SATURDAY, AUGUST 24, 1907.

THE Baltimore American is whistling loud to keep its courage up.

THE Baltimore Sun speaks with no uncertain sound and all Democrats rejoice.

JUDGE CROTHERS is going to sweep the State. Everything points that way. Let the good work go on in State and county. One of the greatest calamities that could happen would be a *Mudd-Jackson* victory.

THE Easton Ledger says of the Republican judicial candidates, "Albert G. Towers and Wm. T. Warburton are professional Republican politicians who despite the personal abilities of each are bitter partisans, notoriously unfitted to don the ermine."

THE Cecil News is showing up the Republican administration in that county by comparison of tax rates. Here is one of many:

"William B. Steel, on his Seventh district farm, paid under Democratic rule an average tax of $76.09 per year. Under Republican rule the average tax has been $103.67, an increase in four years of $110.32."

THE Independent voters of Maryland are pronouncing for the Democratic ticket. Roger W. Cull, of Baltimore, and Randolph Barton, of Baltimore county, are two of the prominent Independents who have declared that intention. Mr. Barton sharply scores the manner in which the Republican ticket was named at the dictation of Congressmen Mudd and Jackson.

"IT'S THE BEST TICKET I EVER HAD THE CHANCE TO VOTE FOR," said a Kent county Democrat in Chestertown last Tuesday. He said further: "I have been voting a good while and I have cast ballots for many good tickets, but I say without hesitation this ticket beats them all, and I believe it is also one of the strongest tickets ever presented by the party for the suffrage of the people. This applies to the State, Judicial and County tickets—they are all good, and will certainly prove very strong."

This gentleman knew what he was talking about, he had given the matter careful thought and was unbiased by personal considerations. It is a high estimate here given of the whole ticket but not undeserved. The Democrats could not have been happier in the results of the State convention. The nomination of Judge CROTHERS for Governor was an inspiration direct from the people. He is a grand, good candidate in every particular. To his irreproachable character is his acknowledged ability and fitness for the position for which he has been selected. His judicial experience has proved his high legal learning, while his record as a State Senator puts him at the fore front as a man well posted in State affairs. He will honor his State and the whole people without a doubt as Governor. We have the utmost confidence in his triumphant election.

The balance of the State ticket is also of unquestioned high character and with their merited popularity will add to the great strength of Judge Crothers.

The nomination of Hon. Philemon B. Hopper, of Queen Anne's, and Judge Adkins, of Talbot, gives assurance of a continued safe and sound judicial bench in this circuit.

The county ticket may not be exactly what every Democrat desired, but it is certainly a good ticket—from top to bottom it contains the names of men of highest character, and they will fill the positions for which they are chosen with credit to the county.

A united party, such as is now assured for this ticket, renders its success, we think, beyond question.

Buying good jewelry

Is a sensible, a safe, a wise investment — purchasing the cheap kind is a waste. Putting a reasonable amount into a really good ring, for instance, is as wise as spending it for new clothing.

The ring assists to produce that general appearance of well-to-doness which it will pay any man or woman to cultivate.

And so with other jewelry.
