A Simple Mixture Highly Recommended for Dyspepsia.

The principal and general causes of dyspepsia and a whole train of distressing complaints resulting therefrom are produced from the present fashionable habits of luxury and intemperance. The disease might be well regarded as one of the most distressing, with which we may be afflicted. If taken in consideration and properly treated dyspepsia is as cureable a disease as any there is. The following simple prescription should be taken after each meal: Kastor Compound, 1 oz.; Fluid Extract Cascar Aromatic, 1 oz.; Tr. Cinchona Compound, 2½ ozs. Your local druggist can supply you with these ingredients at a small cost.

ALL ROADS LEAD TO JAMESTOWN.

The memorialization of the birth of the nation, at the nation's birth-place, in a manner commensurate with the solemn dignity and impressiveness of that great event, is the purpose of the Exposition now in progress upon the shores and waters of Hampton Roads.

Over the scenes of old a city beautiful has been reared to those who in the long ago laid the foundation of this majestic nation.

Virginia is not the richest state in the Union, and Norfolk is not the largest city but they have both given ungrudgingly to this lofty enterprise. From its inception three years ago it has grown by leaps and bounds to truly tremendous proportions. Representing a constructive cost of from eight to ten millions of dollars, it has special features, which regarded as an asset, as they properly should be would bring the money valuation of this great enterprise to quite three hundred millions of dollars and eclipsing any similiar event in history. It matters little that this sum was not actually expended by the management. Whatever is mediate, contributory or accessory to the scheme, whatever the Exposition offers for the pleasure and instruction of its visitors is legitimately a part and parcel of the whole, and the participation of the nations of the world with their naval and military representations is sufficient warrant to justify the claim that this is the world's greatest Exposition.

A traveller from the most distant point would be amply repaid by a visit to Norfolk this year, and the vast host from the interior who have never visited the seaside may make this trip serve a double purpose of instruction and delight, either of which is worth many times the trouble and expense.

All roads lead to Jamestown this summer and the indications are that they will be well travelled. The confusion of the opening weeks has given place to order and system. The accommodations are entirely adequate, and extortion and discomfort need not be feared.

The great opportunity of a life is to be found in the Jamestown Exposition of 1907, and it is available to people of the most moderate means.

PROVIDES FOR CULLING

Seed Oyster Order Amended By Shell Fish Commission.

The Board of Shell Fish Commissioners Thursday morning took its first action in the setting aside of seed-oyster grounds since Commander Howard of the Oyster Navy announced his intention of enforcing the provisions of the cull law in the section set aside for this purpose. The Commissioners amended their order, passed on March 8, providing the regulations to govern the taking of seed oysters, and made this order more explicit. The amended section now reads:

Any licensed tonger for the oyster season of 1906-7 may tong between the 15th day of April and the 15th day of May, 1907, for oysters in the above mentioned area (the bottoms set aside in the upper Chesapeake.) The oysters so tonged shall be culled within the area hereby set aside for the purpose of excluding all shells, which must be thrown overboard within said area upon the natural rocks from which they were taken. All oysters valuable for planting purposes, however, may be removed and taken during the period aforesaid, whether above or below 2½ inches in length.

The last sentence is the amendment added. The Commissioners take the ground that the provisions of Section 111 of the new law give them every right to set aside the seed grounds, and that the final clause of the law does away with the objections caused by any and all other previous acts of Assembly conflicting with its provisions. The cull law is one of these.

JUST OUR LUCK.

Editing a newspaper is a nice thing. If we publish jokes, people say we are rattle-brained. If we publish original matter they say we don't give them enough selections. If we give them selections they say we are too lazy to write.

If we don't go to church we are heathens. If we do go we are hypocrites. If we remain at the office we ought to be looking out for news items. If we go out then we are not attending to business. If we wear old clothes they laugh at us. If we wear good clothes they say we have a pull.

Now what are we to do?

Just as likely as not some one will say we stole this from an exchange. So we did.—Easton Ledger.

MRS. A. C. CROTHERS, of Havre de Grace, has a lot of white chickens, in which she takes considerable pride and interest. That others were interested in them was also evident as from time to time some were found missing. A few days ago, Mrs. Crothers noticed several black chickens in her yard, and though she had no chickens of that color there seemed to be something familiar about their action and movement, and on closer investigation she discovered that they were her white chickens painted black, and evidently escaped from their captor and returned to their former home. Mrs. Crothers now carefully looks at all black chickens she sees, in the hope that others of her missing flock may be found —Havre de Grace Republican.

WILL some of the initiated kindly inform the public why it is that when calves were selling for 5 and 5½ cents a pound you could buy the best cuts of veal for 12½ cents? Now calves are selling for only 6 cents a pound and the best cuts of veal cost 22 cents a pound. The butcher buys his stock direct and sells directly to the consumer and if he made a fair profit at the prices charged a few years ago, he must be making consumers pay him more than a fair profit now.—*Cecil Democrat*.

The Cause of Many Sudden Deaths.

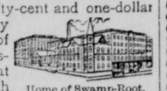

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co. Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Home of Swamp-Root.

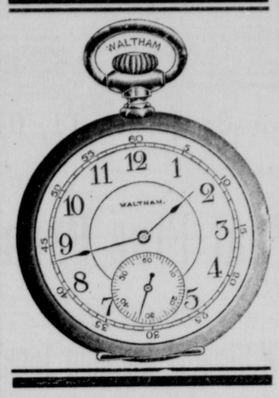

Don't make any mistake, but remember the name, Sawmp-Root, Dr. Kilmer's Swamp Root, and the address, Binghampton, N. Y. on every bottle.

Legal Holiday.—There will be a legal holiday on every day of the week next year, an event that will not occur again for twenty-five years. Following is the list: Monday, Labor Day, September 7; Tuesday, election day, November 3; Wednesday, New Year's Day; Thursday, Thanksgiving Day, November 26; Friday, Good Friday (April 17) and Christmas; Saturday, Washington's birthday, Decoration Day, July 4, and Defender's Day, September 12. There will be two holidays in one week, a rare occurrence.

PENNSYLVANIA RAILROAD

BULLETIN.

LOW RATE TOUR TO THE PACIFIC COAST.

The International Christion Endeavor Convention will be held in Seattle July 10 to 15.

The fares named by the transcontinental railroads for this occasion enables the Pennsylvania Railroad to offer a Personally-Conducted Tour to Seattle and the Pacific Coast at unusually low rates.

A special train of the highest grade Pullman Sleeping cars and dining car will leave New York July 5, running via Chicago, St. Paul and the Northern Pacific Railway.

Round-trip tickets, including Pullman accommodations, double berth, and all meals in the dining car en route to Seattle on special train, and railroad transportation only returning via direct routes will be sold at the rate of $112.75 from New York, $111,25 from Philadelphia, $108 00 from Baltimore, Washington and Harrisburg, $107.20 from Altoona, and proportionate rates from other points.

Passengers will return from Seattle independently on regular trains. Those desiring to return via San Francisco or Los Angeles may do so for $12.50 additional.

A transcontinental tour is a great educational experience. The northwestern country is in a most interesting stage of development just now and a visit to that section will prove not only enjoyable but profitable.

A rare opportunity for such a trip is here presented. The rate is exceptionally low, and includes the advantage of a special through train to the Pacific Coast.

For itineraries, tickets, and full information, apply to Ticket Agents, or address Geo. W. Boyd, General Passenger Agent, Philadelphia.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time.
