Kent News.

SATURDAY MORNING..........JULY 31, 1886.

General News Notes.

Sweet potatoes have been going to Baltimore this week from the lower peninsula.

The Fifth Maryland Regiment returned home from Atlantic City Sunday morning.

The democratic State convention of Georgia on Wednesday nominated Gen. John B. Gordon for Governor.

The Peninsula Press Association will hold the annual meeting this year at Atlantic City on August 29, 30 and 31.

Mr. Thomas Dixon, the well-known Baltimore architect, died in that city of paralysis on Sunday, in the 68th year of his age.

The Easton *Ledger* says it has become a common thing for wheat-threshing to continue as late as 12 o'clock at night in Talbot.

In the Gun Club tournament in Philadelphia on the 22d inst. the Baltimore Gun Club came out first and the Montgomery Club second.

New Yorkers are growing indignant over the apathy of the country at large toward the Grant monument and Bartholdi pedestal funds.

Jackson Grove camp-meeting began yesterday and will close on the 12th of August. Wye camp begins next Tuesday and will continue ten days.

The remains of an unknown man were found Sunday on the P., W. and B. Railroad, near Northeast, Md. They were mangled beyond recognition.

Stephen Brodie, a newsboy and pedestrian, jumped from the New York and Brooklyn bridge a distance of 120 feet, Friday of last week, and was taken from the water uninjured.

Assistant Secretary of State William Hunter died in Washington on the 22d instant. He had been connected with the State department in various capacities for more than fifty-seven years.

Morris A. Thomas has been confirmed as Indian inspector by the U. S. Senate by a vote of 34 to 18. Now look out for a howl from the Civil-Service Reform Association of Baltimore!

Dr. J. H. Caldwell, president of Delaware College, was suddenly seized with violent illness on the Chester Heights' camp ground on Sunday. He has somewhat recovered, but is still very sick.

The mausoleum erected in the West Laurel Hill Cemetery, Philadelphia, by the widow of Bishop Simpson, will soon be completed and receive the remains of the dead bishop and those of his son.

President Cleveland, accompanied by Secretaries Bayard and Whitney went to Albany, New York, on the 22d instant, and participated in the two-hundredth anniversary of the incorporation of that city. The President and both Secretaries made speeches.

Captain Leslie, of Elkton, is one of the five officers who survive of forty-five who circumnavigated the globe in the United States ship-of-war Vincennes fifty-three years ago, at which time he was twenty years of age.

Collector Groome has given his officials in the custom house notice that the acceptance of gifts from persons interested in the discharge of cargoes or release of baggage will be considered sufficient cause for dismissal from the service.

Mr. F. M. Willis, residing on Dr. J. C. Earle's farm, near Wye Mills, got on one hundred and forty acres 4,022 bushels of wheat—an average of twenty-eight bushels and theee pecks per acre, and an average of twenty-two and one-half for every bushel seeded.

Hubert C. Thompson, the leader of the County Democracy, died suddenly in New York on Monday. Although not quite 38 years of age, he had been the most powerful political leader that New York has had for many years, with the single exception of John Kelly.

The Democratic State Central Committee will meet at Barnum's Hotel in Baltimore next Wednesday, Aug. 4th. It is not likely that there will be much to occupy the attention of the committee besides the fixing of the time and making arrangements for the holding of the Congressional primaries.

A well-dressed man, apparently about forty years old, jumped overboard Monday afternoon, shortly before 5 o'clock, from the Ericsson Line steamer Wm. Whilding, off Fort Carroll, and was rescued by the crew of the dredge Chesapeake, and placed on a sloop which was going down the river. The man refused to give his name and did not say why he jumped overboard.

The petition of Tilghman Chew Paca, of Queen Anne's, by his attorneys, Albert T. Emory and Wm. E. Stewart, for the setting aside of the verdict of the jury of inquisition which declared him *non compos mentis* was dismissed by Judges Wickes and Stump in an opinion filed Monday. This decision continues the trusteeship of Mr. John B. Brown, and does not relieve Mr. Paca of his disabilities.

