CHECKS SERVICE BOARD

P. B. & W. Gets Preliminary Injunction Against It—First Action of Kind in Court—Railroad Does Not Want to Operate Kent County Branch.

The first action in court to prevent the Public Service Commission from enforcing one of its orders was taken Friday by the Philadelphia, Baltimore and Washington Railroad Co., which obtained a preliminary injunction restraining the commission from attempting to enforce its order that the railroad company should reconstruct and operate the Nicholson branch of the Kent county railroad, extending 3¾ miles from Worton to Nicholson.

The injunction was granted by Judge Stump, in Circuit Court No. 2, upon a bill of complaint filed through Attorneys Bernard Carter & Sons, and a bond for $1,000.

It is recited in the bill that the order of the commission was passed last December upon the complaint of H. C. Willis and 13 other residents of Nicholson. Up to March 1, 1910, it is stated, the Kent railroad was operated by the Delaware Railroad, which leased it to the Philadelphia, Baltimore and Washington Railroad on the date named. The Philadelphia, Baltimore and Washington Railroad has never operated the Nicholson branch, and it denies that the condition of the country about it warrants its operation.

Long prior to the filing of the complaint of Mr. Willis and others, it is stated in the bill, the Nicholson branch was abandoned, and the country which it served is now served by the Chestertown branch. There is no public demand for the operation of the Nicholson branch, it is also contended, and it cannot be operated except at large financial loss. The Philadelphia, Baltimore and Washington Railroad also denies that it is obligated by the terms of the lease of the Kent railroad to operate the Nicholson branch, or that the lease requires it to reconstruct and operate the branch without the consent of the Delaware Railroad Company.

The order of the commission, it it alleged, is unlawful and unreasonable, and it has not the power to order the Philadelphia, Baltimore and Washington Railroad Company to reconstruct and operate the Nicholson branch railroad. The enforcement of the order, it is also asserted, will deprive the Philadelphia, Baltimore and Washington Railroad Company of its property without due process of law.

THESE SIX LETTERS
From New England Women

Prove that Lydia E. Pinkham's Vegetable Compound Does Restore the Health of Ailing Women.

Boston, Mass.—"I was passing through the Change of Life and suffered from hemorrhages (sometimes lasting for weeks), and could get nothing to check them. I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) on Tuesday, and the following Saturday morning the hemorrhages stopped. I have taken them regularly ever since and am steadily gaining.

"I certainly think that every one who is troubled as I was should give your Compound Tablets a faithful trial, and they will find relief."—Mrs. GEORGE JUBY, 802 Fifth Street, South Boston, Mass.

Letter from Mrs. Julia King, Phœnix, R.I.

Phœnix, R.I.—"I worked steady in the mill from the time I was 12 years old until I had been married a year, and I think that caused my bad feelings. I had soreness in my side near my left hip that went around to my back, and sometimes I would have to lie in bed for two or three days. I was not able to do my housework.

"Lydia E. Pinkham's Vegetable Compound has helped me wonderfully in every way. You may use my letter for the good of others. I am only too glad to do anything within my power to recommend your medicine."—Mrs. JULIA KING, Box 282, Phœnix, R.I.

Letter from Mrs. Etta Donovan, Willimantic, Conn.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles causing backache, irregularities, dizziness, and nervous prostration. It was impossible for me to walk up stairs without stopping on the way. I was all run down in every way.

"I tried three doctors and each told me something different. I received no benefit from any of them but seemed to suffer more. The last doctor said it was no use for me to take anything as nothing would restore me to health again. So I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and by taking seven bottles of the Compound and other treatment you advised, I am restored to my natural health."—Mrs. ETTA DONOVAN, 762 Main Street, Willimantic, Conn.

Letter from Mrs. Winfield Dana, Augusta, Me.

Augusta, Me.—"Lydia E. Pinkham's Vegetable Compound has cured the backache, headache, and the bad pain I had in my right side, and I am perfectly well."—Mrs. WINFIELD DANA, R.F.D. No. 2, Augusta, Me.

Letter from Mrs. J. A. Thompson, Newport, Vt.

Newport, Vt.—"I thank you for the great benefit Lydia E. Pinkham's Vegetable Compound has done me. I took eight bottles and it did wonders for me, as I was a nervous wreck when I began taking it. I shall always speak a good word for it to my friends."—Mrs. JOHN A. THOMPSON, Box 3, Newport Center, Vermont.

Letter from Miss Grace Dodds, Bethlehem, N.H.

Bethlehem, N.H.—"By working very hard, sweeping carpets, washing, ironing, lifting heavy baskets of clothes, etc., I got all run down. I was sick in bed every month.

"This last Spring my mother got Lydia E. Pinkham's Vegetable Compound for me, and already I feel like another girl. I am regular and do not have the pains that I did, and do not have to go to bed. I will tell all my friends what the Compound is doing for me."—Miss GRACIE B. DODDS, Box 133, Bethlehem, N.H.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health.

THE HOBBLE.

A letter to the News from one who loves the girls says "Some mothers in Rock Hall are tired of the hobble skirt and fear a repetition of some of the disgusting scenes of last summer. Why does fashion disfigure our pretty girls by making their dresses so scant?

What will our dear girls wear next Spring?
Not the hobble, that dreadful thing;
It's lines are so severe, that girls
Cannot run more with graceful whirls.
It is too scant to be complete;
The hem too far above the feet.
How can girls sit with greatest care.
With decency upon a chair?

BENEFIT OF A HARD WINTER.

We have had, thus far, what is called a "hard winter," generally throughout the country. There has been plenty of snow, sufficient to give the ground a good covering everywhere where snow falls prevail, and great quantities in many districts. Also there has been a prevalence of zero temperature throughout the United States, with the exception of a few localites, the recent "good snap" having prevailed in this section of the country for two weeks with scarcely an intermission, something decidedly unusual.

Now comes the bright side of this chilling picture—the "silver lining to the cloud." Information from farming circles is to the effect that the unwelcome visitation will result in a great abundance of crops next summer. The severe cold, it is said, will destroy the eggs of many pestiferous insects and thus largely reduce the number of these enemies to vegetation. The heavy blanket of snow will warm the soil so that it will respond readily and liberally to the tilling efforts of the farmers when the harvest season comes to hand. And when the snow melts, it will send deep into the earth large quantities of nitrogen, which will nourish the roots of grain and grasses, vines and fruit trees, so that the most generous harvest will result.

It is hoped there is truth in this philosophy. There is so much tribulation and human suffering in a hard winter that nature's equipoise would be seriously disturbed by the entire absence of compensating benefits.—Every Evening.
