Notes from Galena.

CONSTABLE MILLER was telephoned for from Locust Grove on Friday, 2d instant, to go and arrest a colored man there for very disorderly conduct. The constable, with a friend, went, but when they got there the man could not be found, so the constable and his friend enjoyed themselves very pleasantly with their Locust Grove friends until late in the afternoon, when it was time to leave for home. The constable deputized one of the citizens to arrest the man on sight and "phone" him. On Saturday morning he got word they had the man. He was brought before Esquire Miller, who sentenced him to three months in the House of Correction. The constable chained him in a small frame building in nearly the centre of the town, expecting to take him to the House of Correction on Monday. On Saturday night, some time after 12 o'clock, he escaped. Up to that time the stores were open and a good many colored people were about, and it was thought he must have been supplied with some tools, as he cut his chains by some means. This is the second prisoner that has escaped recently in a similar way. It shows the necessity of having some secure place to lock up such prisoners. It looks like a farce to go to the trouble of arresting such characters and keep them for such a short time; in fact, only until they feel like leaving. The county authorities ought certainly, for the welfare of our people, provide some secure place to lock up prisoners while they are detained here. The cost to the county for such a place would be so insignificant that it ought not to be taken into consideration when the safety and good order of the people demand it. When a prisoner is kept here over night now the first inquiry in the morning is, "Is he gone?" or "What has he taken away?"

THE Catholic picnic in McCauley's woods on Wednesday afternoon and evening was well attended and a success financially.

SOME of our farmers about here have just got through stacking wheat.

POLITICS IN WORCESTER COUNTY.—Worcester promises to have three tickets in the field this fall. The prohibitionists led off by nominating a ticket early in July, and though the republicans have made as yet no official announcement, it is likely that they will also have a ticket. While the prohibitionists have drawn largely from the republican ranks, there is no coalescing spirit between the two parties, and the breach between them is wide.

The chief bone of contention within the county will be for the clerkship of the Circuit Court. Mr. John W. Staton, the late clerk, who died in office a few months ago, had served but two of his 6 years' term, and as he was from Berlin that district thinks it should furnish the next clerk. Accordingly two candidates have presented themselves from that place, namely, John R. Purnell and Francis Henry Purnell, the latter of whom was a member of the last Legislature. On the other hand John M. Richardson, the present incumbent, who is from Snow Hill, and who was promoted by appointment from deputy to the clerkship, thinks the manner in which he has filled the duties of the office merit his retention, and is accordingly contending for the same.

HAVRE DE GRACE WILL GET THE FACTORY.—About a month ago negotiations were entered into between several of the leading citizens of Havre de Grace and Messrs. J. Faust & Sons, a large shoe manufacturing firm, at present doing business in Baltimore, whereby that firm agreed to remove their entire plant to that place, provided they were given sufficient lands upon which to erect suitable buildings, to be exempted from local taxation, and twenty-five thousand dollars cash as a bonus. The question was submitted to the people at an election held last Saturday, after twenty days' notice. There were 512 votes polled out of a possible 700, and of this number 510 were in favor of the ordinance. The ground which was selected by Messrs. Faust & Sons has been given to them by the Havre de Grace Improvement Company, and is situated in the western section of the town, near the P., W. & B. R. R., and is considered a most excellent site for the large buildings which the firm propose erecting.

THE President made a large number of appointments on Monday and Maryland was not ignored in the allotment of prizes. Chas. E. Adams, of Baltimore, was a holder of one of the lucky tickets. At the instance of Representative Stockbridge and a number of prominent business men and politicians of the Monumental City, Mr. Adams was selected as Indian agent for the Kiowa Agency, in the Indian Territory. There were a number of Marylanders after one of these Indian agencies, but Mr. Adams had the longest pole, and of course he reached the persimmon.

BENJAMIN BOND, a dealer in horses, who has been residing and carrying on business in Baltimore for some time at No. 1825 Enson street, was instantly killed about 2 o'clock Monday morning by being run over by a locomotive on the Northern Central Railway, between Shrewsbury and New Freedom, Pa. Mr. Bond had gone up on the train to Shrewsbury to buy horses, and at the time of the accident was walking along the track. Mr. Bond leaves a wife and several children. The remains were brought to Baltimore. Mr. Bond was a native of Philadelphia.

