Why Noah Failed

When Noah told the people a flood was coming nobody believed him. When he started to build the Ark everybody laughed at him. But the flood came, and Noah and his immediate relatives were the only ones who were not wiped off the map. If Noah had had a reputation as a weather prophet his words would have carried conviction. He failed to convince because he had never before delivered the goods. We are sole agents for the celebrated

Cortland Wagon Co. Vehicles

than which there is nothing better built. From the 140 styles made by this concern, we have selected some of the best and most popular styles. These and many others, await your consideration.

The people in this vicinity have learned that what we say about our vehicles is absolutely true; that when we say we are better able to take care of their needs in the carriage line than any one else, there isn't any doubting it or getting around it. We have always delivered the goods. Our new stock is in and ready for inspection. It represents the best products of the leading factories. The selection of a carriage is an important matter. A good vehicle costs too much to be purchased indifferently. A poor one costs too little to be purchased at all. We have the goods, are right here on the spot and expect to stay a long while, ready to make all our promises good.

PENNSYLVANIA RAILROAD

BULLETIN.

LOW-RATE NIAGARA FALLS EXCURSIONS.

"It soothes, while it awes the mind," is the phrase used by the great American author, Nathaniel Hawthorne, in writing of Niagara Falls, and its many phases of beauty and grandeur.

To those who have never viewed this magnificent spectacle, it will prove an enthralling revelation of majesty, beauty, and power that must remain forever a delightful memory.

Those who have once visited Niagara Falls and wandered amid its historic environments or viewed its varied scenes of wonder, delight to return to gather new impressions of the falling waters, the dashing rapids, and the great gorge.

This year the Pennsylvania Railroad will run a series of attractive personally-conducted excursions to Niagara Falls on July 3 and 17, August 7 and 21, September 4 and 18, and October 9.

Tickets will be sold at very low rates for the round trip and will be valid for return passage within ten days.

A special train in charge of an experienced tourist agent, will be run on each date from Philadelphia, carrying parlor cars, dining cars, and high-grade coaches.

Tickets will be good going on the special train and to return on any regular train within the time limit, permitting excursionists to stop off at Buffalo and view the beautiful metropolis of Lake Erie

Full detailed information of this attractive series of summer outings may be had on application to Tickets Agents.

FLUE CURING IMPROVES TOBACCO LIKE ROASTING IMPROVES GREEN COFFEE

Flue Curing Develops the Stimulating Aroma and Taste Found In Schnapps that Satisfies Tobacco Hunger

There are three ways used by farmers for curing and preparing their tobacco for the market; namely, sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured. In flue-curing the tobacco is taken from the field and suspended over intensely hot flues in houses especially built to retain the heat, and there kept in the proper temperature until this curing process developes in the tobacco the stimulating taste and fragrant aroma found in Schnapps tobacco, just as green coffee is made fragrant and stimulating by the roasting process. Only choice selections of this ripe, juicy flue cured leaf, grown in the famous Piedmont country, where the best tobacco grows, are used in Schnapps and other Reynolds' brands of high grade, flue cured tobaccos.

Hundreds of imitation brands are on sale that *look* like Schnapps; the outside of the imitation plugs of tobacco is flue cured, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco; one chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco.

Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other kind, and has a wholesome, stimulating, satisfying effect on chewers. If the kind of tobacco *you* are chewing don't satisfy, more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco.

Schnapps is like the tobacco chewers formerly bought costing from 75c. to $1.00 per pound; Schnapps is sold at 50c. per pound in 5c. cuts, strictly 10 and 15 cent plugs.

President Roosevelt Talks To Editors.

President Roosevelt made an eloquent speech to the National Editorial Association at Jamestown this week. Among other things he said:

The conservation of our national resources and their proper use constitute the fundemental problem which underlies almost every other problem of our national life.

Even such questions as the regulation of railway rates and the control of corporations are subsidiary to the primal problem of the preservation of our natural resources.

It should be the growing nation with a future which takes a long look ahead.

Unfortunately foresight is obviously a marked characteristic of us in the United States.

In my judgement, both the income tax and the inheritance tax should be part of our system of federal taxation.

The inheritance tax is the more important for the purpose of having the swollen fortunes of the country bear in proportion to their size a constantly increasing burden of taxation.

The progressive increase in the rates may be carried to its logical conclusion in a maximum of nearly 100 per cent. for the amount in excess of a specified sum.

To assail a decent man for something of which he is innocent is to give aid and comfort to every scoundrel, while indulgence in hysterical exaggeration serves to weaken, not strengthen, the statement of truth.

There is equal need to denounce the wealthy man who swindles investors or buys legislatures or oppresses wage-workers, and the needy men who inflames class hatred or incites mob violence.

WILL CURE CONSUMPTION.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. Sold by all druggists.

The Rising Sun RESTAURANT.

NOTICE.—On May 1, 1907, there will be a re-opening of THE RISING SUN RESTAURANT on 132 Maple Ave. This was the old Wm. Perkins Building, an old resident. SASSAFRAS ITEMS.

