Any person driving a motor vehicle in this State, the owner of which shall not have complied with the provisions of this sub-title, or which motor vehicle shall display a fictitious number the same being a number other than that designated for such motor vehicle by the Secretary of State, shall, upon conviction, be fined in a sum not exceeding fifty dollars, and, in default of payment thereof, be punished by imprisonment in the county or city jail, as the case may be, for a period not exceeding thirty days; no number other than the Maryland State number shall be carried upon the front and back of the said motor vehicle while operated or used on any of the public highways of this State aforesaid, provided that residents of the District of Columbia shall not be required to remove the district number or tag when coming into Maryland, if such tag contains the initials D. Every operator of a motor vehicle shall give the name of the owner or the name and residence of the person hiring the motor vehicle if the said motor vehicle be a hired machine and the registration number of such vehicle when so requested by the keeper of a toll-gate. The managers or owners of all toll-roads shall after dark suspend a red lantern over the roadway when the gate is down.

133. Every motor vehicle shall carry during the period, from one hour after sunset to one hour before sunrise, at least two lighted lamps, showing white lights, visible at least two hundred feet in the direction to which such motor vehicle is proceeding, and shall also exhibit at least one red light visible in the reverse direction, upon the fronts of the two aforesaid lamps, showing white lights, shall be displayed in such manner as to be plainly visible when said lamps are lighted, the number of the license issued as aforesaid by the Secretary of State, the same to be in separate Arabic numerals in lines that are not less than two inches in height. Every motor vehicle shall also be provided with good and efficient brakes, and shall also be provided with suitable bell, horn or other signal device; provided, however, that the user of such motor vehicle may proceed to his destination in event of a *bona fide* failure of his lights to operate, if he sounds his bell, horn or other signal device at least once in every two hundred feet, does not proceed at a rate of speed greater than one mile in ten minutes, and takes the first reasonable opportunity to put his lights in order; otherwise such operator to be deemed guilty of a violation of the aforegoing provision.

134. The following rates of speed may be maintained, but shall not be exceeded, upon any public street, public road or turnpike, public park or parkway, public driveway or public highway in this State by anyone driving a motor vehicle: (1) A speed of one mile in ten minutes upon the sharp curves of a highway and at the intersection of prominent cross-roads where such road or highway passes through the open country. (2) A speed of one mile in ten minutes where such street or highway passes through the built-up portion of a city, town or village; except cities of 16,000 inhabitants or over; elsewhere except as otherwise provided in this sub-title, a speed of one mile in five minutes; provided, however, that nothing in this section contained shall permit any person to drive a motor vehicle at any speed greater than is reasonable, having regard to the traffic and use of highways, or so as to endanger the life or limb, or to injure the property of any person; and it is further provided that nothing in this section contained shall affect the right of any person injured in his person or property by negligent operation of a motor vehicle to sue and recover damages as heretofore.

135. Upon approaching a person walking in the roadway of a public highway, or a horse or other draft animal being ridden, led or driven thereon, a person operating a motor vehicle shall give reasonable warning of its approach by signalling with a horn or other device, and shall reduce the speed of such vehicle to a speed not exceeding one mile in ten minutes, while near to and passing such animals so ridden, led or driven as aforesaid, and it shall be the duty of the person so riding, leading or driving such horse or other animal when approached from the rear, as soon as practicable, to turn to the right of the centre of the roadway, leaving a clear open space for such motor vehicle to pass. If such horse or other draft animal shall appear frightened at the approach of such motor vehicle, whether approaching from the front or rear, or if the person in charge of such animal shall signal by raising his hand, the person in charge of such motor vehicle, if going toward such horse from an opposite direction, shall guide the motor vehicle as far as practicable to the side the roadway, and bring the same to a stop, and remain standing until the person in charge of such horse or other animal can drive or alight, and lead his horse by, or, if going in the same direction, shall reduce the speed of such motor vehicle and bring the same to a stop until such person in charge of such horse or other draft animal shall have had reasonable time to alight, if desired, and take hold of such horse or other draft animal, or otherwise control the same. In meeting or overtaking horses or other draft animals ridden or driven by ladies or children unattended by a man, it shall be the duty of the person in charge of a motor vehicle to use every reasonable precaution to avoid frightning such horse or other animal, and if requested so to do, to stop such motor vehicle, alight therefrom, and lead such horse or other animal by such motor vehicle, and take such other precaution as may be necessary to avoid accident. The horn or other signal device shall be used only for the purpose of giving a signal of approach, and shall not be sounded while passing a horse or other draft animal. The horn or other signal device shall also be sounded in approaching sharp curves, intersecting highways and the tops of hills, when driving in the open country. In passing a horse or other draft animal left unattended by the roadside, whether hitched or unhitched, and whether in a city town or village, or in the open country, the person in charge of a motor vehicle shall reduce the speed thereof to a mile in ten minutes, and upon any sign of the horse or horses being frightened, shall immediately stop and give notice of his approach by a blast of his horn or other signal device, and remain standing until the owner or driver of such horse or horses can get hold of or control same.

136. The Board of County Commissioners, or other proper local authorities having charge of the roads and highways (in Baltimore city, the Board of Police Commissioners) may in their discretion, notwithstanding the other provisions of this sub-title, set aside for a given time a specified public highway or highways for speed tests or contests, to be conducted under proper restrictions for the safety and convenience of the public.