A BLACK CONFEDERATE.—Eli Pickett, a colored man, has made application for a Confederate pension from the State of Georgia. He rendered valuable service, and was disabled in the military branch of the Confederacy. The Atlanta *Constitution* says Pickett will find that he has plenty of Confederate friends, and expresses the hope that his case may meet favorable consideration.

THE beautiful monument that is to mark the grave of Roscoe Conkling was placed in Forest Hill Cemetery, near Utica, on Monday. It stands near the monument to Horatio Seymour, and is of Quincy granite in the form of a sarcophagus. The monument weighs twenty-five tons, and was cut from a design of Mrs. Conkling's selection.

A STRANGE circumstance occurred at Rockport, W. Va., in connection with the flood disaster. A young lady who lost her voice last autumn when the water came tried to escape. She stumbled and fell and tried to scream for help. Immediately she recovered her voice and found that she could speak as well as ever.

THE people of Berlin, Germany, have given $10,000 to the Johnstown suffers.

Items from Betterton.

BOAT RACING has been the talk among our boat men for some time. We have several nice new skiffs here, and the question for some time has been, "Which is the fastest?" Last Friday was the day appointed to answer the question, and at 10.15 o'clock A. M. they started, with wind southwest (but not very brisk), and ran 2½ miles *dead* to leeward and returned "on the wind." Boats and time as follows: "Estelle," Capt. James T. Crew, 50 minutes and 30 seconds; "Adonis," Captain Jack Owens, 51½ minutes; "Annie Brice," Capt. John Brice, 52½ minutes; "Roy C," Capt. Will Crew, 56 minutes. The first boat to turn the 2½ mile buoy was Adonis, Roy C. second, Estelle third, Annie Brice fourth. The race was won by the Estelle. A small bunting flag was the prize. This race, however, didn't seem to satisfy all of them, so at 2 P. M. they tried it over, with a fresh breeze, a distance of 3 miles to leeward and return, with the fallowing result: Estelle, 42½ minutes; Adonis, 42¾ minutes; Roy C, 43½ minutes; Annie Brice, 45 minutes. This settled the race until Tuesday, the 6th, when another race was gotten up, with one other *new* skiff, the Sadie, Captain Horace Brice. This race was not at all satisfactory, as the start was not a fair one. It will be tried again soon.

EBEN CREW, ESQ., has built himself a very neat, comfortable house, which is quite an improvement indeed. Captain Thomas H. Moore has also built himself a comfortable dwelling.

MRS. KATE CAULFIELD, of Baltimore, visited friends in Betterton a short time ago. Miss Sadie Faulkner, of Baltimore, is visiting friends here. Mrs. Ella Foreman, of New York, is stopping at the Betterton House. Mr. George R. Mann, of Baltimore, is spending a few days here. Robt. C. Young has sold his entire stock of store goods, &c., to Mr. William Owens.

TREBOR.

SHORT CROPS IN BRITISH INDIA.—Southern and Western wheat growers will have a better chance for their grain in foreign markets this year on account of short crops in British India. Reports to the government of the country show that the estimated area is about 275,000 acres less than in 1888, and the wheat yielded sixteen million bushels less. The reports show a decrease of about 32 per cent. Rain is badly wanted in the Asiatic wheat districts. Reports received at the Baltimore Corn and Flour Exchange place shipments of wheat from India for the week ended July 27 at 760,000 bushels, of which 560,000 bushels went to Great Britian alone. Advices from Southern Russia also indicate a much lighter crop than usual in that section.

GOV. JACKSON IN CAMP.—Gov. Jackson went to Baltimore on Tuesday from Salisbury and visited the Wesley Grove (Southern Methodist) camp, arriving on the ground just in time for dinner. The Governor dined with Mr. T. J. Magruder, and was his guest during his stay in camp. He walked about the grounds on a tour of inspection, and attended the children's service in the afternoon. At its close he held an informal reception just outside the tabernacle. Nearly everybody in camp, and particularly the young ladies, went up to be introduced and shake hands. Governor Jackson was very much pleased at the welcome given him at Wesley Grove, and expressed regrets that he could not remain until the camp closed.

