SATURDAY MORNING..... SEPT. 4, 1886.

Chestertville and Vicinity.

MESSRS. EDITORS:—Our friend and fellow-citizen, S. W. Aldridge, Esq., made another narrow escape from being killed last Saturday. Having driven a team loaded with peaches to Lambson's, while in the Station attending to business, the horses become frightened at a passing train, and started to run. Mr. A., with his usual agility, by a short cut caught up with the team, sprang into the wagon and secured the reins just as the vehicle was turning a sharp curve, and in full time to be sent, with the wagon body, hurling into the air about fifteen feet. Parties who witnessed the accident ran to the scene, thinking Mr. A. had been killed, but upon arrival found him alive, yet bleeding profusely. Examination proved his injuries to consist of a badly sprained hand, a much bruised hip, and a forehead considerably roughed up. Any other man, probably, under like circumstances, would have been killed, but Mr. A. has met with so many hairbreadth escapes that his friends predict that his death will not result from accident. The damage to the team was slight, although the horses ran three miles.

Rev. Wm. H. Saunders, pastor of Kent circuit, Church South, who, with his family, has been visiting relatives in Virginia for several weeks, has returned looking much better. His family is still absent.

Mrs. S. W. Aldridge, a sister of Mrs. Saunders, also left on a visit to her parents in Virginia, last week.

Lambson Station presents a busier scene this season than ever before. It is the shipping point for peaches for miles around, and we doubt if the station hardly recognizes itself amid the bustle and dust of its new life.

A new iron fence has recently been put in front of St. Dennis Cemetery, near Lambson's, which adds much to its appearance.

A district conference, M. E. Church South, was held at Church Hill this week.

A fine rain visited this section on Monday night last. It was greatly needed. WALTER.

THE HARD TIMES.—Capt. James Bumgardner, of Staunton, democratic candidate for Congress in the tenth Virginia district, in his speech at Monterey, Highland county, Va., said: "What has produced the hard times, which have now begun to brighten up a little, but which, with a brief interval of two or three years, have been trying the country ever since the year 1873? They have not been confined to the United States —high-tariff France and free-trade England, only separated by a body of water that you can see across, have suffered alike and at the same time, and still suffer side by side. In this country they can be ascribed to no change made by the democratic party, for since that party took possession of the administration *the tariff has not been touched or changed in* a word, figure or letter. The tariff of today is the same republican tariff that has been in active operation for 15 years. And yet the republicans tell you that their tariff is a sure guarantee of good prices for farm products and good wages for labor. *This* is their tariff; how do they explain its failure to give prosperity? From 1861 to March 4, 1885, there have been republican laws, executed by republican administrations. How do they account, then, for hard times ever since 1873? What are the facts about our prosperity? More money has been invested in Virginia in the last six months in railroad extensions and manufacturing plants than in any year of her previous history. With a democratic President in his seat and a democratic House of Representatives in Congress, with but slight prospect of a change, this has been done. What a comment is that upon the apprehensions which the republican politicians alleged were felt about the democratic party coming into power! Throughout the whole South the investment in new plants of industry in the last two years has been the wonder of the world. The South, once poor, prostrated, dead and still, has become prosperous, erect, alive and active, just in proportion that the democratic party in the South has demonstrated its ability in those States, by wise, honest State government, to guarantee freedom, safety and protection. Texas with her 100,000 democratic majority and Georgia with her 70,000 democratic majority can be pointed to by every democrat as the unanswerable first examples of vigorous, progressive and prosperous commonwealths under democratic government."

A SEQUEL TO THE CUTTING EPISODE.—The good effect of Secretary Bayard's firmness in demanding the release of Editor Cutting has called forth an order from President Diaz, instructing the Mexican courts to be more particular in their treatment of foreigners. Hereafter, in case of the arrest of a foreigner, the Governor of the State in which he is apprehended is "recommended" to remit to the Mexican foreign office "a detailed report of the causes for action or legal process and of the status of the same." The courts, through the governors, are also admonished in criminal prosecutions against foreigners "to comply strictly with the provisions of law." This would seem to imply, to some extent, that in the Cutting case, which obviously elicited the order of President Diaz, the provisions of law were not strictly complied with, and that the Mexican government, appreciating the danger of a repetition of such mistakes, is determined hereafter to exercise particular care in the trial of foreigners The effect of the order cannot fail to be highly beneficial to citizens of the United States now in Mexico, and who may visit that country hereafter, and Secretary Bayard is to be congratulated on the results which have followed his patriotic course in insisting upon the release of Cutting, who, whatever may be his individual shortcomings, represented in his person the whole people of this country, whose rights were jeopardized by the attitude of the courts of Chihuahua.