President Melvin, of the Kent County Public Schools, visited the public schools here on Friday in company with Miss Reese, of Kent county.

Mr. and Mrs. Frederick Gremart entertained Mr. Wm. Chamberlain, of Philadelphia, from Saturday until Monday.

Mr. and Mrs. James Robinson, of near Newark, who has been visiting their son, Mr. and Mrs. Elwood Robinson, for some months, returned to their Delaware home on Tuesday.

Mrs. John F. Ernest entertained Mrs. John F. Tarbutton on Monday.

Misses Alice, Tressa and Mary Dreka visited Middletown relatives, Dr. and Mrs. C. Clark and friends for the day Friday last.

Mr. and Mrs. William Cologhan's two little daughters, near town, are very sick with scarlet fever. Dr. Wright, of Warwick is in daily attendance.

Mrs. Henry Rosin and Mrs. Frank Sylvester visited relatives and friends in Kennedyville for the day Tuesday.

Mr. and Mrs. Lewis H. Dreka tendered his father a most beautiful reception on Saturday last in honor of his 90th birthday. "Water Ledge" never looked more beautifully. The house was prettily decorated with many flowers. Everything was done to make this a most bright and pleasant occasion. There was a large company and Mr. Dreka, one of our kindest and oldest neighbors looked serenely happy. He is beloved by everyone and looks very bright and active, notwithstanding his 90 years. We trust he will live to enjoy many more such happy occasions. An elegant collation was served of fruits, ices and cakes and many beautiful presents was tendered him.

There was quite a number from here and about 15 persons from Still Pond serenading the bride and groom. Mr. and Mrs. Irving Wright Spry, on Friday evening last and entertained the large number most royally.

Mrs. Rachel Merritt, of Warwick, is lying critically ill at her home. Mrs. Merritt is the mother of Mr. James Merritt, of Golts.

Mr. and Mrs. Frank Sylvester entertained for the day Capt. John Kirwin, of Baltimore.

Mrs. W. H. Spry entertained her pastor Rev. and Mrs. Cullum and son, Mr. and Mrs. Irving W. Spry, for tea on Sunday evening.

Mrs. J. Harry Lane, of Philadelphia, is being entertained by her mother, Mrs. Caroline Johns, and brothers, near town.

Children's Day was most beautifully observed here in the M. P. Rehoboth Church, the day and evening was beautiful, all day long one continual sunshine, something so unusual, that we hailed it with gladness. The program was a very interesting one. The church was decorated with potted plants and cut flowers and was filled from chancel to doorway. The children deserve much praise. Our faithful organist sang and played most beautifully being assisted by her sister, Miss Bessie Gunkel, and brother, Mr. Andrew Reynolds, of Warwick, and a well trained choir. Twelve dollars was realized and everyone seemed delighted throughout with the whole program.

Madam Rumor says we are to have a Doctor to settle in our town very soon, indeed we will hail him with joy for we surely need a good physician and this is a splendid location for a Doctor.

Mr. Fletcher Caulk, a farmer near Sassafras brought in town on Saturday a beautiful large stalk of wheat measuring 4 feet 6 inches tall and a head on it 5 inches long of the Meteranian fulse, of which he said he had 40 acres just as fine.

OYSTERMEN MEET.

EASTPORT, MD., June 12, 1907.

Editor Kent County News, Chestertown, Md., Dear Sir:—Pardon me for intruding upon your time by asking you to insert in your valuable columns something that interests a large number of people in this State and particularly the tidewater counties. It is nothing less than to call to mind the Oyster Culture Bill, more commonly known as the Haman Law, and to point out as far as in me lies, the way mapped by some of our people who are determined to fight it to the last.

As you know by this time or should know ever since the pessage of said act the sentiment of our people opposed to said law, has at last crystalized in the formation of the Anne Arundel Oystermen's Protective Association with the object of repealing the Haman Law altogether or at least eliminating the most obnoxious features thereof.

Moreover, we have decided to call a convention of all the Unions of Anne Arundel County in the city of Annapolis on the 27th of June, to devise ways and means of thwarting the object of said law by all just and legal means as becomes good and law abiding citizens.

And further, we have decided to invite all Unions throughout the State of Maryland and all those in favor of and with our movement to come to Annapolis on the aforementioned day and participate with us in our efforts. Let the Eastern Shore be properly represented. We extend a cordial welcome to all whether white or black, democrat, republican or prohibition or whatever he may be. This is no partisan movement but simply a getting together of all those who feel that their rights are endangered by this law. Let them all come and deliberate with us.

It is true that it is somewhat late in the day to insert this but printed in the paper it will do more good than a thousand letters sent broadcast. Hoping therefore to see very many of our Eastern Shore friends in Annapolis on the 27th, and extending a most cordial welcome to all. I have the honor to remain respectfully,

PHILIP BARRET,
COR. AND REC. SEC. OYSTERMEN'S PROTECTIVE ASSOCIATION A. A. Co.

FOLEY'S HONEY AND TAR
Cures Colds; Prevents Pneumonia

CASTORIA.
Bears the Signature of

Eminent Doctors Praise its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Diotca*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the repreductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.