CAPTAIN JOHN TURNER, one of the best known citizens of Wicomico county, died at his home at Tyaskin, on Monday, aged seventy-six years. Captain Turner began life as cabin boy on a Chesapeake bay schooner. He soon rose to a responsible position, and in a few years was captain of a schooner which plied the bay from points on the Wicomico river to Baltimore. He was well known among the business men of Baltimore, with whom he traded. Before Wicomico was made a county Captain Turner served Somerset county twice in the State Legislature, the last time in the winter of 1860-'61. Rev. H. C. Turner, pastor of Salem and Union churches, is a son of the deceased.

TRADING IN THE CONGO COUNTRY.—Lieut. Dhanis has just returned to Brussels after a sojourn of three years in the Upper Congo country. He reports that commerce is growing rapidly in that region and that the trading stations are prosperous. Nineteen steamers ply on the river. The natives are eager for traffic. During a journey of eighteen days on foot between Leopoldville and Matahdi, Lieut. Dhanis met thirty white travelers. A trading population along the river banks is fast developing.

ASSIGNED.—The George W. and S. Taylor Company, manufacturers of agricultural implements at Smyrna, have made a voluntary assignment and appointed Henry D. Boyer as trustee. The liabilities will reach nearly $32,000, while the assets foot up $38,000. It is believed that they will be able to settle up satisfactorily and resume business at an early day.

CHARLES FELL, youngest son of William Fell, of the Delaware House, Smyrna, died very suddenly last Friday morning. He was placing some boxes of cigars on a shelf at the time, and fell to the floor, expiring immediately. He was a universal favorite and his death is deeply regretted by a large circle of friends and acquaintances.—*Clayton Call.*

SWIFT'S SPECIFIC has cured me of a malignant breaking out on my leg, which caused intolerable pain. It was called Eczema by the doctors—four of whom treated me with no relief. I candidly confess that I owe my present good health to S. S. S., which in my estimation is invaluable as a blood remedy.

Rock Hall Notes.

LAST Saturday our Rock Hall boys—the Chesapeake baseball club—had their third contest with the Queenstown club, resulting in a Rock Hall victory of four to two, thus beating the Queenstown boys two games out of three for the season.

ON Saturday night we had a very pretty passage of bare knuckles, which, on being appealed to Esquire Davis, resulted in a depression of the black-eye market. At last quotations the "ticker" indicated $5@$5.50 per pair, according to size and quality, which brings down the price so that any one may indulge in the luxury as soon as we get salvage on drift logs, which are going away now at the rate of 1,000 per day, making things quite lively for this our usually dull season.

WE now have two daily steamers, while (we are sorry to say) we have only business for one; so that one, or both, must lose money.

MULES BY THE POUND.—Mr. Jas. Guthrie, of Shelbyville, Ky., has made a departure in the manner of selling mules, he having just disposed of one hundred head, of Aug. delivery, to New Orleans buyers for fourteen and a-half cents per pound. He expects to average $159.50 per head.

ONE pair of street car trucks were dug out of the sand at Johnstown, Pa., a few days ago, which is all that has yet been found of the equipment consisting about 80 horses and 15 cars.

In memory of my precious wife, MARTHA REBECCA GLENN, who departed this life July 12th, 1889.

Dear companion, thou hast left me,
And my heart is sad indeed;
But I know that thou art happy.
And from pain forever freed.
Patient sufferer, long enduring,
Ripening for the reaper's hand;
Thou art garnered—I will meet thee

A bud the Gardener gave us,
A pure and lovely child;
He gave it to our keeping
To cherish undefiled.
But just as it was opening
To the glory of the day,
Down came the heavenly Gardener
And tood our bud away. UNCLE G.

The little crib is empty now,
And little clothes laid by;
A mother's hope, a father's joy,
In death's cold arm doth lie.
Go, little pilgrim, to thy home,
On yonder blissful shore;
We miss thee here, but soon will come
Where thou hast gone before. MAMA.

In Memory of Mrs. Mary E. Kendall,

BELOVED WIFE OF MR. JACOB KENDALL, OF ROCK HALL.

