A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets do not gripe. They effectually cleanse the system of accumulated impurities.

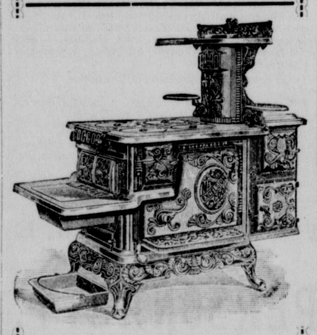

The People's Common Sense Medical Adviser, by Dr. Pierce, 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address as above.

1907 COAL 1907

STOVE, EGG and NUT.

I have on hand an entirely new stock of Lehigh and Mahoney Coal—bright, clean and new, and not a lump of old stock. All under cover. Oak and Pine wood sawed and split, any length and size desired. KINDLING, short and fine, as you want it. With thanks,

I am, yours,
A. P. MATTHEWS.
Chestertown.

DR. BULLS' COUGH SYRUP IS the best remedy for coughs, colds, sore throat and gripp. It never fails to cure promptly.

TOWNSEND ITEMS.

Arrangements are now under way for the formation of a Democratic club here.

A horse driven by Officer Harry Wiley ran away on Tuesday. The horse was badly injured, also the wagon greatly damaged, but Mr. Wiley escaped without a scratch.

Residents of this town are wondering whether they are to get the Farmer's Trust and Safe Deposit Company, a new bank proposed for Townsend. It seems to be the feeling here that the banking institution is needed as Middletown is the nearest town with a bank.

Thieves entered the hennery on the farm tenanted by Ralph Vandyke, near Townsend, and carried off about sixty of his best fowls.

Thieves stole twenty fowls from the hennery of J. W. Webber, at Blackbird, on Friday night. Evidently the place was visited at about midnight, for at about that time Mrs. Webber heard the chickens making a noise but when an investigation was made the thieves had fled with their booty.

Though his abdomen is perforated with bullet holes, William Dutton, colored, of Middletown, has excellent chances for recovering. He is a patient at the Delaware Hospital, and was admitted there Tuesday, having been brought from Townsend, where the shooting occured.

Dutton's intestines are punctured in seven places, and despite this fact he was reported Tuesday to be resting easy. He complained of no pain, and unless complications set in he has splendid chances for recovery.

Wilson Brinkley, another colored man, is alleged to have done the shooting, and has decamped. It is said that the two men, while visiting in the colored section of Townsend on Friday night, quarreled over a woman, and Brinkley, it is charged, drew a revolver and began shooting at his victim. Dutton fell after several bullets took effect in his anatomy, and his assailant then fled.

Dr. Enos gave Dutton temporary attention and then had him sent to Wilmington on an early train Saturday morning.

I notice in one of the papers a poem by the poet, Bridget, on Masseys. The poet gives notice of two or more effusions and kindly remarks "order this paper now as none other will have my poems"—I ordered mine stopped. Bridget the poetess calls herself a poet to rhyme with hoe it, which will suit her better after later planting.

Our people of this burg were startled and almost on the point of nervous prostration recently by the account given of a young lady while skating on the mill pond, broke through the ice and was immersed up to her breast; a full account was published in a county paper of how she was rescued by two heroic young men, when to another correspondent of the paper (a young lady) phones the account was grossly exagerated, that she did break the ice but didn't get her feet wet, this while not exactly proving first account to be incorrect may mean to intimate that she went in head first and down to her waist and the heroes pulled her out by the feet. Anyhow some say 'twas a mean thing to spoil the romantic story.

There's lots doing in this town and only one hotel.

The old saying, never put away your snow shovel until April when March comes in on Friday, is holding good so far.

It is coming on to moving day in our town, the church folk have rented the Lattemus house near the church for a parsonage and pastor McSorley has moved in, Mr. Watts moves from the Carter house into the vacated parsonage and the Carter folks who for a long time have been residents of Quaker Neck will move into their own house. Mr. Satterfield of Kent has moved into Townsend and will have charge of the race track.

Mr. Lew Atwell formerly County Commissioner often comes to our town and thinks there will be a hot fight in Kent for office of States Attorney.

Let Young People Enjoy Fun at Home.

Don't be afraid of a little fun at home. Don't shut your house lest the sun should fade your carpets and your hearts, lest a hearty laugh shake down some of the musty old cobwebs there. If you want to ruin your sons let them think that all mirth and enjoyment must be left on the threshold without, when they come home at nights. When once a home is regarded as only a place to eat and drink, the work is begun that ends in gambling houses and reckless degradation. Young people must have fun and relaxation somewhere. If they do not find it at their own homes, it will be sought at less profitable places.

Therefore let the fire burn brightly at night and make the home delightful with all those little arts that parents so perfectly understand. Do not repress the bouyant spirits of your children; half an hour's merriment round the lamp and fireside of home blots out the remembrance of many a care and annoyance during the day, and the best safeguard they can take with them into the world is the influence of a bright little domestic sanctum.

