CHESTERTOWN - AUG. 17, 1889.

PRIMARY MEETINGS.

Pursuant to a call, the Democratic Executive Committee of Kent county met in the court room, Chestertown, on Tuesday last. The meeting was called to order by W. S. Walker, chairman; Hope H. Barroll, secretary. The committees for the different districts reported as follows:

First district—J. Fletcher Wilson, R. F. Moffett in place of C. O. Cacy, Isaac Gibbs, Thos. E. Roe, Noble E. Pennington.

Second district—Dennis J. Nowland, Garrett Foxwell in place of C. W. Spry, Wm. J. Hurlock, G. O. Roeder, Wm. Fletcher Melvin.

Third district—Richard C. Smyth, J. H. Henry in place of W. R. Gale, E. M. Taylor in place of W. W. Rasin, George W. Rodenhizer, John W. Ivens.

Fourth district—W. S. Walker, Hope H. Barroll, J. M. J. Byron, Colin F. Stam, Gus. Startt in place of J. W. Loud.

Fifth district—Earle R. Strong, Edgar H. Strong, Geo. E. Leary, Harry S. Francis, W. M. Miller.

The secretary read a letter from the ...ckson Democratic Club" of the fifth ...tion district, as follows:

...he Executive Committee of Kent County—...men: At the last regular meeting of ...ckson Democratic Club" of the fifth ... a resolution was unanimously passed ...g the secretary of the club to com...te with the executive committee ... is the sense of the club that the ... plan of nomination be abolished, ...e committee call a meeting of the ...of their respective polling places in ...istrict to select five good men, all of ... shall meet in county convention to ... the county officers.

Respectfully yours,
JOHN DICKINSON, Sec'y.

The committee discussed the letter both as to the manner of nomination suggested and the number of the committee to be selected in each district for the purpose of making such nominations.

The following resolution was offered and was recorded. After a discussion by the committee, it was unanimously adopted:

At a meeting of the County Democratic Executive Committee held on Tuesday, Aug. 13, 1889, ordered: That instead of adhering to the present plan of voting in each district for the several candidates in nomination and for a committee to represent said vote in convention and to record and announce the same, that the Democratic voters of each district meet on Saturday, Aug. 31, at 2 o'clock P. M., at their respective polling places, and select as they may deem proper, either by appointment of their chairman, or by vote of the meeting, 15 discreet and unpledged men to represent their district in county convention, to be held at Chestertown, Md., on the following Tuesday, Sept. 3, at 11 o'clock A. M., for the purpose of selecting and nominating for the suffrages of the people, two candidates for the House of Delegates, one candidate for sheriff, five candidates for county commissioners, and one candidate for county surveyor.

W. S. WALKER, Chm'n.
H. H. BARROLL, Sec'y.

POLITICAL NOTICE.

The Democratic voters of Kent county are requested to assemble at their respective voting places on SATURDAY, AUGUST 31, 1889, at 2 o'clock P. M., for the purpose of selecting fifteen delegates from each district to meet in county convention in Chestertown on Tuesday, September 3, 1889, for the purpose of choosing three delegates to the State Convention, which meets in Baltimore on the 12th day of September next, to nominate a candidate for Comptroller of the Treasury. We would suggest that the committee selected to nominate the county ticket be empowered to choose the above delegates.

SAMUEL BECK,
C. S. HURLOCK,
JOHN P. NICHOLSON,
State Central Committee.

EX-JUDGE DAVID S. TERRY, accompanied by his wife, formerly Sarah Althea Hill, entered the Southern Overland Railroad dining-room at Lathrop, Cal., Thursday morning and slapped the face of Justice Stephen J. Field, of the United States Supreme Court, whereupon United States Deputy Marshal David Nagle shot exJudge Terry through the heart, killing him instantly.

