INVENTOR OF BARBED WIRE.

When Isaac L. Elwood was a youth he lived in a small Illinois town, and a neighbor's pigs caused him a lot of trouble. About every other day Isaac had to spend valuable time fixing the fence that the pigs broke down—time that he felt ought to be devoted to playing ball. One day he fixed up a fence according to his own ideas. It was a wire fence with pieces of wire twisted on the strands in a way that they formed protruding barbs. The pigs made a rush for the fence just once; they didn't try it the second time. A couple of strangers saw the fence, and told Elwood he had a good thing, and in spite of the funmakers of his neighbors he borrowed $1,000 and started a barb wire factory. A few years later he was worth $15,000,000.

HAWK ATTACKS WOMAN.

[A Special Dispatch to the Baltimore Sun from York, Pa., July 6 says:—] "Attacked by a hawk, Mrs. Geo. Berk, near Yoe, York county, was badly injured and will lose the sight of one of her eyes. The bird made its descent upon the woman when she was closing in her young chickens for the night.

She had been stooping, and just as she arose the bird darted at her, catching her in the face with claws and beak. She fell backward and the hawk renewed its attack, badly lacerating her face and left eyeball. It is believed that the bird was angered at seeing the chickens removed beyond its reach.

HEREAFTER no "C. O. D." liquor will go into the "dry" sections of the Delaware, Maryland and Virginia Peninsula, and a new plan will have to be followed by persons living in those sections who have been accustomed to paying for the packages when they were received.

This change became known Monday morning when the Adams Express Co. served notice on the rectifying houses of Wilmington that the company had decided that in the future all liquor shipped to the local option counties of Maryland will have to be paid for on that end, the company having discontinued acting as a collecting agent for the shippers.

Ever since the dry counties on the Eastern Shore went dry most of the liquor consumed there has been obtained from Wilmington and Baltimore, and it is presumed that the same rule will be followed with respect to the Baltimore shipments, so far as the Adams Express Co. is concerned.

Carried to Sea by Toy Balloon.—A dispatch from Rockport, Texas, says: Minna, the 2-year-old daughter of Mr. and Mrs. J. H. Moody, of Waco, was carried into the air yesterday by a bundle of toy balloons which an Italian peddler on the veranda of the hotel had tied around her waist thinking to please her. Before the spectators could recover from their surprise she was wafted out to sea, 50 feet in the air. A launch occupied by George Munafee, of Denver, was in the bay and he came to the little girl's rescue. Firing at the balloons, he punctured several of them, and she began to settle downward, finally landing safely 12 feet from the water on the shore of St. Joseph's island.

Bees Tied up Four Railroads.—Four railroads were rendered noperative Tuesday in Sioux City, when several thousand honey bees swarmed on the handle of an important switch in the terminal yards. A train of Standard Oil cars lay across the yards and obstructed traffic, but none of the two scores of idle trainmen dared approach the switch.

Aid came through a small boy, who called out that his daddy could capture the bees. He was hailed as a blessed saviour and dispatched for his father. The latter showed up in half an hour and calmly loaded the bees into a wash boiler. Then the wheels of commerce turned around again.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in yellow package. Sold by all druggists.

TIRED AND SICK YET MUST WORK

MRS. AUG. LYON

"Man may work from sun to sun but woman's work is never done."

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo and often suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these women that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, comes as a blessing. When the spirits are depressed, the head and back aches, there are dragging-down pains, nervousness, sleeplessness, and reluctance to go anywhere, these are only symptoms which unless heeded, are soon followed by the worst forms of Female Complaints.

Lydia E. Pinkham's Vegetable Compound

keeps the feminine organism in a strong and healthy condition. It cures Inflammation, Ulceration, displacements, and organic troubles. In preparing for child-birth and to carry women safely through the Change of Life it is most efficient.

Mrs. Augustus Lyon, of East Earl, Pa., writes:— Dear Mrs. Pinkham:—"For a long time I suffered from female troubles and had all kinds of aches and pains in the lower part of back and sides, I could not sleep and had no appetite. Since taking Lydia E. Pinkham's Vegetable Compound and following the advice which you gave me I feel like a new woman and I cannot praise your medicine too highly."

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case. Her advice is free and always helpful.
