WHICH METHOD

Before the profusely illustrated catalogue of vehicles put out by the mail order houses catches your fancy, and before the deceptive prices they quote get the better of your judgment, stop and consider. Bear in mind that it is easier to make good pictures than good vehicles; that the price of a carriage in a mail order catalogue is not the price you must pay; that the freight charges, cost of uncrating and putting up, and repairs are on you; that you must pay in advance for a vehicle you have never seen, take a chance on getting something reliable, and pocket the loss if you get stuck. When you consider these facts, isn't our proposition the better and safer one? We are pushing the high-grade

Cortland Wagon Co. Vehicles

which has stood the test for thirty-five years. "Cortland quality" means a lot in the vehicle business. Several stylish and smart "Cortlands" are included in this big stock of ours. You ought to see them whether you are in the market or not.

You know us, you know we are reliable and that our carriages are honest. We give you more style than the catalogue houses. We give you better quality, a chance to inspect and select before you put up a cent. And our prices for the goods, put up and delivered in perfect condition, are no more than those of the mail order houses.

We are ready with our new lines right now. Big variety, easy prices. Perfect in style and right in make. Up-to-date in every way. See us early.

SUNSHINE IN FLORIDA

Winter There Knows Nothing of Snow And Hail And Wind.

Col. George W. F. Vernon, of Baltimore, who is traveling through the South, sends from Palm Beach, Fla., an interesting description of winter in the Gulf country.

"In Florida at midwinter," he writes, you will find a wealth of flowers and vegetation, while at home we shiver, and a little farther to the North and West a frigid temperature makes us sigh for the "good old summer time." Florida differs from any other State in the Union in that it is a great peninsula, with a nearly equable temperature the entire year, with the warm waters of the Gulf of Mexico on the west and the warm flood of the Gulf Stream on the east. A gentle breeze nearly always blowing from east to west tempers the heat in summer and furnishes a genial warmth in winter.

"Florida's chain of islands to the south and west of the mainland number 450 by actual count. They are called keys, and end at Key West, within 90 miles of Havana, Cuba.

"The United States obtained possession of Florida in 1821, and the American flag came to stay. Florida has steadily improved in population and wealth ever since. Its unique resources are well known and appreciated from Maine to California. It is justly called the "American Riviera." Healthseekers and tourists find refuge here from a changeable and trying winter climate to an equable, balmy clime under their own flag. You will find in Florida up-to-date villages, towns and cities, on lake, river and seacoast; good boating, sailing, fishing and hunting, many splendid roads built of coquina, especially for automobilists (notably the 65-mile road from Palm Beach to Miami, while the sea beach at Ormond has a racing ground for automobiles of worldwide fame); hotels, boarding houses and cottages, with their golf links and tennis courts, at all prices, for all conditions and classes.

"It is an interesting sight for the visitor to Florida to observe the cultivation and shipment of early vegetables of all kinds; the picking, packing and shipment of pineapples, oranges, strawberries, etc. At Yamato, 351 miles south of Jacksonville, a Japanese colony is cultivating pineapples and vegetables successfully.

"Equally interesting is a stroll through the pine woods. One notes the tapping of the pine trees for the sap, out of which the nearby still turns it into turpentine and rosin, while the laborers are felling the splendid pines, hauling, sawing and shipping at the nearby wharf or railroad station.

"Florida, like the great State of Minnesota, may be termed a State of lakes, out of which meander streams and rivers to the sea, whose banks are covered by a dense growth of beautiful semi-tropical vegetation, often arching the streams at narrow points. The spreading palm is in constant evidence, with the rustling of a slight breeze sounding a lull-a-by. Novel sights on ascending the St. John's river above Jacksonville are the cattle pasturing in the river, the green vegetation below the waters of the flowing stream affording fine provender.

THE CIRCUS IS COMING.

The Van Amburg Show At Chestertown On Tuesday, June 18.

The Van Amburg Circus will be in Chestertown on Tuesday, June 18, and the following is from a well-known paper:

"If it ever comes back to town, and you have not already seen it, be sure to go. It is without doubt superior to any circus traveling the United States.

It is the cleanest, most refined and up-to-date circus in the world, There is an absence of grafting or grafters that is noticeable. The gentlemen in charge do not carry that old-time circus swag about them. They are all neatly dressed, polite, and look after the individual comfort of their patrons, not giving their entire time and attention to gathering in the sheckles.

If the Van Amburg Circus ever returns to this city it will have to have two canvases as large as the one used yesterday to accommodate the crowd. At 8 o'clock every reserved seat was taken, and at 8.15 every seat of any kind was taken, the only available room being on the ground in front of the seats. The tent was packed almost to suffocation, and despite the fact that it was too warm to be comfortable: nobody left until the last race was finished.

The work of the acrobats alone was worth twice the price of admission.

The finest lot of trained horses in the United States, the daring bareback riders, the trapeze and bar performers and the funniest set of clowns ever carried with a circus were all interesting.

The Van Amburg Circus is growing larger and better every year. It will always be welcome in Atlanta.—Atlanta Constitution.

Caveat to Mrs. Alberger's Will.—A caveat has been filed in the Orphan's Court to the will of Mrs. Martha Louisa Alberger, late of Ingleside, Queen Anne's county, who died in March last. The caveatees set forth in their petition certain issues that they desire to be passed upon and ask that these issues be sent up to the Circuit Court for trial. The caveators are William A. Jarrell, a brother, and James L. Turner, Guy Turner, Howard Turner, William L. Turner and Mary Coppage Turner, nephews and niece of the deceased. The caveators are represented by Hope H. Barroll, of Chestertown, and E. H. Brown, Jr., of Centreville, and the caveatees by P. B. Hopper and J. Frank Harper, of Centreville.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.