THE next vacancy on the bench of the Maryland Court of Appeals will be that of Judge Frederick Stone, who is also chief judge of the seventh judicial circuit, comprising the counties of St. Mary's, Charles, Prince George's and Calvert. His term expires by constitutional limitation as to age February 7, 1890, during the session of the Legislature, when he will be 70 years old.

THREE railroads, which will open up important sections of the State, are now in process of construction in Maryland—the Deer Creek and Susquehanna in Harford county, the Baltimore and Eastern Shore in Talbot and the Drum Point in Calvert.

MR. EDWARD KIMBERLY, who for many ...s conducted the wholesale provision ...ess at the corner of Pratt and Patter...reets, Baltimore, died at his residence ...city last Monday morning. He re...om business eight years ago.

A Dastardly Assault.

...entreville *Observer* says: Informa... Monday was received here of an ...pted felonious assault upon Miss Ida ...er, a young lady residing with Mr. ...les Bradley in Queen Anne's county Sunday evening, by Edward Downes, a ...lored boy in Mr. Bradley's employ. The young lady was left at the house alone, Mr. Bradley being in the peach orchard and Mrs. Bradley visiting some friends. Downes went to the house on an errand, and seeing that Miss Booker was in the upper portion of the dwelling alone, started up the front stairway. Miss Booker became alarmed and ran to an out-building the door of which she endeavored to secure. Downes followed and succeeded, after some effort, in forcing the door upon. As soon as this was done Miss Booker started to run, but Downes seized her, and a struggle ensued, the lady screaming all the time and resisting him as well as she was able. Downes, becoming alarmed lest the cries should attract attention, desisted and started for the woods. Miss Booker's clothing was torn and her arms badly bruised. A warrant has been issued for the arrest of Downes. He is about five and one-half feet in height very black, and about 19 years of age. He is supposed to be in hiding near the scene of the assault, as his relatives reside in the immediate neighborhood. Miss Booker is a modest young lady of pleasing appearance about sixteen years of age. She has lived with Mr. Bradley's family for the past five years, her father being dead and her mother living with the family of Levi Clough, seven miles from here.

WHERE THE ECLIPSE IS SEEN.—Not since the year 1712 have there been two total eclipses of the sun in a single calendar year, and this phenomenon will not occur again until the year 2057. The present year has, however, two eclipses, one an annular, which occurred June 28, and was visible in the Indian ocean and South Africa, and the other, total, which will be visible in a part of South America and in most of Africa. The best places for observation will be on the west coast of Africa, and the American party of observers who go out under the auspices of the Navy Department will make their observations at Muxima, a town about a hundred miles to the southeast of St. Paul de Loanda.—*Boston Evening Traveler.*

BALT. AND DEL. BAY RAILROAD.

The New Pier at Bombay Hook.

The following account of the recent improvements at Bombay Hook, the terminus of the Balt. & Del. Bay (Kent county) railroad, is given in a special dispatch to the Baltimore *American* under date of August 10: The pier at Bombay Hook for the Baltimore and Delaware Bay Railroad, the New Jersey Central's Southern connection was completed yesterday by the contractor, Alvin R. Morrison, of this city. The new wharf is 460 feet long over all, and has seven feet of water at the outer end at low tide. It is a substantial structure, on which the trains will run directly on to the transport. At the outer end is a Howe truss bridge 96 feet long and 36 feet wide, which will rise and fall with the tide, and attached to it is a pontoon 26x38 feet in extent. Similar terminal facilities have been built on the New Jersey side of the bay at Bayside by Ross & Samson, New York contractors.

A large new three-track barge, holding seventeen loaded freight cars, has been built for his service, and arrived at Bombay Hook on Monday last from New York. The tug Rebekah, of Philadelphia, will do the necessary towing. The railroad itself has been put in good traveling condition, and 150 men are still employed in strengthening and ballasting it. They have almost entirely rebuilt the railroad by substituting new crossties and steel rails along its entire length.