A team belonging to Jno. F. Godwin, one of the county commissioners for Queen Anne's county, backed overboard at Spencer's wharf, Corsica river, on Thursday of last week. The team consisted of a horse and mule, attached to a wagon with eighty boxes of peaches. The horse and mule were drowned and the peaches.

IF MAJOR BIGGS wants to be the next Governor of Delaware he had better prevail upon the other papers in his State not to publish the cut which appeared in the Middletown *Era* last week purporting to be his likeness. We know the major and think him a much better looking man than the picture represents.

THE "Maithy House," Baltimore, is located in the business centre of the city and convenient to steamboat landings, making it a desirable stopping place for both merchants and planters.

We Desire to Call the Thoughtful Attention of Farmers

TO THE SUPERIOR MERITS OF

ORCHILLA GUANO

AS A FERTILIZER FOR

WHEAT AND GRASS.

The advantages resulting from its use are not only an increased yield, but the permanent improvement of the soil from the abundant growth of grass which is sure to follow.

"ORCHILLA" is no new thing. For twenty-one years it has been undergoing trial,—and well has it stood the test. At first, its progress to favor was naturally slow; but merit will, sooner or later, have its reward, and now its sales every year are largely increased over those of the preceding year, **and the friends of its early days are its best friends now.**

It has been used extensively in Maryland and the adjoining States, and from its abundant success everywhere we are justified in recommending it to you as being well adapted to your soils. No fertilizer for your use has had such unvarying success and continued popularity. Some of the largest and best farmers in these States use it almost exclusively.

It is Successful, because it is Nature's own provision for he exhausted fields.

It is Low Priced, because we have none of the expense of manufacturers, and, without regard to its high commercial value, we base its price solely upon its actual cost to import.

We refer you below to some of the farmers who have used it and ask you to enquire of them its merits.

R. A. WOOLDRIDGE & CO., Importers,

64 BUCHANAN'S WHARF, Baltimore.

DAVID R. DERRICKSON, Edesville, Kent Co., Md., July 1st, 1886, says:—I used Orchilla Guano on my young peach orchard in the spring of 1884, and planted the land in corn. The guano gave me a good crop of corn, and its effect was very prominently marked on the trees.

HON. THOMAS A. HULME, Fairlee, Kent Co., Md., July 1st, 1886, says:—I used Orchilla Guano in 1883 on corn. The guano was put on in April, 400 lbs. per acre. I could not see any marked effect of it on the corn, but the next year I put the land in peach trees, and the effect was very decidedly shown in the healthy and vigorous appearance of the orchard—which has continued ever since. I afterwards used Orchilla in the drill for potatoes with the most satisfactory results.

WM. I. BURGESS, Chesterville, Kent Co., Md., June 30th, 1886, says:—I used Orchilla Guano in 1883 on wheat, and it did me good service on that crop, as well as on the grass crop that followed, which was as good as ever grew on the farm.

J. EDWARD HURLOCK, Chesterville, Kent Co., Md., June 30th, 1886, says:—I used Orchilla Guano in 1884 on wheat alongside of Hubbard's Phosphate. In the early spring the latter was ahead, but at harvest I could see no difference at all. The stand of grass from Orchilla was an excellent one. The land on which Orchilla was put was very thin. I applied about 400 lbs. per acre, broadcast.

DANIEL R. NEALL, Chesterville, Kent Co., Md., June 30th, 1886, says:—I used Orchilla Guano on corn in 1884. It was put on in February and plowed down. The season was a very dry one, but I had as good a crop as any of my neighbors had from other fertilizers. The land was put in wheat and made a good yield, and the grass that followed was a first-class stand. I would say that the land where Orchilla went was exceedingly poor. I believe it to be a good fertilizer, especially to improve the land.

WM. S. GOSLIN, Fairlee, Kent Co., Md., wrote January 15, 1886:—Two years ago I seeded one of my fields, containing 18 acres, in wheat, followed with clover. On 12 acres as an experiment, I used Lime and Orchilla Guano both; on the other 6, the poorest part of the field, I applied Orchilla alone. I had a good crop of wheat. On the 20th of June I commenced mowing my clover. The superiority of the clover on the 6 acres attracted the attention of all who saw it. I shelled 16 bushels of clover seed from the 6 acres, and only had 25 bushels from the 12 acres! I shall use Orchilla by itself hereafter. I have had 17 years' experience in the use of Orchilla Guano, and I unhesitatingly say, that for good results and the permanent improvement of the soil, it has no equal.

