaker Neck, on the 22d of June; general harvest was about the 29th. The crop in this county is expected to be above the average, though some farmers are complaining of the ravages of the fly. Our neighbors in Queen Anne's are also afflicted with this destructive agent.

TOWN LOTS SOLD.—Mr. Chas. H. Moore, of the Chestertown marble yard, has purchased a lot fronting 40 feet on Cross street from the vestry of Chester Parish for $10 per front foot.

Mr. Geo. C. Adkinson has purchased of the heirs of Wm. Smith, col'd, the lot adjoining his residence and running through to Cannon street. It has a front of 55½ feet on High street with a depth of 116 feet, and a front of 210 feet on Cannon street with a depth of 184 feet. The price has not been made public.

A FEARFUL FALL.—Will Fowler, a young man of about 17 years, son of Postmaster Fowler, had a fearful fall last Saturday, but escaped without serious injury. He was engaged with Mr. F. H. Howard in painting the new dwelling of Bordley Bros., and when treading the scaffold at a point thirty feet from the ground a plank broke and he was precipitated that distance to terra firma. Prof. Bardeen was passing at the time and immediately ran to his rescue. He was found unconscious and conveyed to his home, where he soon recovered consciousness and Dr. Perkins found upon examination that the greatest hurt was in his left arm. He will soon be all right again.

THE first series of the Chester Loan Association, embracing 379 shares, was closed up last Monday night and the secretary's report showed an overpayment of 36 cents per share, which was returned to the shareholders. About 250 of these shares were retaken the same night by the former holders to date from May 10th—the beginning of the 13th series—and no doubt all the balance will be quickly taken. The cash receipts on Monday night amounted to $2400, and the average weekly receipts will continue to amount to over one thousand dollars, all of which is loaned to stockholders on mortgage or hypothecation.

THE OLDEST HORSE.—Mr. J. W. Wright, the jovial miller out at Whaland's, thinks he has the oldest horse in effective service in the county. The animal is THIRTY-TWO years of age and yet does all of Mr. Wright's hauling in the supply of mill stuff to Chestertown. The horse is remarkably well-kept, round and fat, and would not be taken to be over a dozen years old. Mr. W. says his horse has gained intelligence with his years and often astonishes him with his human-like wisdom. One of the animal's peculiarities is to take a short stroll each morning before breakfast to gain an appetite; this he does with as much deliberation as any person could. Who owns another such horse in Kent?

ICE-CREAM.—Cummings advertises the inauguration of a new enterprise in Chestertown—the manufacture of ice-cream by steam. Mrs. Cummings has established a good reputation for her cream and her baking is excellent.

W. Hudgins announces the reopening of his saloon on Cross street in connection with his well known Bakery, where he proposes to supply his friends with summer luxuries and substantials. He has our acknowledgments for a freezer of cream, &c., at the office on Thursday.

COMMENDABLE.—The ladies of the P.E.Church, Chestertown, will give an entertainment at the armory hall on the evening of June 24 for the benefit of Mrs. Mary F. Hynson, whose only son, Romie, was killed by the cars last summer. Romie was the oldest child and only son, and his mother's main support. His death left her in very needy circumstances. Our citizens will do a noble charity by giving the entertainment their warmest support.

NOT GUILTY.—Irene Johnson, the twelve-year-old colored girl who was committed to jail last week on the charge of stealing $10 from Mrs. Hall, of Hall's hotel, had a rehearing before Justice Wheatley last Wednesday. J. D. Urie and S. T. Wickes, Esqs., appeared for the girl, and after the examination of witnesses the justice decided her not guilty and ordered her release.

Gleaves, white; Charlotte Trusty, Mary Ann Frisby, Adam Anderson, Kittie Miller and Debbie Sudler, colored, were allowed a pension of ten dollars per annum each, which was ordered to be provided for by levy.

Upon application of Wm. Stevens and Samuel Burgess, in person, for free use of county wharf to ship bricks for use of Wesley Chapel church, 5th district, it was ordered that wharf master at Chestertown allow shipment of said bricks without charge.

S. Harris' lower farm.

N. Barnard is now spraying his pear trees with solution of white hellebore to destroy slugs.

HAVING leased the CHESTERTOWN STRAWBOARD MILL, I am ready to buy all the STRAW that Farmers may wish to dispose of. Will clean up all the Straw from the stackyards sold me, rejecting only rotten straw, on the basis of 2240 pounds per ton for dry straw; only asking those wishing to sell to take a little extra pains in Stacking and not put the chaff with their Straw.