The Central Railroad of New Jersey has spent $250,000 on the Delaware side of the bay alone in improving this line, and they expect to get a fair return from their investment, as the road runs through a rich farming country, and makes close connection with the South. No regular passenger trains will be run this season, but beginning next week two freight trains will run daily, and it is expected that peaches will form a considerable source of tonnage and revenue. General Manager Stacey's headquarters are at Clayton.

P. E. Church Convention.

The triennial meeting of the General Convention of the Protestant Episcopal Church in the United States, which will be held in St. George's Church, New York city, next October, will be of more than usual interest. It will be an occasion doubly centennial, marking the hundredth anniversary both of the union of the church in several of the newly-created States and ratification of the Book of Common Prayer. Questions to be considered, notably the revision of the prayer-book, the basis of representation, the proposed change in the title of the church, marriage and divorce, Christian unity and work among the colored people, appeal to a large number of persons within and without the communion of the Protestant Episcopal Church.

With few exceptions the diocesan conventions elected during the last spring their clerical and lay deputies, and following is the list of those selected in the Maryland and Easton dioceses:

Maryland.—Clerical—The Rev. Drs. J. Houston Eccleston, John H. Elliott, Orlando Hutton and Walter W. Williams. Lay—Hon. J. C. Bancroft Davis, Mr. Jos. Packard, Jr., Judge Wm. A. Stewart and Mr. Skipwith Wilmer.

Easton.—Clerical—The Rev. Messrs. J. A. Mitchell, F. W. Hilliard, the Rev. Drs. H. B. Martin and T. P. Barber. Lay—Gen. E. L. F. Hardcastle, Messrs. W. S. Walker, G. R. Goldsborough and Col. Levin Woolford.

PROHIBITION TICKET.

Pursuant to call the prohibition convention was held in Stam's Hall in Chestertown last Tuesday. Representatives were present from all the districts except fifth.

The convention was organized by electing N. Barnard, chairman, and M. A. Toulson, sec'y. Vice-presidents for each district were selected as follows: 1st, B. F. H. Caulk; 2d, C. B. Krusen; 3d, Wilbur C. Stephens; 4th, 1st precinct, J. H. Thompson; 2d precinct, S. W. Brown; 5th, Rev. N. McQuay.

The following county ticket was nominated: For Legislature, R. T. Turner, Jr., R. S. Griffith; sheriff, W. S. Culp; county commissioners, 1, W. A. Hyland, 2, Thos. Rasin; 3, W. W. Parks; 4, John Bordley; 5, Wm. K. Judefind.

The convention endorsed the platform adopted at Glyndon Park, and adjourned to meet on the first Tuesday in September.

Skiff Racing at Betterton.

A finer lot of skiffs than now owned by the sailors at Betterton would be very hard to find, and each one has his own individual craft rigged out to suit him and his ideas, and truly believes his boat the fastest. All the boats are rigged with mutton legged sails, which are used altogether here. A number of races have been run lately, with different results each time, but never has the breeze and tides suited every one until last Saturday; when with everything favorable, the captains placed their skiffs in the race, which would decide the proper skiff to be called champion. About 2 P. M. the boats sailed out about 100 yards from the wharf, took their places, and anchored. The boats entered were the Sadie, Captain Horace Brice; Adams, Capt. Will Owens; Annie Brice, Capt. Jno Brice; Estelle, Capt. Jim Crew. The course was N. E. 3 miles and return. The tide was flood and the wind strong S. W. At the word go the boats hauled in their anchors, boomed their sails and started. The first boat around the buoy was the Sadie, time 21½ min. followed by the Annie Brice in 22 min. the Adams in 22¼ min. and the Estelle in 22½ min. The breeze was now very fresh and the boats went away on their first homeward tack like a shot. The Sadie and Adams immediately showed their superior sailing qualities, and commenced to reach away from their adversaries. The first boat in and the winner, was the "Sadie," Captain Horace Brice, whose time was 56¼ min. followed closely by the Adams, Captain Will Owens in 57½ min. The Estelle came in third in 60 min. and the Annie Brice reached home safely in 61 min. The winning boat the Sadie, was built at Pennsgrove, N. J. by Mr. S. Simpkins, is considered one of the finest skiffs ever built there, she is 21 feet long, rather sharp in the bow, and has a good share of beam; she is but 3 weeks old. Capt. Brice may well be proud of his boat.

