PUBLISHERS AND EDITORS.

SATURDAY, MAY 18, 1907.

To the Democratic Executive Committee of Kent County.

GENTLEMEN:—You are hereby requested to meet at the Court House, in Chestertown, Maryland, on

TUESDAY, MAY 21, 1907,

at 2 o'clock P. M., for general consultation concerning the coming campaign, and for the purpose of deciding upon the times and places for holding our primaries, the selection of judges, clerks, etc.

The said committee is composed of the following named Democrats:

COUNTY EXECUTIVE COMMITTEE.

First District—J. E. Ireland, Thos. J. Dunn, Sam'l G. Price, James B. Stevens, R. Wesley Moffett.

Second—J. C. Redmile, Capt. Horace Brice, Geo. W. Sutton, G. R. Rasin, James Archibald.

Third—Samuel Loller, John A. Duver, George Rash, James Matthews, Wm. T. Clark.

Fourth—John Bell, C. J. Retche, G. W. Hatcherson, Wm. F. Russell, C. W. Kibler.

Fifth—Charles D. Wood, Charles S. Kelley, John A. Smith, James Durding, Charles L. Miller.

Sixth—Edgar J. Watson, Walter Francis, S. Amos Reed, Harry T. Rasin, George Bell.

Seventh—George Beck, Wm. Scoone, J. Raymond Bowers, Wm. E. Brown, Thomas Hadaway, Jr.

CHARLES L. MILLER, Chairman,
County Executive Committee

SENATOR RAYNER, in an interview, criticises as undemocratic some of Mr. Wm. J. Bryan's theories of centralization.

HON. FRANK FURST is the "coming man" for Governor. So says the Baltimore Evening News. No better selection could be made.

"DEATH FROM EXPOSURE" was the verdict of the jury in the little Marvin boy case. This is sad but not so bad by any means as death from kidnapping or bad treatment.

POLITICAL NOTES.

The County Executive Committee will meet in Chestertown next Tuesday to fix the dates and decide upon the plan for the ensuing Democratic primaries. These are matters of vital concern to the party, and it is hoped that every member of the committee will be present.

We have talked with Democrats from different sections of the county and the almost universal sentiment is in favor of the Crawford plan of nomination—that is, for the candidates to run through the county and the highest votes to decide who shall be the candidates. The nominations in Baltimore were under this plan and it worked so satisfactory that the people in all the counties are disposed to try the same. It will certainly have the merit of giving the people the opportunity of voting direct for the men they want as candidates.

THE meeting of the State Central committee was not held on Tuesday as was at first intended, but it was thought best to postpone it until next Tuesday, the day for the meeting of the County Executive Committee.

Mr. John C. Sutton, of Blacks, writes to the NEWS saying that he is a candidate for commissioner from the second district.

George E. Noland, Esq., the popular manager of Tolchester Beach, has a card in this issue in regard to his candidacy for the Democratic nomination for Senator.

Baltimore, May 10, 1907.

MESSRS. EDITORS KENT NEWS:—

I have been a subscriber and constant reader of your paper for many years, and have always found great pleasure in perusing its columns for passing events in my native county. Just at this time I am deeply interested in the question now being discussed among you, viz: Who shall be chosen the standard bearer of the Democratic party in the fall contest to represent the county in the State Senate at its next session?

While all of those mentioned as possible candidates for the position are men of unblemished character, it seems to me, I trust I will not be thought presumptuous in saying so, that none are so well qualified for the office as the Honorable Curtis E. Crane, who served so faithfully his constituents in the last legislature. I was compelled to spend considerable time in Annapolis during last winter, and this gave me the opportunity to observe Mr. Crane's course in the House of Delegates. I do not recall a time that he was not in his seat during the legislative session, except when in attendance upon some committee meeting. He not only manifested a deep interest in every matter presented for consideration, but also gave the closest attention to every detail of business, especially in matters pertaining to the welfare of his own county. Without saying as much to him, the thought came into my mind at the time that his constituents could not do a better thing than to return him to Annapolis as Senator from Kent county, his position in the lower house eminently qualifying him for the advancement. I am glad to note that he is "in the hands of his friends," which mean that he is available for the position.

While I know that he is averse to forcing himself upon his party, I trust for its interest and success he will bury his modesty for this time at least, and not be merely pliant but declare himself out and out a candidate for the Senate to represent the democratic party. I understand that he is recognized as one of the most untiring political workers in the county. This fact, together with his genial nature and good mixing qualities so forcifully demonstrated in the campaign two years ago, ought to make him an easy winner at the general election.

For the above reasons I trust the party will see fit to nominate him for the Senate and thus confer upon him a well merited honor.

N. T. MEGINNISS.

BARRETT B. MITCHELL, who went to work for the Vanderbilt railroad system 40 years ago as office boy at $3 a week, has been appointed general freight traffic manager of the entire Vanderbilt lines at a salary of $25,000 a year.

MAYOR TIMANUS has signed one of the Baltimore City ordinances against the legal advice of the City Attorney. This looks like "sour grapes."

THE Cecil Democrat says the cold weather in Cecil has done the peach crop no harm. Mr. Wm. J. Arrants expects to harvest a crop of 25,000 baskets.

Wheat Touches $1.00.

Wheat $1.00 a bushel. This is very good news, but will it remain at this high price long enough to enable us to harvest our present crop and get it on the market? This is the question that is vital to this section. The wheat gamblers can send it down just as quickly as they sent it up. The cause of the sudden rise in wheat is said to be the gloomy crop reports from Russia and the opinion that Europe will be forced to buy heavily in the American market, and that the American market, instead of being able to meet this demand, will be scereely strong enough to supply the wheat needed for home consumption. It has been predicted that before the present advance has stopped July wheat will go over $1.25 and possibly to $1.50 a bushel.

THE Baltimore Sun of Wednesday says that "State Senator Clarence W. Perkins is a candidate for the Democratic nomination to succeed himself in the Second district. He performed valuable service to the city at Annapolis during the last session of the Legislature and his close watch and hard work for the city measures undoubtedly saved many of them. His friends believe that he will get the nomination, as there are as yet no other candidates." These are facts and his many friends in Kent would be very much pleased to see him returned to Annapolis. He made a fine Senator and is an honest, conscientious and fearless representative of the people.

EASTON is complaining for lack of post office clerks. The office windows are closed during the opening of the mails. This is the case in Chestertown. We ought to have a new P. O. building, then the additional clerks and windows would follow.

THE official vote in Baltimere for Mayor shows that 4,780 ballots were thrown out for wrong marking, and 16,000 registered voters did not go to the polls. Mahool's plurality was 4,670. Total vote 98,092.

REV. WM. DALE, of Pocomoke City, who died recently, left an estate valued at $80,000. He was stationed in Kent as a young minister and served St. James and Chestertown several years.

THE EDISON PHONOGRAPH IN THE HOME

WHAT one thing is it that sums up one's idea of festivity? It is music.

Music draws one to the opera, to the concert hall, to the dance, to the country fair. Where there is music, there people gather. Its appeal is universal.

The Edison Phonograph brings all this music into the home. It has within itself and produces on demand, most of the amusements which draw people away from home.

It gives children the tuneful airs they like, teaches them to enjoy music of the better class and familiarizes them with the national airs.

It carries the operas, concerts and light musical comedies of the cities into the country, the camp and those homes where such enjoyment is not possible in any other way.

It calls for no musical training on the part of any one, yet gives all that the combined training of the county's greatest artists gives.

Come in and hear these wonderful instruments. Sold on small weekly or monthly payments.
