## Foley Kidney Pills

TONIC IN ACTION - QUICK IN RESULTS

Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

HAVE HIGHEST RECOMMENDATION

S. A. Davis, 627 Washington St., Connersville, Ind., is in his 85th year. He writes us: "I have lately suffered much from my kidneys and bladder. Foley Kidney Pills have done me more good than anything I have ever taken."

## What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medical forest plants. World's Dispensary Medical Association, Props., Buffalo, N. Y.

## Arlington L. Sparks

Chestertown's Best Store

## The Famous Rayo Lamp

The Rayo Lamp is the best and most serviceable lamp you can find for any part of your home.
It is in use in millions of families. Its strong white light has made it famous. And it never flickers.
In the dining-room or the parlor the Rayo gives just the light that is most effective. It is a becoming lamp—in itself and to you. Just the lamp, too, for bedroom or library, where a clear, steady light is needed.
The Rayo is made of solid brass, nickel-plated; also in numerous other styles and finishes. Easily lighted without removing shade or chimney; easy to clean and rewick.
Ask your dealer to show you his line of Rayo lamps; or write for descriptive circular to any agency of the

## SMUDGING

An Article Written By Scholar In School At San Antonio, Texas, Taught By Miss Nan Matthews, of Kent County.

The State of New Mexico, situated as it is in the Rocky Mountains, abounds in grand scenery. In many places there is nothing to be seen but naked rocks; but, by means of irrigation the soil can be made so exceedingly fertile that fruits of enormous size and excellent flavor can be grown.

In the spring of the year when the weather is so changeable unexpected frosts may ruin the entire fruit crop.

To prevent this loss many fruit growers make a practice of smudging. Some months previous several men haul saw dust from the saw mills near the Grand Canon. This is put in piles about fifty feet apart on all four sides of the orchard. Then are added green brush and hay, over which are poured gallons and gallons of crude oil

From the first of May on a man sits up all night to watch the thermometer and when it registers three degrees above freezing point he rings a bell that awakens all the men on the place. These men immediately get up and with large torches light the smudges. Only those smudges on the windward side of the orchard are lighted. For instance: if the wind is coming from the north the smudges on the north side of the orchard are lighted.

The theory of this system is not that the heat from the fires moderates the temperature but that the smoke which rises and drifts with the wind over the entire orchard makes the atmosphere so dense that the frost cannot penetrate it.

## FREE SHORT COURSES NOW ON

A special effort has been made to make the various short courses at the Maryland Agricultural College more interesting and instructive this year than ever before. The following is a list of the courses and the dates when each is given:

| | |
|---|---|
| Soils and Manures | Jan. 8 to Jan. 13, 1912 |
| Farm Crops | Jan. 15 to Jan. 20, 1912 |
| Poultry Husbandry | Jan. 22 to Jan. 27, 1912 |
| Horticulture | Jan. 29 to Feb. 3, 1912 |
| Horticulture (cont'd) | Feb. 5 to Feb. 10, 1912 |
| Farm Machinery and Engines | Feb. 12 to Feb. 17, 1912 |
| Carpentry, Blacksmithing and Pipe-Fitting | Feb. 19 to Feb 24, 1912 |
| Farm Stock and Feeding | Feb. 26 to Mar 2, 1912 |
| Farm Dairying | Mar 4 to Mar 9, 1912 |
| Veterinary Science | Mar 11 to Mar 16, 1912 |
| Domestic Science | Mar 18 to Mar 23, 1912 |

It is thus arranged that persons interested in any particular course or courses can take them. Many prominent outside lecturers have been employed to aid the regular instructors at the college for this special work. The aim in selecting these special lecturers is to give those attending the advantage of hearing from those who are actually engaged in conducting different lines of agricultural work successfully, or who have made it a special study. For instance: a Hood River expert apple packer has been engaged for a week, during the horticultural course, to instruct in apple packing, through practical demonstration.

The aim of these short courses is to give the students as much practical information as possible. The only expense in connection with the courses is is board, which can be secured at the rate of $5 per week.

Farmers and fruit growers cannot afford to miss the opportunity. Make arrangements to leave home for a week or two and attend one or more of these courses. Write at once for information and accomodation to R. W. Silvester, president, Maryland Agricultural College, College Park, Maryland.

## WITH THE LIVE STOCK.

Never put *hot* water directly into the cream.

A reliable thermometer should always be kept handy and used. Guesswork doesn't pay when making butter.

Cracks in the bottom of the rack will swallow up more grain than the sheep eat, and fat nothing at that.

The size and strength of the lambs at birth will be governed by the feed and care of the ewes during the winter.

Clover or alfalfa hay, with a light ration of wheat bran and linseed-meal and roots, is the ideal ration for the ewes.

The colt must have exercise while growing, to develop its muscles and tendons.

Don't keep the colts tied up in stalls day in and day out. It will ruin the best colt.

When you buy a horse do you look at his knees? If they are all marked up, make careful inquiry as to the cause of stumbling on the road.

Remember that the colt has a small stomach, and must be fed with care and intelligence. A colt crammed with coarse food, develops into a pot-bellied, dyspeptic, colicky horse.

Much of the success with hogs depends upon keeping them free from lice.

It pays to brush the sows with a good stiff brush. Try it and see how they enjoy it.

Do not give the hogs frozen swill. Do not give them frozen or half-frozen vegetables. It will upset the stomach, cause indigestion and a loss in condition.

When chaff or other particles get into the eye of an animal, syringe or sponge the eye frequently with clean, cold water containing sulphate of zinc, one grain to each ounce of water. Keep the stable darkened.—From January Farm Journal.

## On The Job.

Mrs. Maud Darrell Hoffman, a pioneer of country-week work, was praising in Hartford the country vacation.

"A country vacation is better than a seashore one,', she said. "You see things so much quainter. And the farther into the country you go the quainter becomes the things you see.

"I once spent August in a village called the Head of Sassafras, a village down in Maryland. The postoffice there was the general store. The morning after my arrival I went to the general store for my mail.

"A little girl preceded me with an egg in her hand.

"'Gimme an egg's worth of tea, please,' I heard her say to the postmaster storekeeper; 'and ma says ye might weigh out an egg's worth of sugar, too, for the black hen's a-cluckin', and I'll be up again in a minute.'"

## Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly" begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of **Swamp-Root,** the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Home of Swamp-Root.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

## FARM WAGONS

Now is the time you need a good wagon and we have them on hand We ask you to examine them and see for yourself they are the wagon that will fill your needs. These wagons ars built by skilled mechanics out of dry seasoned lumber.
