ROCK HALL NOTES.

Three of the secret benevolent orders of this place—K. of P., P. O. S. of A. and I. O. O. F.—assembled in the hall of the Pythians on Sunday morning and after making up a purse for the church marched to the M. E. Church and attended divine worship, and heard a splendid sermon by Pastor Corkran on the subject "Loyalty," the true measure of a man, from the text found in Dan. 6:10. The discourse was highly appreciated by the "Fraters."

The terrific blow of Thursday last week played havoc with boating in the harbors here. Every boat in Huntingfield Creek was blown ashore—save two, and they were sunk at their moorings. Two pile-driving towers were blown from their fastenings at Leary's Wharf, Grey's Inn, and watermen had considerable trouble and anxiety in caring for their craft in other harbors.

On Friday a number of oystermen succeeded in reaching the oyster bars, but all were blocked in again on Saturday by drift ice, and the steamer from the city had all she could do to force thru the jam and reach the wharf at Gratitude. On Monday the ice blockade was finally lifted and vessels that have been ice-bound here since January 1st, laden with oysters, proceeded to the city. The police boat, A. B. Smith, reached Swan Point on Saturday just in the nick of time, as a number of dredgers were on Hodges Bar, and contemplated raiding Swan Point at night, it is said.

Mr. Samuel Joiner, who has been in a precarious condition all winter, was taken to a city hospital on Friday where it is hoped he will speedily recover.

Among the oystermen here opinions differ as to the advisibility of extending the oyster season to May 10th. Best let the oyster law alone.

Mr. J. M. Collison, after so long weathering out his holiday enforced upon him by the freeze, is now held prisoner by sickness.

Mr. Alex. Taylor is building a front addition to his dwelling on Gratitude Road. The church officials have trimmed the great oak in front of the M. E. parsonage; so has Mr. A. Alexander trimmed up the large tree at his store.

Canning Notes.—Turner & Son have found little difficulty in securing 450 acres of tomatoes for the new Davis Cannery to be erected at Barnard's Wharf; and 250 acres for Seneca & Co., Harford. The cannery there with new wharf will cost about $20,000 and will be a boom to that section. Herring will be canned as well as other products. The Progressive Club, of Betterton, were instrumental in securing this new industry. Mr. Harry Willis on whose property the plant is located will plant a large acreage. Foreign labor will be brought here.

Wireless Conductor Injured.—J. F. Wyble, construction engineer for the United Wireless Telegraph Company, who broke his leg and sustained severe scalp wounds Monday night, at Sparrows Point, is reported resting comfortable at the University Hospital. The accident to Mr. Wyble occured while completing a new attachment to the wireless plant at Sparrows Point. While cutting the aerial someone touched the wireless key and he received an electric shock that knocked him fifteen feet off a ten-foot pole.

THE Kent Building and Loan Company will lend you money on mortgage at 5 per cent.

A splendid program will be rendered, surpassing all previous records; good singing, recitations, etc. Room beautifully decorated with flags of all nations. Every officer, teacher and scholar requested to be prompt in attendence. The public invited.

At a members meeting of Christ M. P. Church held Thursday evening Mr. T. D. Bowers was elected delegate and Mr. Chas. N. Satterfield, alternate, to the annual conference which meets in Laurel, Del., in April. The old board of Stewards were re-elected.

Next Sunday will be observed as Decision Day at Salem M. E. Church, Fairlee. Sunday school in morning at 9.30, probationers' service at 10.15 and preaching by pastor at 10.30. At 7.30 in the evening the railroad evangelist, Rev. J. F. Clarke will be present and have charge. All welcome.

At Worton M. E. Church preaching at 3 p. m. by the pastor. All welcome.

In another column will be found the advertisement of a musical comedy to to presented in Stam's Hall, Friday evening, March 8th. The one-act drama, "A Man About Town," can be excelled by none of its size. The chorus of twenty-five voices is alone worth the price of admission. Startt, Skirven, Ross and the other comedians promise to be a "cure for the blues." The orchestra of eight instruments and the vocal solos and quartettes will certainly be a treat for the lovers of good music. The proceeds are for the missionary cause.

Overland

$900 Buys You All You Need in an Automobile

THIS Overland (Model 59) at $900 is absolutely all any one would want in a car. Compare it with any $1250 car on the market, and you'll find but little difference. You know that most of the $1250 cars are of the 30-horsepower type. This $900 car has a 30-horsepower motor. Seats five people comfortably. It is big and roomy. Has a staunch pressed steel frame, selective transmission with F & S annular bearings—the best made. Has strength, power and speed—more than you will ever care to use. The body design and finish is simple, graceful and beautiful. Upholstery is of good leather, hand stuffed with fine hair. In every respect it is a thoroughly high grade machine.

¶ And it is a fact that no other maker in the business can build this car and sell it at this price without losing money. This is due to the enormous manufacturing facilities of the Overland Company—*the largest in the world.* The manufacturer who turns out but 5,000 cars *must* have greater production costs, for each car, than the Overland Company, who make over 20,000 cars.

¶ They have published a very interesting and simply written book which explains why the largest automobile factory in the world can give more for less money than the small factory. Stop in and get a copy. It will show you how to save money when you buy your car. This also explains in detail the remarkable value of this $900 touring car and illustrates with handsomely colored plates the complete 1912 line. Better come in at once.