A MISSING CHILD RECOVERED.—The ten year-old daughter of Mr. James H. Powell, of Princess Anne, was lost at Ocean City a few days ago. The child was taken to the beach by her parents, who joined an excursion party for a day at the seaside. In the afternoon when the excursion train was about to leave Ocean City the child's absence was discovered. A searching party started out, but their efforts to find the missing one were futile. As she was seen the last time near the breakers, everybody naturally concluded that she had been drowned. Her father remained at the seashore all night, and the search was continued. Next morning, just as all were about to give up the search, the child arrived from the life-saving station, ten miles above, in the care of a member of the life-saving crew.

THERE will appear in the waters of the North East river, about the 17th or 18th instant, a grand fleet of sailing yachts. The visitors will be from Philadelphia, and will number in all about seventy-five sail. They will be handsomely decorated, and will present a sight worth seeing.—*Cecil Dem.*

A Grave Responsibility.

A grave responsibility rests upon our authorities at all times—and especially at this season of the year—relative to the public health. Roads and lamps and schools are important, but none of them—all of them together—are not so vital to the public weal as that of HEALTH. Money and property and education are of little value without a condition of mind or body to enjoy them. Yet we often find city and town corporations engrossed with *property* matters to the exclusion of practical concern for *human lives.*

Town officers cannot give too much of their time to this matter of the public health.

First, the *public streets* should be kept clean.

Second, private premises should be required to be clean. There is but one way to do this, and that is by—

Personal inspection by the bailiff.

This is needed.

This is absolutely necessary.

This inspection should be frequent—*at least once a week* at this season. Filth accumulates about hog pens, yards, &c., in a rainy season when even the occupants of the premises are not aware of it. If one town bailiff is not sufficient for such work, in addition to his other and lesser duties, then employ an additional officer, or neglect all other duty.

In a certain section of Chestertown one evening last week offensive odors were noticed by families on the main street. Bailiff Duyer investigated, and he discovered a condition of affairs in that square bad enough to breed contagion. Not only were there several back yards and houses in terrible condition, but in a *shed* adjoining a colored family were *two hogs* wallowing in filth!

Is it strange that there is sickness in Chestertown? That fevers keep our physicians busy day and night? We do not write in the spirit of complaint. There is no special dereliction of duty upon the part of our town commissioners or town bailiff. It is simply that these times are *extra hazardous*, and require extra sanitary duties. This is to prompt special attention and persevering efforts upon the part of officers and citizens to keep the town clean. Otherwise sickness and death will follow.

THE BAND EXCURSION to Bay Ridge last Wednesday was a perfect success, notwithstanding clouds and rain. The fine steamer Emma Giles left here at 6½ A. M. with nearly three hundred passengers; at Rolph's one hundred more were added; Booker's, 40; Quaker Neck, 25; Queenstown, 75; Kent Island 50 and Rock Hall 50, making the whole number 640. The boat reached Bay Ridge at one o'clock and remained until 5 P. M. Three bands of music—the Kent Military Band, Professor Orrell, leader; Church Hill Cornet Band, Prof. Valiant, leader; and the Kent Island Cornet Band, Prof. Ringgold, leader—furnished music on the boat going and returning. R. S. Usilton furnished excellent meals and C. S. Smith superintended the refreshment tables. Mr. L. B. Russell was chairman of the excursion committee, and is entitled to much of the credit for its success. The only occurrence to mar the pleasure of any was the succession of thunder storms which seemed to break over the steamer at intervals from the time she left Kent Island wharf until she reached Chestertown. Arriving here at 11 o'clock, the excursionists were greeted with a special dash of rain and an extra play of sharp lightning. The financial result is about $50 net to the Chestertown band, in whose interest the excursion was given.