In the case of any operator of a motor vehicle arrested for the violation of any of the provisions of this sub-title, and who in addition thereto is charged on oath with with being an habitually reckless driver, or with driving habitually in excess of speed limits of this sub-title prescribed, or with habitually driving in disregard of other provisions of this sub-title, the magistrate before whom such charged is preferred shall transmit the papers in such case to court, accepting bail or committing in default thereof as in other cases, and upon the persons so charged being convicted of the charge so preferred as aforesaid, and if the court be satisfied that such person has been an habitually reckless driver, or has habitually driven in excess of the speed limits herein prescribed, or in habitual disregard of other provisions of this sub-title, such court may, in its discretion, sentence the person so convicted to imprisonment in the county or city jail, as the case may be, for a term not exceeding sixty days, in addition to imposing the fine prescribed. Any person charged with the violation of any of the provisions of this sub-title, and being convicted thereof before any committing magistrate or justice of the peace of this State, shall have the right to appeal from the judgment of such magistrate to the Criminal Court of Baltimore City, if convicted in Baltimore city or court of criminal jurisdiction of any county in which he may be so convicted, and such court on such appeal shall hear the case *de novo*; provided, however, that such appeal be taken within thirty days from the date of judgment. All fines imposed for violations of the provisions of this sub-title shall be turned over to the proper authorities of the city or counties to be used for street or road improvements, and no part of any such fines shall go to the informer. ROCK HALL ITEMS

If residents of a town were as zealous in landing the many good things in their midst as they are in giving vent to the few things of ill report, how much happier all would be. Meddlesomeness, false reports, and outside interference is retarding the presperity of this section, and why? There is a reason, and none need go far to find it.

We now have a daily boat to and from the city. This is appreciated by shippers and those who are compelled to travel.

Mrs. A. Alexander is just home from New York, where she has been attending an interesting wedding of a relative. She reports a joyous occasion, and notwithstanding a lengthy triping the light fantastic toe, and a long homeward trip, she is as blithesome as a girl in her teens.

Rumor has it that a new barber from Baltimore will be installed in Casey's tonsorial parlor in the near future. As there are two establishments of the kind already here and full work, this looks like booming business.

Farmers in this section are in the midst of harvest, and seem satisfied as to the yield of the crop.

Our crabbers who are trot lining are down at the heel. Crabs are in abundance but prices are discouraging. Doubtless if the catchers would be more careful in the size and condition of the crabs they ship, their remuneration would be 100 per cent. better than it is. Some have quit and gone into soft crabbing with better results.

Leroy Boyer is in his first season in crabbing. His father, Mr. J. W. Boyer, keeps him close by in order that he can see that all goes well with the boy as he is quite small. A few days ago Leroy was down the shore with his line out and noticing a school porpoises working up toward him, hollowed over to his father to know what they were, and if they would molest him. The parent explained to him what they were and that they were harmless, but the boy continued uneasy as he fished away. Suddenly one large porpoise leaped completely out of the water uncomfortably near the boy's boat, and that was more than he could stand, dropping his line, he sprang for his oars and pulled for dear life in the direction of his father, who, to prevent a collison, and possibly worse, had to yell a number of times to get the boy to pay attention to what he was doing. Leroy is now sick, and it is thought the scare he got is the cause.

A CURE for hoof diseases of horses, the "O. K. Hoof Remedy" is for sale by Mr. Elwood Whaley, of Chestertown. This remedy is guaranteed to cure any case of contracted feet, corns, thrush, wire cuts, etc. It will also cure the alsyke poison.

The woman who can't be pleased with the Slippers and Pumps shown by Jefferson this season will have a hard time getting pleased.

Millinery!
Millinery!

This has been an unprecedented season in our Millinery Department. Our trimming room has been taxed to the utmost night and day. The styles never were more attractive and charming, the trimming never more varied and beautiful, and the prices never so paltry and pleasing. Yet with the vast number of hats that have been turned out, we have a plentiful supply for the unfortunate ones—those who have as yet been unable to buy. We are showing the daintiest things in Trimmed and Untrimmed Hats and Sailors, and a gorgeous array of Trimmings, such as Flowers, Ribbons, Plumes, Grass, Feathers, etc.

3-inch Ribbon, 10c yd.

We have, while it lasts, some exceptionally good values in ribbon. They are all silk, in black, white, blue, pink and red. Regular 15c quality at 10c a yard, while they last.

Muslin Remnants

We have just received a consignment of short ends of Muslins of especially good values. They run in lengths of from 1 yard to ten yards to the piece. Price per yard only 8c.

Lawns

Our Summer supply of Lawns is now complete with all the nice things of the season. No old stock carried over from last year. We always clean up from one season to another, so when you buy a Lawn here you can rest assured you are getting the newest.

White Shirt Waist Suits and Skirts

Last season was our first venture in this department, and we were so well pleased with the results that we have more than doubled our supply of last season, and now you can find the most nobby things that you ever saw all ready to put on. We have them in White Lawn, also the Linen and Pure Linen fabrics, from $2.50 up to $6.00 for the full suit; also the Separate Skirts of Linen, from $1.50 up to $3.00.