A union memorial service was held in the M. E. Church at Rock Hall on Sunday Morning, the 4th inst., by the Sunday-school, the Woman's Christian Temperance Union and the Ladies' Mite Society, of which Mrs. Kendall was a faithful and efficient member. Interesting and impressive eulogies were made by Mrs. J. B. Stevens in behalf of the Sunday School, and by Mrs. N. McQuay, in behalf of the Woman's Christian Temperance Union; also by the pastor, after which the following resolutions were passed:

BY THE WOMAN'S CHRISTIAN TEMPERANCE UNION.

WHEREAS, we have been called upon to yield to death's claim a beloved member of our union, MARY E. KENDALL;

Resolved, That we hereby express the high esteem in which we held our sister, and that we will ever cherish in our memory her unswerving fidelity to the priciples of our union in its various degrees of work.

Resolved, That we deeply sympathize with the afflicted husband and children, and commend them to the infinitely loving Father, in whom the dear departed put her confidence.

Resolved, That as a further token of respect we wear our white ribbon tied with black for six weeks; and be it further

Resolved, That a copy of these resolutions be furnished to the bereaved family and a copy sent to the KENT NEWS for publication.

This time last year she was with us,
Her place is vacant today;
No words can tell how we miss her
Since the morning she went away.
In the mid-summer dawning
She heard the sweet "Well done,"
The voice of the Master calling,
As "higher" He bade her come.
In the mid-summer morning
She entered the gates of rest,
With the ransomed, crowned and blest,
At home in the land of the blest.
Missing, not lost we'll remember
As we bow to the chastening rod.
In our Father's house we'll greet her
Safe in the presence of God.

BY THE LADIES' MITE SOCIETY.

WHEREAS, it has pleased our Heavenly Father in his infinite wisdom and love, to remove from our midst our beloved sister and co-laborer, MARY E. KENDALL, whose devotion and fidelity to the Master's cause endeared her to us all; be it

Resolved, That we deeply feel the loss we have sustained in the removal of such a faithful and willing worker.

Resolved, That while we deeply feel our loss we hereby express our sympathy with her stricken husband and children in their profound sorrow, and bid them look to Him who can all our sorrows heal.

Resolved further, That a copy of these resolutions be presented to the family of the deceased, and a copy be sent to the KENT NEWS for publication.

Our sister's gone, but not forgotten,
Though her presence we'll see no more.
But we hope, when life is over,
To meet her on that happy shore.
Gone! yes, gone forever;
Her happy face we'll see no more.
But she's gone to join the angels,
Where from sorrow she is free.
Now she's gone, oh! how we miss her
In our band of work and love,
But her work on earth is ended,
She has gone to live above.
We loved her; yes, no tongue can tell
How much we loved her and how well.
God loved her, too, and thought it best
To take her home with Him to rest.

BY THE SUNDAY-SCHOOL.

WHEREAS, it has pleased our Heavenly Father to remove by death our beloved sister and faithful co-laborer in the Sunday-school, MRS. MARY E. KENDALL,

Resolved, That we remember with thankful hearts the earnest devotion she manifested in the work assigned her as teacher in the school.

Resolved, That we record our appreciation of her qualities as a friend and faithful worker along all lines of Christian effort which enlisted her talents.

Resolved, That while we deplore the loss of her presence and work, we bow in submission to the will of God, who is too wise to err and too good to be unkind.

Resolved, That a copy of these resolutions be presented to the family of the deceased and a copy be sent to the KENT NEWS for publication.

FAILURE OF CAROLINE'S MELON CROP.—A section of Caroline county lying on the Choptank river, in the vicinity of Dover bridge and Medford's wharf, is one of the best melon-growing regions in the country. Though of limited area, it grows melons of the finest quality, and in a fruitful year crops that are worth thousands of dollars. This year the crop is so nearly an entire failure that very little account is taken of it. The combined product of all the growers will not aggregate five hundred dollars.

THE GREAT WHEAT AND CLOVER PRODUCER,

We Still Offer at $27 per Ton, Delivered, on Time.