CASTORIA

For Infants and Children.

The fac-simile signature of Chas. H. Fletcher. is on every wrapper

FACTIONAL POLITICS.

The following article is specially oppropro in Kent County at this time. It is time that this factionalism was done with and the party unite on a ticket which will represent the whole county.

"The future is altogether with the people. This ought to be a great year with the Democratic party measures up to its obligations. Nor should there be any absurd notions as to what is meant by the phrase "if the Democratic party measures up to its obligations." The "Democratic party" is no fictitious entity. It is a real, living, throbbing actuality. The party consists of the people who belong to the party. When it is said, therefore, that "this ought to be a great year with the Democratic party, *if the Democratic party measures up to its obligations*, it is meant by that that the party is certain to achieve a line of splendid victories if the people composing that party subordinate personalities to the success of the party.

The crying shame of much of our county politics is the narrow and short-sighted selfishness of some of the local county leaders. There is too ready a disposition, at each recurrent election, to be more solicitous about local leadership and ascendency than about the best interests of the party. The only thing that concerns such leaders is to "skin" out for themselves success for their individual plans without care or regard for its effect on the party generally.

It is strange how some politicians lack the elements of average common sense. They frequently have adeptness, cunning and a certain species of adroit tactical genius; and, yet, with it all they are deficient in common sense. A good politician is conciliatory; and as a consequence continues as a force almost as long as he desires. A poor politician may be successful for a while but his selfishness and "hoggishness" superinduce his early fall. The reasons are obvious.

Were the fall of poor politicians detrimental to themselves alone nobody would mourn; but unfortunately the careers of even poor politicians sometimes affect the affairs of State. The selfish grasping of various unpatriotic men has more than once menaced the fate of the Maryland Democracy. Their blind, blundering struggles in behalf of *personal*, instead of *party*, politics have more than once brought Maryland desperately close to the curse of Republicanism.

The sensible and respectable *white* people of Maryland can ill-afford to take chances this year. This is the last year of all others to trifle with fate. In the coming contests for office, both local and general, the people should be careful to avoid everything containing any of the possibilities of inter-party bitterness. The Democracy must certainly be united all along the line this year; because its inveterate foe intends to put up a fierce and tremendous fight for success. Leaders, both big and little, must eliminate all "the hog" that is in them and substitute the qualities of a "real man." Every Democrat should work from now on to make friends of enemies instead of friends. Local patriots must stand on guard, and every time the rank head of factionalism shows itself, they must strike it quickly, and strike it hard."—Democratic Telegram.

Railroads Raise Coal Rates.—In line with similar action taken by several other railroads, including the Baltimore and Ohio, the Pennsylvania Railroad has announced an increase of five cents a ton in the tariff on bituminous coal to tidewater and all line points, to take effect May 1. This advance affects eastern Pennsylvania, New York, New Jersey, Maryland, Delaware and the District of Columbia. It will amount to about $2 a car, the average tonnage of the car being about forty tons.

Dangers of our Climate.

A Land of Consumptives.

A cold to-day; a cough to-morrow; pneumonia or consumption next, and death finally.

How often are we witnesses of this course of events! We first hear that a friend has caught cold and is more or less indisposed. Next we are told the cold seemed to wear off without taking any medicine, but left a bad cough which hangs on. Then we learn that our friend has been put to bed with pneumonia. Soon after we hear that tuberculosis has developed and, finally, that death is expected at any moment. We are significantly told "if you want to see him alive, you should call to-day."

Sad as such occurances are, they are nevertheless often the result of human neglect. Primarily they are mostly the result of our overchanging climate.

Take warning! Do not neglect a cold. Treat it at once with the right remedy. The right remedy is Dr. Bull's Cough Syrup. With it you will cure most any cold or cough quickly. Dr. Bull's Cough Syrup seldom disappoints; it stands unrivaled as a remedy in throat and lung diseases, and is adapted to children as well as adults. Dr. Bull's Cough Syrup is a medicine of the greatest merit, and is frequently prescribed by physicians where stubborn colds and coughs fail to yield to a customary prescription. Dr. Bull's Cough Syrup is pleasant to the taste and does not sicken the stomach, nor does it smother the cough like is often done by a cheaply made substitute. On the contrary, it nearly always cures quickly and thoroughly. It can certainly be claimed conscientiously that Dr. Bull's Cough Syrup is one of the very best remedies to be had of druggists to-day.

Many certificates from the people in general, physicians, ministers and lawyers attest the unusual efficacy of Dr. Bull's Cough Syrup. Every testimonial published is absolutely genuine, and the proprietors challenge anyone to prove the contrary. The original letter is on file at their office for inspection, and can be produced in every instance. A trial of this excellent remedy is urgently invited.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

Do You Want Tender Beef?

You can't expect to get it unless you deal with a butcher who handles nice cattle.

THE UP-TOWN BUTCHER,