J. M. ANDERSON, Providence Mill, Cecil Co., Md., writes, July 30, 1885:—I have used Orchilla Guano on wheat, side by side with Bone; and find it produces equally as well as the Bone. The cost being in favor of Orchilla.

JOHN E. WILSON, attorney-at-law, Elkton, Cecil Co., Md., wrote Oct. 7, 1885:—I used Orchilla 200 lbs. per acre, on 7 acres of land this fall and put it on buckwheat. It was on land that never would raise anything before. I have never seen a finer crop of buckwheat grown from any land. Manure or any phosphate formerly used on the land was of no avail. I estimate a yield of no less than 200 bushels from 7 acres. I left out a strip in seeding, on which I put a mixture of different kinds of phosphate, but got no benefit. wheat except where Orchilla went. I have used Orchilla all over my wheat this fall, and shall also use it on land for corn next spring.

MR. WILSON writes now, July 22, 1886:—The wheat on which I used Orchilla, 500 lbs. to the acre, was as good as that produced by a high grade phosphate; and a better stand of grass I never saw. Where I used the Orchilla on corn this spring, I can see to a foot where I applied it; and the corn there is better than where I applied barn-yard manure heavily beside it. I consider Orchilla Guano better than barn-yard manure for corn and grass, and equal to it or any other phosphate for wheat.

JOHN T. GAMBLE, Bayview, Cecil Co., Md., July 22, 1886, says:—I have used Orchilla Guano to advantage on wheat, on which I consider its action quite as good as bone. For grass Orchilla is unexcelled by any fertilizer I know of.

THOS. N. WARBURTON, Bayview, Cecil Co., Md., writes July 12, 1886:—Orchilla Guano has been used upwards of ten years on the farm of my father, (now deceased) where I have always lived, and now live—and always with the best results on the various crops to which it was applied, and with large and continued increase of the grass crop following, and this may now be seen on the place.

WM. T. MILLER, Elkton, Cecil Co., Md., writes July 4, 1885:—I do unhesitatingly endorse and recommend Orchilla Guano as a fertilizer. It has always improved my wheat crop greatly, and the grass following is always remarkably excellent. I shall want my supply this fall.

CHARLES H. OWENS, Elkton, Cecil Co., Md., writes July 4, 1885:—I have used Orchilla Guano for several years, and meantime have used other fertilizer phosphates, and find the Orchilla equally as good for grain crops, and far more productive for grass; and for permanent improvement of land, the best.

JOHN WHITE, Mechanics' Valley, Cecil Co., Md., July 30, 1886, writes:—I confidently recommend Orchilla Guano as a good and permanent fertilizer, it having produced for me excellent crops of grain and grass. I think it fully equal to bone.

JOHN T. GALLAHER, Elkton, Cecil Co., Md., writes, July 13, 1885:—I have used Orchilla Guano, year after year, for several years, and have always found it beneficial to the crops, both of corn and wheat, and therefore recommend it as a reliable fertilizer for grain and for grass as well, and at less cost than most fertilizers.

Trustees' Sale

—OF—

VALUABLE

REAL ESTATE

BY VIRTUE of a Decree of the Circuit Court for Kent County, in Equity, the undersigned, as Trustees, will offer at Public Sale, on

TUESDAY, 14th day September, 1886,

at the Voshell House, in Chestertown, at 11 o'clock A. M., the Real Estate of GEO. W. T. PERKINS, late of Kent County, State of Maryland, deceased.

THIS ESTATE CONSISTS OF

Five Farms,

hereinafter described and distinguished by the Nos. 1, 2, 3, 4 and 5,

AND A NUMBER OF

VALUABLE LOTS

IN CHESTERTOWN,

a plot of which will be exhibited at the sale.

Farms No. 1, 2 and 3

are parcels or divisions of the justly celebrated farm usually known as

The Thomas or Perkins' Corner Farm

including therewith about Ninety Acres of the "Raisin Farm," and are situated in the Second Election District of this county, and near the thrifty village of Kennedyville, on the Baltimore and Delaware Bay Railroad, heretofore called the Kent County Railroad.

—No. 1—

is now occupied by Mr. Samuel Taylor as tenant. It contains about

230 Acres,

of which about 190 acres are arable, the residue is in WOOD.

—No. 2—

CONTAINS ABOUT 180 ACRES,

all arable, and is now occupied by Mr. James Taylor as tenant.

—No. 3—

CONTAINS ABOUT 220 ACRES,

about 200 arable, the balance is in Wood and Branch. Mr. L. A. Pennington resides on this farm.