A horrible story comes from the lower end of Tatnall county, Georgia. A negro woman, engaged to prepare a dinner for a colored picnic, murdered a young child which had been left in her charge, cooked half the remains and served it to the people. The other half of the remains were found salted down in a barrel. The negroes became perfectly frenzied on making the discovery, and seized the woman and burned her at the stake.

The contract for building a lunatic asylum for the use of the insane poor of Cecil county, on the almshouse farm, near Cherry Hill, was awarded to C. A. Walt & Son, of Westminster, Carroll county, for the sum of $5,942. The building is to be brick, 30 by 60 feet, covered with slate. It will be two stories high, with basement and attic, and will have eight wards or cells for the use of patients on the first and the same number on the second floor. There were three other bidders, all of Cecil county.

The bond of Dr. George W. Bishop as assistant treasurer at Baltimore has been approved at Washington by the solicitor of the treasury, and was filed in the office of the first comptroller. The bond is for $150,000, and the sureties named in it are Geo. W. Covington, Chas. W. Bishop, E. K. Wilson, Wm. S. Wilson, Chas. P. Jones, Dewitt C. Fooks, George S. Payne, Elihu E. Jackson, John W. Smith, Lemuel Showell and Joshua Holloway. Dr. Bishop qualified and took possession of his office on Tuesday.

A canoe party reached Baltimore last week after a nine-days' cruise from Harrisburg, Pa. Their route was down the Susquehanna to Columbia, thence by canal to the neighborhood of Port Deposit, and thence by the Susquehanna river, the Chesapeake bay and the Patapsco river to this city—a distance of 116 miles. The canoes were of canvas, 15 feet long and from 24 to 30 inches wide, and weighed about 115 lbs. In the canoes were carried cooking utensils, &c. Lighthouse-keepers and fishermen told them that the canoes were the smallest boats in which any one has attempted to cross the bay.—*Sun.*

Maryland Fruit Exchange.

FAIR GROUNDS, July 26, 1886.

MESSRS. EDITORS:—The Maryland Fruit Exchange is doing a good work bringing many buyers into the county (not trying to keep them away), who are offering fair prices, and the exchange is in correspondence with a large number of dealers from the North and West, who write they will be here prepared to buy when the season opens. The secretary is in correspondence with about twenty-five different parties, who seem very anxious for fruit. The meeting today although not large did all the business that was required. A large and convenient building will be erected for the business of the exchange. The charter has been prepared, approved, properly signed and has been sent to Judge Wickes for his approval and no labor or expense will be spared by the exchange to make everything connected with the peach business a complete success; but the members generally should make it a matter of duty to attend the meetings every Monday afternoon at the hall to encourage the hearts and uphold the hands of those who are working so faithfully in this public-spirited enterprise.

Peaches are making a splendid growth; having so much rain now makes it most probable we will have it reasonably dry during the picking season and the fruit will not only be of fine size, but will in all probability carry and process well.

The demand promises to be heavy and must be largely supplied from a comparatively small section of county. Baltimore packers have made arrangements to pack from 30,000 to 40,000 boxes a day. The shipping trade from Baltimore promises well, and the amount consumed in the city must be large. The railroads are offering every possible facility to dealers and the various steamboat companies are prepared to handle the crop in the most convenient and rapid manner, the Ericsson line putting on several boats and advertising to have the fruit in Philadelphia by three o'clock every morning, from whence it will be generally distributed through Pennsylvania and New York. Everything considered, the outlook for growers and dealers is very promising; the latter can obtain fine fruit in good condition and the former will receive fair prices.

PARTICEPS.

BALTIMORE MARKET.—The Baltimore papers of yesterday quote as follows:

STANDARD FERTILIZERS.

CHESTER COMPOUND,

No. 1 Ammoniated Superphosphate,

COMPLETE FERTILIZERS of HIGH GRADE

Rich in Available Phosphoric Acid, Ammonia and Potash.

The Excellence of these Fertilizers is Proven by their uniform popularity with a large portion of the largest and most successful practical farmers in this community who have been using them for the past 9 years.

