CHESTERTOWN, MD., SATURDAY, SEPT. 25, 1886.

NINTH ANNUAL STATE FAIR

Agricultural Society of Delaware
AT FAIRVIEW PARK
DOVER, DEL.
September 27, 28, 29, 30, October 1, 2.

LIBERAL PREMIUMS.

Competition Open to the World!
Grand Display of Live Stock, Cereals, Agri-
cultural Implements and Machinery.
Household Products, Fine Arts.

Two GRAND MUSICAL CONCERTS daily by
State Capital Band, of Dover.

Trials of speed daily by some of the finest
horses in the country.

Tuesday will be Children's Day, when all
children under twelve years will be ad-
mitted free of charge, but they must be under
the protection of parents or some one else.

This fair is to be the largest ever held. Every
one is taking an interest in it, and the displays
made. The Managers assure the public that
they have spared no effort to make this event
one of the most successful ever held in this
State. See bills at your nearest railroad station
for special excursion rates. All trains stop at
Fairview Park.

At Fairview Park, Delaware, on Tuesday
will be called to several special pre-
sentations. On Wednesday, October 1st, the

Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Sunday, November 16th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Monday, November 17th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Tuesday, November 18th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Wednesday, November 19th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Thursday, November 20th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Friday, November 21st, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Saturday, November 22nd, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Sunday, November 23rd, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Monday, November 24th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Tuesday, November 25th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Wednesday, November 26th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Thursday, November 27th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Friday, November 28th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Saturday, November 29th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Sunday, November 30th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Monday, December 1st, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Tuesday, December 2nd, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Wednesday, December 3rd, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Thursday, December 4th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

On Friday, December 5th, the Delaware
Agricultural Society will exhibit a collection
of fine horses, and on the same day will
exhibit a collection of fine horses.

T. W. ELIASON, JR.,

STANDARD FERTILIZERS.

CHESTER COMPOUND.

No. 1 Ammoniated Superphosphates.

COMPLETE FERTILIZERS of HIGH GRADE

Rich in Available Phosphoric Acid, Ammonia and Potash.

The Excellence of these Fertilizers is Proven by

their uniform popularity with a large portion of the largest and most successful

practical farmers in this community who have been using them for the past 9 years.

This excellence will be maintained and no demand for cheap goods will influ-

ence us to lower the quality of these brands.

The market rates for Materials for Fertilizers are about the same they were a

year ago and hence we are only able to make a slight reduction in price—which we

have done and will be pleased at any time to give quotations.

ALSO FOR SALE:

Strictly Pure High Grade Dissolved Animal Bone,

Dissolved South Carolina, Muriate of Potash,

Sulphate of Potash, &c., &c.

T. W. ELIASON, JR.

July 31, 1886—50.

1886. —1886!— 1886.

HINES & CACY.

Wheat Phosphate,

We again offer to the Farmers of Kent County our two Reliable Brands of Bone

"STANDARD" and "OLD KENT"

These two brands were largely used last year in every section of the county, in many

cases being placed along side of the best brands of Phosphate sold here. In every

case where our Phosphate was used it gave perfect satisfaction, both in regard to

Phosphate. Material being no lower in price this year than last, we are unable to

materially reduce the price of our two leading brands, as we sold them as close as

possible last year. But to meet the demand for a Medium Priced Fertilizer we have

added a third brand to our list which we entitle

RELIANCE.

This is a Bone Fertilizer and in quality of Materials used in its manufacture, drill-

ing, grain and grass producing qualities, will be found equal to any fertilizer sold for the same money anywhere.

We have also on hand a Large Stock of Dissolved Bone, Bone Black, South Caro-

lina Bone, Muriate of Potash, &c., which we offer at lowest prices.

Yours respectfully,

HINES & CACY,

Chestertown, Md.

August 7, 1886—41.

Williams, Clark & Co's

AMERICAN BONE FERTILIZER

FROM BLOOD AND BONES

General Office Cotton Exchange Building New York

PURE

Slaughter-House Bone Fertilizers!

The well-known High Grade Fertilizer, Manufactured by Williams, Clark &

Co., are offered to the farmers of Kent for Fall feeding. Considerable quantities

of the different brands were sold in Kent County last year and in every instance gave

perfect satisfaction, indeed in many cases the results have been remarkable, and it is

only necessary that the farmers should become thoroughly acquainted with their

intrinsic value to insure almost their universal use.

Some instances may be mentioned: One farmer applied our American bone

side four other brands. The result was that the American gave him five bushels

more per acre than either of the other goods. Another test with two other goods

of ground, time of seeding &c., being exactly alike.

This house being one of the largest in the United States, considers their repu-

tation involved in every ton of goods they send out and consequently will not allow

anything but a first-class article to be sold under their brand, and may be confidently

relied upon by the farmers as strictly according to representation.

THEY ARE UNIFORM.

The goods we manufacture are uniform in composition, and are only varied

in proportions, year after year, as we believe it to be an advantage to the crop. We

of New York that our fertilizers are largely composed of these, and there is not

that ingredient for us to use cheaper material, that there might be if we did not

have this material.

Our products are of a BONE BASE, because we believe that it is the most satis-

factory source of phosphoric acid, and the large amount of animal matter our fer-

tilizers contain makes them especially valuable in what may be