ST. DENNIS'.—The picnic of last week, under the auspices of St. Dennis' Church, Galena held in McCauley's woods, was a most enjoyable affair and netted about $175. Many were present from various portions of the county. Fine music and an elegant supper were features which every one seemed to appreciate. Galena furnished a goodly number while Chestertown sent up a large delegation to enjoy the pleasant occasion. The committees and all in any way connected with the picnic were untiring in their efforts to add to the pleasure of those present. St. Dennis's Church has recently undergone extensive repairs, and will be opened for the first time since the improvements, on Sunday next, when a class of children will receive first communion at Mass. During the period of repairs the congregation of St. Dennis has been holding services in the hall at Galena, and the thanks of the pastor, Rev. J. A. Murphy and the congregation of the church are extended to Mr. Parr for his kindness in placing the hall at their disposal. The services for next Sunday will be: Mass and sermon at 10 A. M.; Vespers, sermon and Benediction of the Blessed Sacrament at 7.30 P. M. at St. Dennis' Church, Galena.

THE MAGISTRATE'S COURT.—Tillie Hamilton, a colored girl of sixteen years, was brought before Justice Johnson on Tuesday by officer Duyer charged with theft. She was found guilty and sentenced to the House of Correction for two months. This girl stole some roasting ears of Mr. Will Hudson, and was caught by officer Duyer as she came out of the field. In the morning Tillie was preparing a dinner of corn, and in the evening she was on her way to the House of Correction.

HOTEL KEEPERS DECEASED.—Samuel H. Crawford, proprietor of the "Crawford House," Chestertown, died last Monday morning, after an illness of several weeks of typhoid fever. He has been in charge of the hotel for about three years, and before that was farming in the third district. He leaves a widow and two children.

James Lamb Wilmer, proprietor of the "Rockwell House," in Chestertown, died on Wednesday. He was in his 47th year, and was the son of Mr. Thos. S. Wilmer, of Morgan's creek.

MESSRS. BRICKLEY & MCCULLOUGH will repeat their excursion to Bay Ridge on Aug. 21, touching on that day at Betterton as well as Tolchester. The request to touch at Betterton was special as there are many in that vicinity and in the Still Pond neighborhood who desire to make the trip. The former excursion was quite a success but this will no doubt be more largely patronized.

DEMOCRATIC primaries will be held in Queen Anne's county August 31; county convention September 3. The old plan of selecting by ballot five delegates from each election district is adhered to. The ticket to be nominated is register of wills, three legislative delegates, three county commissioners, sheriff and surveyor. The contest bids fair to be a very spirited and hotly contested one.

STEALING PEACHES.—Officer B. F. Henley arrested Isaac Thomas, John Starling and Wesley Johnson, three colored boys, from 12 to 14 years of age, last Tuesday, on the charge of stealing peaches from the orchard of Mr. John Bell near Chestertown. Justice Johnson sentenced the two oldest to the House of Correction for three months.

Peach Notes.

Mr. J. E. Hurlock, near Chesterville, is the only one as yet who has substantially remembered us in the peach line. Peaches are dear, you know this season! Mr. H. left at the NEWS office a basket of the finest Reeves we have seen this year. He is getting $2.50 per basket for them right along in New York. He is one of the fortunates in having a fine crop.

Mr. Wm. Meeks showed us his return for nine baskets of peaches which sold in Philadelphia last Saturday at $3 per basket. They were extra fine. Mr. Meeks says his prices in Baltimore the same day were better than Philadelphia.

Peaches have been retailing in Chestertown this week at two cents a piece.

Peaches are being shipped from Clayton at the rate of about a half car a day. The promise in May was from ten to fifteen cars a day.

Peaches on Thursday brought from $2.40 to $2.75 per box in Baltimore market.

The canneries here are paying 85c. per basket for Old Mixon this week.