Nos. 4 and 5 are divisions of the

Hopewell Farm,

in the Fourth Election District of this county; and lies on Morgan's Creek and Chester River, not over 2¼ miles from Chestertown.

—No. 4—

CONTAINS 198 ACRES

of arable land, 30 acres in marsh and branch and 20 acres in Wood, and is now tenanted by Mr. Jacquet.

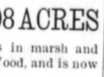
—No. 5—

On No. 5 William Barrett resides.

It Contains 295 Acres,

of which 175 acres are arable, 80 in marsh and 40 in Wood.

All the aforesaid farms are IMPROVED with the usual FARM DWELLING and OUT-BUILDINGS in good repair and all are well-fenced; and in addition No. 5 has a



PEACH ORCHARD of 4000 TREES,

PLANTED LAST FALL.

On a careful examination of these lands rare inducements to purchase will be presented on account of the character and natural fertility of the soil, and especially that of Nos. 1, 2 and 3 which will bear a most favorable comparison with that of the most productive estates in this county; being well adapted to all cereals and fruits—particularly peaches; and all have the advantage of a daily and convenient access by rail and water to the markets of Baltimore, Philadelphia and other cities, and all are near churches, schools, postoffices, mills, &c.

The contents of these farms may hereafter be changed by a survey to be made under the direction of the trustees, the plots of which will be exhibited on the day of sale.

The dwelling is nearly surrounded with a large portico supported by iron pillars. It has also a Meat House, Ice House, a Stone Stable, Carriage House and other improvements.

The trustees intend to divide this lot into three lots, which will give to the dwelling with all the other improvements except the stone stable and carriage house, a front of 118 feet on Front Street, and running at right angles to Chester River, which will be dwelling house lot No. 1.

There is also the lot usually called

THE BRIDGE LOT,

lying between Mr. W. N. E. Wickes' property and the terminus of Maple Ave.

A carefully prepared plot of the proposed lots will be exhibited at the sale, and each will be offered as described on said plots.

SECTION 34. *And be it enacted*, That if any officer of registration shall fraudulently register, or fraudulently permit to be registered in any registry of voters, or in any list of qualified and registered voters in his charge as officer of registration, any person who is not entitled to be registered therein as a qualified voter, or if any other person not authorized by the proper Judges or Judge, shall inscribe the name of any person as a qualified and registered voter in any registry of voters, or in any list of qualified and registered voters, or if any officer of registration shall fraudulently refuse or omit to register, or shall fraudulently misspell in any registry of voters, or in any list of qualified and registered voters in his charge as an officer of registration, the name of any person entitled under the provisions of his Act to have his name inscribed in such registry of voters, or if any officer of registration shall fraudulently strike from any registry of voters, or from any list of qualified and registered voters in his charge as an officer of registration, the name of any qualified and registered voter entitled to remain inscribed upon such registry of voters or list of qualified and registered voters, or if any person not authorized by the proper order of the Judges or Judge, shall fraudulently strike from any registry of voters, or list of qualified and registered voters, the name of any person therein inscribed as a qualified and registered voter, or if any officer of registration shall enter the name of any person as a qualified voter in any registry of voters in his charge, as an officer of registration, at any time, except on a day appointed by this Act for one of his public sittings as an officer of registration, and except between the hours appointed for such public sitting, or if any officer of registration shall do any act which is by this Act forbidden to be by him done, or shall omit to do any act which is by this Act required to be by him done, such officer of registration, whether he be a principal or assistant officer, shall be guilty of a misdemeanor, and upon conviction thereof by a competent Court, shall be punished by fine, not exceeding five hundred dollars, or by imprisonment not exceeding three years, or both fine and imprisonment as aforesaid.

SECTION 35. *And be it enacted*, That if any person shall fraudulently register, or attempt to register, in any election district, or election precinct, in this State, or the name of any other person, living or dead, or under any fictitious name, or shall fraudulently cause himself to be registered, or attempt to cause himself to be fraudulently registered in any election district, or election precinct in this State, knowing that he has not the right to be registered in such election district, or election precinct, or shall, by force, threats, menace, intimidation, or other unlawful means, prevent or hinder any person having a lawful right to register, from duly exercising such right, or who shall compel, or endeavor to compel, by any such means, any officer of registration to admit to registration any person not legally entitled thereto, or who shall unlawfully interfere with any officer of registration in the discharge of his duties under this Act, or who shall make any assault and battery, or incite or create any riot or any breach of the peace, at or near to any place of registration in this State during the sittings of any officer of registration provided for by this Act, he shall be guilty of a misdemeanor, and upon conviction thereof by a competent Court, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment not exceeding three years, or by both fine and imprisonment as aforesaid.
