## What's the Reason?

The fall season has opened up with us with a very decided increased activity over all former season's selling.

We are not a proud stuck up store, but we can't help but think that our merchandise is a little superior to the average one, hence the season for us capturing so many new customers (holding on to our old ones) and resulting into an increased volumn of trade.

### WHAT'S THE REASON?

We think our Suits fit a little better-we think our prices are a little lower, consistent with highgrade merchandise. We think our goods are a little better and more carefully bought. We think you can get a little better all round treatment here than you will be accorded elsewhere.

We think if you will visit our store and take a look through our stock of Suits for Man and Boy, that we will be able to register you up as another, added to our list of new customers this season. Our Hat, Underwear, Gloves

and Hosiery Departments are always at the highest standard of excellence. You are always welcome at our store.