Mr. Jas. M. Vandyke, of Crumpton, expects 3,000 baskets from 4,000 trees. This is a fair average of the crop in his neighborhood. Ready sale at good prices is found in Millington.

The Kent railroad will run a peach train to-day for the first time over the new road to Bombay Hook and from thence ferried over the bay. By this route, fruit will arrive in New York two hours earlier than heretofore. Most fruit shipped over this railroad is marked to Springfield, Ohio, and New York.

The scarcity of buyers along the railroad have made the shipment of peaches small. Mr. Hepbron at Kennedyville says that three carloads per day would have been loaded from that station if buyers had been there to purchase.

About two carloads of peaches per day are being shipped over the Kent road.

The Corsica on Monday carried 3,600 boxes to Baltimore from Chester river points nearly all from Queen Anne's side, 900 of which were taken on at Rolphs. On Thursday 103 boxes were shipped from the wharf at this place.

SINGULAR LIGHTNING FREAK.—During the heavy thunder storm on Wednesday evening last, the lightning was very sharp and vivid for a full hour in the neighborhood of Chestertown, and the rain fell in torrents. The electric fluid played a singular freak at the porch of Mr. J. H. Simpers, on Queen street. The porch is a new and handsome balcony with ornamental balustrade, and runs along the whole front of the house. The lightning seems to have first come in contact with the wooden steps on the pavement, next to the P. E. Parsonage; from thence it ran along the front, splitting out small pieces of wood and brick; at the farthest corner it tore out a whole brick and unsettled the solid brick pier, while the columns and flooring were torn and wrenched apart. At least twenty marks of the fearful visitation may be seen, and none of them over three or four feet above the pavement. Mrs. J. S. Vandegrift—not twenty yards away—opposite Mr. Simpers', says she saw the ball of fire, which seemed not much larger that a man's fist, fall on the pavement between Rev. Mr. Roberts' and Mr. C. T. Westcott's residences, and run along the pavement as above indicated. Mr. Simpers' family and several of his neighbors felt the shock, but none were hurt.

A stack of hay in the field of Mr. Benj. F. Beck's farm, near Lankford, was struck by lightning the same night and the whole consumed. It was covered with wheat in hopes of keeping it dry and was but a short distance from the stack yard.

ILLUSTRATED SONGS.—C. H. Hopkins, the noted musician, artist and lecturer, is coming to Chestertown in September. He was here once before and delighted large audiences on three successive evenings with his illustrated songs. For his tour of the coming fall he has arranged an original, new and rich program. Tickets will be put at the low price of 25 cents, so that everybody can enjoy them. Bear in mind the dates—Sept. 23, 24 and 25, at Stam's Hall.

THE 3D ANNUAL CONVENTION of the Woman's Christian Temperance Union of Kent county, will be held Wednesday, Aug. 21, in the lecture room of the M. E. Church; morning session will begin at 10, afternoon at 2½, evening at 8 o'clock. State officers are expected to be present and take part in the exercises. Dr. J. A. B. Wilson, of Dover, Del., will deliver the evening address; an interesting programme will be rendered. The finest musical talent of the town and county has been secured and the occasion will be one of profit and pleasure. Public cordially invited to attend.

MORE BARBED WIRE MISCHIEF.—The valuable driving mare of Mr. Stephen Lecates became entangled in a barbed wire fence a short time ago and badly cut both front limbs. Mr. Fred Welch a blacksmith in the employ of Chapman & Lambert dressed the wounds and the horse is much better. Mr. W. S. Carroll also had a colt cut by a wire fence about the same time.

HOW TO GROW WHEAT.—Mr. W. H. McFeely advertises the well known Williams & Clark's Co.'s, brands of first-class goods. Farmers cannot grow big crops without using good fertilizers. The best on the market may be found advertised in the NEWS.

Mr. T. W. Eliason, Jr., is in the market for the fall with his popular and reliable brands. See advertisements.