This excellence will be maintained and no demand for cheap goods will influence us to lower the quality of these brands.

The market rates for Materials for Fertilizers are about the same they were a year ago and hence we are only able to make a slight reduction in price—which we have done and will be pleased at any time to give quotations.

ALSO FOR SALE:
Strictly Pure High Grade Dissolved Animal Bone,
Dissolved South Carolina, Muriate of Potash.
Sulphate of Potash, &c., &c.

MANUFACTURERS OF

High Grade Fertilizers!

PURE CHEMICALS for ALL FORMULAS.

ANALYSES:

Pure Ground Raw Bone	Pure Dissolved Raw Bone
4½ to 5 per cent. Ammonia,	3 to 4 per cent. Ammonia,
50 to 55 per ct. Bone Phos.	28 to 32 per ct. Bone Phos.

It is no longer a question for the farmer to determine whether fertilizers pay him or not; it only remains for him to determine the kind and quantity which pay him best. Our brands of Ammoniated BONE SUPERPHOSPHATE for wheat, either of which can be relied on as crop producers, and permanent improvers of the soil—a large stock of which we now have in store in bulk in order that they be in the best possible condition for drilling—we especially commend to the farmers, who are not governed in their purchases by low prices regardless of the more important consideration of quality. Pure Dissolved South Carolina Rock is an article largely in use among the farmers of this Peninsula. Our guaranteed analysis of this article is Available Phosphoric Acid 12 to 14 per cent., or Dissolved Bone Phosphate of Lime 26 to 30 per cent. We guarantee these goods to be in good mechanical condition and in fine drilling order. The value of these goods largely depends on their condition and as a cost is involved therein, our customers must not expect them at price of articles inferior in this respect.

A $32 STANDARD FERTILIZER

For Only $26.00!

READ IT IS HOW DONE.

The great popularity of our Fertilizers and the exceedingly low prices of Grain have determined us to greatly lower the price of our goods. From the beginning of our manufacturing we have always LED in LOW PRICES, and quality, and now that our farmer friends require goods as low as they could possibly be bought, w offer you these goods at

Only $26, a Reduction from $32.

Careful sales to reliable parties, and a great reduction in expenses, with only a small profit to ourselves, enables us to do this, and as this is the BEST and lowest priced goods upon the market, suited to the profit on eighty-cent wheat, we call it the NEW ERA. To place these goods so LOW and only by the quantity sold thus make a living profit. We sincerely ask your help, promising in return to give you a $32 Phosphate for $26.

We will print testimonials after more farmers have threshed, actual results are what we want and so do you. Chemicals for home mixing at lowest market figures. We have bought our goods as low as anyone and cannot be undersold. Call before purchasing or wait until we call upon you. Remember a $32 Fertilizer for $26. At these prices every farmer who buys is an agent of ours.

If you desire a lower price manure, an Ammoniated Phosphate, which is the cheapest and best for the money, purchase our

"Sunnyside Pure Bone and Dissolved Phosphate."

To those desiring a Dissolved Bone Phosphate, without Ammonia, the action of which is superior to most articles sold as Acid Phosphate or South Carolina Bone, we offer our

"SOLUBLE PHOSPHATE AND POTASH FERTILIZER."

The above brands are sold and delivered, 12 bags to the ton, and in fine and dry condition for drilling. Extra moisture in a Fertilizer adds to the cost.

Our Fertilizers have been thoroughly tested by Farmers in all sections, and have proven themselves very reliable as well as a paying investment. Try them by the side of any Fertilizer, and be convinced of their value. We refer you to your neighbors who have used them.

Tobacco.

WE have just received ten boxes (10); something new in the way of TOBACCO that we are selling at 30 cents per pound. We have never had it before. We mention this because we did have some that proved not to be good, but this is not that goods. We guarantee every pound to be sound; if it is not so we will thank you to return it and get your money.

je26-8t. J. B. BURCHINAL.

MATTINGS.—Just received a large stock, which we offer at lowest prices.
