TO CORN PLANTERS!
HOLLOWAY'S

Are the most concentrated, complete and durable FERTILIZERS ever offered to
the public. It is the universal opinion of Farmers and Planters of Maryland and
Virginia, after more than Twenty-eight years' experience in their use, that an ap-
plication of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer
of U.S.A., therefore 50 per cent cheaper.

UNIFORM QUALITY IS GUARANTEED!
Farmers, to secure the ONLY GENUINE EXCELSIOR AND PHOSPHATE
should see that every Bag is branded as above, with the Analysis and My Name in
Red Letters.

Animal Bone Fertilizers!
FOR CORN, OATS, VEGETABLES AND
FRUIT TREES!

The BONE PHOSPHATE OF LIME being derived from ANIMAL BONES; the Ammonia
from BLOOD and MEAT, and the Potash from Murate and High Grade Salt.
Of Potash, makes these goods especially valuable to the Farmer as a CROP
PRODUCER and a PERMANENT IMPROVER of the Soil.

Peach Yellows Specific!
Composed of Dissolved Bones, Sal and Murate of Potash and Kiesite (Crude
Magnesium Sulphate.)

Prevents Disease Colors the Fruit,
—AND—
Permanently Improves the Trees.

Dis. Slaughter House Bones, Bone Meal, Murate of Potash, and all kinds of materials

High-Grade Fertilizers!
—AND—
PURE CHEMICALS FOR ALL FORMULAS.

ANALYSES:
PURE GROUND RAW BONE: 5 to 6 per cent. Ammonia, 50 to 52 per cent. Bone Phosphate.
PURE DISSOLVED RAW BONE: 3 to 3 1/2 per cent. Ammonia, 32 to 36 per cent. Bone Phosphate

It is no longer a question for the farmer to determine whether Fertilizers pay
him or not; it remains for him to determine the kind and quality which pay him
best. We make a specialty of furnishing in quantities to suit the purchasers every
kind of Fertilizer for the purpose of fertilizing the soil. We sell, separately or will
manufacture and mix it to order according to any formula which may be required. Our
brands of ammoniated Bone superphosphates we guarantee to be made of the best
and purest materials, and which have stood successfully the test and competition of
40 years, we respectfully commend to farmers who are not governed in their pur-
chases by the low prices rendered of the more important considerations of quality.

We have also a Carefully Prepared Fertilizer for Peach Trees, Corn and Out Fertilizer,
BIRD GUANO AND POTASH.
Pure Dissolved South Carolina Bone Phosphate, Murate of Potash, Kainit, Sulphate
of Ammonia, Nitrate of Soda, Agricultural Salts, Ground Plaster, and all
Chemicals used for FERTILIZING PURPOSES.

Wonders of Dreams.

A prominent Philadelphia physician, who as a
specialist in diseases of the brain has a wide
reputation, is engaged in writing a little book
about dreams and dreamers. In a discursive
mood the doctor talks about the psychological
phenomena commonly spoken of as dreams in a
most entertaining way. "Generally," said he,
the other evening, "we think of nothing so swift
as the electric current, and yet a flash of light-
ning is a slow coach compared with the rapidity
with which upon occasion the human brain op-
erates. Nothing shows this in so striking a man-
ner as the wonderful performance of the mind in
dreams. The events of years, to the minutest
detail, are recalled in a second; and purely
imaginary events, covering years and decades,
are pictured so as to be conjured up in the
mind of a minute. Some years ago a friend
of mine related to me the particulars of a
strange dream he had had. He was nursing
a friend whose illness was such that he re-
quired constant watching. My friend had been
at his bedside for nearly ten hours. A little
French cook in an adjoining room struck the
half hour, and that gave notice of the time to
administer the patient's medicine. At two
o'clock a dose of morphia had to be given. The
cook and the nurse were waiting for the little
boy to strike the clock. He was very sleepy, and
with difficulty kept his eyes open. Presently the
clock struck, and the boy, who had been sitting
at that moment my friend fell asleep in his chair.
He dreamed a most wonderful dream, the details
of which would be of little interest to me. The
events in the dream were spread over just two
years, during which time he was present in Paris,
London, New Orleans and in several European
trips by land, lake and river. His vision
was an excruciating, when the dreamer saw his
wife strangled. The most minute details of the
travel and adventure were minutely portrayed.
It is related of a French nobleman, who was
voluntarily killed in a duel, that he dreamed of
the events of the war. When he awoke with
the memory of the dream, he heard the French
cook strike the clock. He was very sleepy, and
with difficulty kept his eyes open. Presently the
clock struck, and the boy, who had been sitting

trips by land, lake and river. His vision
was an excruciating, when the dreamer saw his
wife strangled. The most minute details of the
travel and adventure were minutely portrayed.
It is related of a French nobleman, who was
voluntarily killed in a duel, that he dreamed of
the events of the war. When he awoke with
the memory of the dream, he heard the French
cook strike the clock. He was very sleepy, and
with difficulty kept his eyes open. Presently the
clock struck, and the boy, who had been sitting
at that moment my friend fell asleep in his chair.
He dreamed a most wonderful dream, the details
of which would be of little interest to me. The
events in the dream were spread over just two
years, during which time he was present in Paris,
London, New Orleans and in several European
trips by land, lake and river. His vision