BOARD AT FIVE AND A-HALF CENTS PER DAY.—All of our readers know something of that noted Maryland institution, the House of Correction. They will know more and will no doubt be interested in the article in another column on this subject. On the first page to-day will be found something about the "Nation's Capital," as seen through the glasses of one of our local reporters.

STARVING BEES.—The honey bees are having a hard time of it now because of the scarcity of food, caused by wet weather. Mr. Geo. C. Adkinson, in Chestertown, who takes much interest in bees, says he is losing a hive nearly every day. They are very troublesome at the grocery stores.

A GOOD CROP.—Mr. Wm. H. Whiteley, on Mrs. Vickers' farm in Quaker Neck, has just finished threshing and has a good yield last year he got 34½ bushels per acre. He offers this wheat for sale for seed.

KILLED BY LIGHTNING.—Mr. Wm. Matthews, near Kennedyville, lost a mare and colt and a young horse, about three years old, on Wednesday evening by lightning. Loss about $350.

IMPROVEMENT.—Mr. Wm. R. Maul is having his store greatly improved. Besides lowering the floor he intends putting in a glass front. Jesse Duyer is doing the work.

A SUCCESS.—The festival and supper at Plum Point yesterday, by the ladies of St. James, was a delightful affair. The supper was all that an epicure could desire.

Complimentary Resolutions.

Prof. Thos. N. Williams, for the past two years principal of Washington College, has removed to Baltimore. The M. E. Sunday School of Chestertown, of which he has been superintendent, passed the following complimentary resolutions last Sunday:

WHEREAS, Prof. Thomas N. Williams is about to remove from our town and has tendered his resignation as superintendent of our Sunday School, we feel constrained to tender some evidence of our affectionate remembrance and expression of our loss in the separation, therefore be it.

Resolved, That in the separation we feel that the Sunday school has sustained a loss almost irreparable. In the short time he has filled the office of superintendent, he was recognized as an instructor of acute intellect and profound knowledge of the Bible illuminated by varied and scholarly attainments. His courtesies to his fellow officers, teachers and scholars, were broad and general.

Resolved, That we commend him to the people of the community into which he may shortly remove with love and affection for his conspicuous ability and unblemished integrity.

M. DEK. SMITH,
M. A. TOULSON,
MARY E. BROWN.

ORPHANS' COURT, Aug. 13, 1889.—Present, Judges Walker, Fisher and Moffett.

OFFICE OF LOCAL BOARD OF HEALTH.

CHESTERTOWN, MD., July 30, 1889.

IT is thought advisable to call the attention of the public at this time to sources of water supply, and to offer a word of caution. Dysentery especially is prevalent in different parts of the county; bowel troubles are more plentiful than for a number of years. The cause of this is plain—pollution of wells and springs by excessive rain fall, carrying large quantities of surface water into them, together with the extreme humidity of the atmosphere. The nearness of the pig pen or privy to water supply in many instances, too, plays its part. I have visited and examined a number of wells and found nearly all of them unfit for drinking purposes. This may be overcome in a great measure by boiling. No water should be used from open wells without being boiled. Even tightly boarded, cemented pumps and wells should be carefully examined. Water that to the eye may be perfectly clear and sparkling and to the taste sweet and palatable, may nevertheless be unfit for use. Let it stand, corked, for forty-eight hours in a bottle; open and smell it, and you will often find a disagreeable, musty odor. Or evaporate a quart to dryness in a shallow, new tin pan, collect the residue and burn it in an iron spoon; if the amount is small and smells like vegetable matter, there is no great contamination, but if it is considerable and gives off the odor of burning hair or other animal matter, it is then foul and unfit for use.

The safest and best of all plans for domestic use is to boil enough each morning to last until the next. The water should be brought to a boil and made to remain boiling for at least thirty minutes. Together with pure water, should be prudence in diet and personal cleanliness.
a3-3t. W. FRANK HINES, M. D., SEC'Y.