WE in reality ought to have more money, but in view of the low price of grain, and seeing the need of the farmers, we determined to try and meet their requirements. Our Junior having visited the principal slaughtering houses in the West this season, and having bought our materials right, we are enabled to offer SPECIAL INDUCEMENTS FOR CASH or FIRST-CLASS PAPER. *And, by the way, do you know that Fertilizers always act and give better satisfaction after they are paid for?* Before giving your order, please see us concerning, and if we cannot do as good a part by you as anybody, don't buy of us.

August 2d, 1889.
T. R. HUBBARD & SON—Gentlemen:—I have used your A. A. for several years and am now thoroughly convinced that there is no better goods on the market. I used it last year alongside of Animal Bone and Peruvian Guano. A. A. was the best. I also made the following test in connection with Bone Meal and Potash, in this test too, A. A. excelled. I am so well pleased with your goods that I will get my entire supply of you this fall
Respectfully, J. B. HARRIS.

LANKFORD, August 5th, 1889.
GENTLEMEN:—I have use A. A. for several years with entire satisfaction on part of my wheat. Where it was used my yield this year was 30 bushels per acre, and will use more this fall.
Very truly yours, JOSEPH RASIN.

CHESTERTOWN, August 6th, 1889.
GENTS:—We tried 16 tons of your A. A. and Extant Phosphate on our wheat last fall, and the result was highly satisfactory, although it has been a poor wheat year, we had on a slightly increased acreage over 500 bushels more wheat than we had last year when another make of fertilizer was used. To its action we attribute a heavy growth of clover and timothy. We expect to use it this fall, and do not hesitate to commend it.
Very respectfully, HOPE H. BARROLL.

INVITE YOU TO READ THE FOLLOWING:

Expenses! Expenses! Expenses!

ARE what every practical farmer, mechanic, merchant and manufacturer should watch carefully, saving here and saving there by economy and system for the times are hard, and every dollar is needed. It should therefore be a study, especially to the farmer and manufacturer; each should try to lessen the cost of producing their articles for sale, so that at the end of the year they will come out even if not ahead. This is the way we look at it. Don't you? And therefore we have made this year a very decided change. We have parted with our mill in Chestertown. Why? Because it would not pay to run it. The extra hauling of goods, the trouble of labor, the taxes, insurance, lease, extra hauling, reshipments from an inconvenient place, interest on goods carried over, and waste in handling, besides the expense of a superintendent so many idle months in the year. All this is expense and a very unnecessary expense. How do we work it now? In this way. We have our goods made under our own supervision. On account of the Baltimore works large capacity (eleven hundred tons per day) it does not take long to manufacture what we require. The analysis of every article we know and we *guarantee* the analysis to you. We have the advantage of direct shipment, better labor, improved machinery, cheap freights, no lease, no interest on goods carried over, no superintendent's expenses, and less cost per ton for the manufacture. The greater the work the less the cost. We therefore can and will sell cheaper, dividing our advantages with you. Our goods are just the same as we have always sold you and will be kept at their high standard. We are determined to please you if low prices and a good, well-made fertilizer will do so. Our results this year, for the season, have been wonderful. *Read this over again*, think over it and call upon, or wait for us to call on you.

WILLIAM H. CACY

Manufacturer of FERTILIZERS,

Chestertown, Maryland.

"STANDARD!" "NEW LIFE!" "RELIANCE!"

The above Brands of Wheat Fertilizers

Have been used now for several years in this and adjoining counties and have proved equal to anything on the market, both as **Grain and Grass Producers** and **Improvers of the Soil**. On many occasions they have been tried in competition with other well-known Brands, and in all cases have given perfect satisfaction.

My sales having increased so rapidly I found it imperatively necessary to have increased facilities for manufacturing, so bought the factory formerly occupied by Messrs C. W. Kennard & Co., and, having made considerable alterations and improvements therein, am now prepared to fill all orders promptly and in **First-Class Drilling Condition**. For those wishing SPECIAL FORMULAS compounded, we have on hand a

LARGE STOCK OF RAW MATERIALS,

and am prepared to mix any required Formula in lots of not less than five tons, at THE LOWEST POSSIBLE PRICES. Respectfully,

WILLIAM H. CACY.
