SATURDAY, MARCH, 16, 1907.

THE NEWS is compelled to omit a large quantity of local matter this week because of late rush of advertising. It will keep, however, and be published next week.

THE SENATORSHIP.

Something has been doing this week in the line of local politics. No less than four candidates for the State Senate have been discussed.

On Tuesday it was announced in Chestertown that Mr. George E. Noland, the popular manager of Tolchester Beach, had been announced by his friends as a candidate for State Senator. Mr. Noland has represented his county in the House of Delegates and made a most efficient member. He is popular throughout the county and especially where he is personally known.

Mr. Curtis E. Crane, a member of the last House, is also favorably mentioned as a Senatorial candidate but has not been announced. Mr. Crane is at the head of one of the largest manufacturing establishments in the town and is in touch with a large class of the community. He is intelligent, active and industrious.

Mr. Garrett Foxwell, who has represented the county in the Senate during the past two sessions, is also spoken of for re-election but we are not authorized to say that he will be a candidate. Mr. Foxwell is a well known farmer of the second district.

Mr. Edward W. Hepbron, from the same district is being urged by his many friends to allow his name to be used for Senator but up to this time he has positively refused.

One other name was brought conspicuously forward during the week and strenuous efforts are being made to get his consent to be a candidate for the Senate, that is William M. Slay, Esq., one of the leading members of the Kent bar. We cannot say as yet that he will serve, but his friends say they have strong hope of his accepting the honor.

THE Caroline county school board has ordered the colored schools closed March 28 and the white schools will probably close May 25.

The Beautiful New Millinery is Ready for You to See

Search the city over, and you won't find Hats as handsome, nor prices as pleasing.

We've outdone New York—the statement is modest, and easily proved.

Why shouldn't every woman wear fine millinery? And why shouldn't she be able to get it at home?

And yet—until this store began, it wasn't possible to get a really fine hat in the city. Our older customers tell us they would be told: "We'll send to New York for you." Sometimes they waited, but quite as often they went to New York themselves.

It's all different now—and the beautiful new millinery for spring is ready for you to see and enjoy.

The Foremost Paris Milliners are Represented

We'll not print their names—else you'd soon see the same names used as a mere matter of advertising. But the hats are here—and the names are in the hats, just as they were placed there by the famous artists of the French capital.

And yet—you may prefer a H. K. & Co. hat to a Paris hat. And be wise in your preference.

The New Untrimmed Hats and Trimmings

More attractive than ever; wider variety than ever.

We trim hats free—when shapes and materials are bought here. The salesfolks will help you to decide on what's becoming.

The Pre-Eminence of This Store in Matters of Dress For Women.

This remarkable exhibition of Costumes, Suits, Coats and Skirts for Women is bound to arouse a deal of enthusiasm—there has never been a showing in this city to equal it. Yet it is simply another illustration of the Hochschild, Kohn & Co., position, and the results accomplished.

The assemblage is imposing, fascinating and all-sufficient. Here is the best work of the world's best designers and practical garment makers—a vast, exhaustive, satisfying stock, meeting the exact individual wish of every woman and girl. Everything good that has been brought forward by the season is amply represented.

You will find that our prices are very moderate—lower, in fact, than you can get equal garments for in the few stores that have equal garments.

TRADE MARK

WILBUR W. HUBBARD'S FERTILIZERS

MUST HAVE

Superior quality and absolute Uniformity and Purity. This spring makes their 64th season in business and their trade has increased each year in spite of competition, their sales for the past year having been larger than ever before. Can the sales of an inferior article constantly increase all these years?

Our fertilizers are not better than all others, but they have been, and we are willing for you to try them in competition with any goods on the market.

WE PRESUME

you are now thinking about Asparagus, Corn, Potatoes, Peach Trees and top dressing your hay. Well we have the goods to apply and at all right prices.

BUT FOR TOMATOES

Everybody knows that our Peerless is the goods to use on them, for it has quality and is made of the very best materials known to the trade and one ingredient we use in it is the only phospate that contains this article outside of France where it has been used so successfully in tomato and truck fertilizer.

Mr. Jas. F. David of Smyrna says he grew with it last year the finest tomatoes he ever saw grow he picked a basket that weighed 1½ lbs. each. He grew onions that measured 13 inches in circumference. He grew corn some stalks 13½ feet high and ears 14 inches long. The late Captain Emory grew on one occasion 17 tons per acre. Mr. Zac T. Gilbert grew 19 tons to the acre. Mr. G. W. Collins has bought as high as 50 tons per year, and his men grew from 12 to 15 tons per acre. We have sold already in Anne Arundel county, the lower counties and New Jersey, hundreds of tons. Messrs. Baker and Morgan have bought as high as twelve hundred dollars worth; Captain Dashiel says he would have it if he had to give $50.00 per ton for same. Mr. Joseph Downey says when he was canning that he could actually tell the difference in tomatoes grown with Peerless when brought to his cannery. Mr. Numsen says he knows that tomatoes grown with our goods are fine. Mr. Frank Moore, who runs Assaw Bains & Co's cannery, says the best tomatoes brought there are from Peerless. Mr. Loose, a customer of his, says a ton of Peerless grew him $96.00 worth more tomatoes than another goods costing $7.00 less per ton. Mr. Money says it is certainly good. We could go on, but with a testimonial will close.

Unsolicited some time ago Mr. J. W. Elburn & Son came in our office and said: "I believe your Peerless to be the best tomato goods I ever saw. You remember what an advocate I was of it when I lived out at the mill. Well, wherever I have lived since, on the Western Shore or elsewhere, I would have it, and last year I put some of this same goods on some onions grown from the seed, and they were as fine as Burmudas. Many measured 4 inches in diameter, and I grew over 600 bushels per acre, or at rates of 1162 baskets. I used it on strawberries and picked 8000 quarts per acre."
