Still Moving

is our Reduction Sale and no wonder, for the trade have learned some time ago that

Our Reductions

Are Reductions

i. e., prices reduced from former low quotations. This is the cause—'tis and has been our getting rid of plan for a number of years.

We still have some good things left, yet we advise

AN EARLY CALL

All winter wearables such as—Suits, Overcoats, Gloves, Sweater Coats, Separate Trousers, etc., included in this sale.

Moody & Lusby

Directly Opposite Court House,

CHESTERTOWN, MD.

LOCAL NOTES

J. H. SIDES has sold a Metz roadster automobile to Mr. Lewin U. Skirven, of Fairlee.

J. F. THOMPSON unloaded three new Ford automobiles in Chestertown this week and Graham & Clements have received a new Michigan touring car.

DON'T forget the big sales noted in another column. They take place next week—Monday and Thursday.

THE Supervisors have named John G. Roland, Charles Ivens, Wm. H. Lambert and S. R. Matthews to make a copy of the poll books according to law recently passed.

J. H. DENNY brought to the NEWS office Saturday an oyster shell taken from Swan Point on which there were 32 young oysters!

THE U. S. Civil Service Commission will hold an examination at Chestertown on Saturday, April 6, 1912, to fill a vacancy in the position of rural carrier at Golts. The salary is from $600 to $1,000 Age limit 18 to 55. Your postmaster can give other information.

THE County Commissioners have appointed Dr. George W. Jones, of Galena, health officer, to succeed Dr. H. G. Simpers who has made a most efficient officer having successfully managed two small-pox epidemics, &c. He retires after eight years of faithful service. Dr. Jones is a son of Mr. Thos. Jones, of Kennedyville, and a most estimable young gentleman.

THE influenza among horses in Kent is assuming alarming proportions and in other counties the same disease is prevalent. The most serious result is from mares in foal, as in nearly every case the colt is killed,

NOW is the time for all growers to make arrangements for treating fruit trees for the San Jose Scale. The best all round remedy is the concentrated lime-sulfur mixture. This wash can be bought or made at home, depending upon the inclination of the grower.

THE Kent Land Co., have sold two more lots of 8 and 9 acres each of their "Queen Anne's Gardens." The new owners expect to erect residences thereon at once.

MARYLAND potato growers should take warning not to plant any imported potatoes as they may contain the potato wart disease without it being seen. If the disease appears once in our fields, it will be practically impossible to eradicate it.

THE organizers of the Business Men's National Association will begin organizing the merchants of Kent county next week. The Association for this county will have its headquarters in Chestertown and will be similar to the organization which has just been formed at Cecil county where over 150 merchants came in as charter members. The National Association purposes to organize every county in the State of Maryland. County Associations will be entirely independent in the conduct of their own affairs but will be affiliated with the State Association which in turn will be represented in the National Association.

L. C. AYERS, at Tolchester, has a most valuable watch-dog. One day recently he was found early in the morning by the chicken house with an opposum as his prisoner. On another occasion he had cornered a fox and last Saturday morning Mr. Wm. Morgan found the dog on guard at the barn door! To his great surprise a colored man ran out when he opened the door and brushed by him so quickly that his shot from a gun never touched him!

A SINGULAR incident occurred off Frying Pan Point, down Chester River, one day recently. Mr. Edw. Wilkins while putting out his duck decoys saw a big fish splashing in the water and reaching down was surprised to grab hold and bring up a fine rock fish which made the family a meal!

THE fish hawk made his appearance Wednesday. Two Indian River fishermen caught 28 rock Thursday and cleared over $100 each. How's that, Capt. Hynson? Capt. Joshua Thomas and Captain Carter, the Rock Hall fishermen, have moved up to Love Point and they are now making large catches of rock fish there. One day recently they shipped 24 boxes of fish to Baltimore.

W. U. LUSBY is making arrangements to build more bungalows on his bayshore farm, near Tolchester.

STANDARD SEEDS VERSUS OTHER SEEDS!

And how are you to know the difference unless you insist upon and get the only recognized standard seed bearing the stamp and mark, "1911 TOLEDO CONTRACT PRIME."

Other Seed looks as well, sometimes better, but they have not the test of germination and purity that goes with the genuine "Toledo Contract Prime."

"Confidence" in the seed business is always at a premium.

Phone orders are coming in daily for FANCY CONTRACT RED CLOVER and ALSYKE, FANCY RED TOP and TIMOTHY, also DWARF ESSEX RAPE.

The very best are the cheapest in Seed—come and see for yourself.

Horse Notes.—Mr. Henry Hughes, of Chestertown, has sold his fast Dudley horse, "Frank," to Mr. S. G. Caldwell, of Galena.

Galena Firm's Opening.—The Galena firm of Davis Bros., hardware, etc., will have a big opening next Thursday. They will also give a separator demonstration starting at 1 P. M. Go see them when in Galena.

Remedy For Hog Cholera.—The following remedy for hog cholera has been used with good results, says the Kansas Farmer: Take equal parts of 4 per cent. solution of carbolic acid and 2 per cent. solution of morphine sulphate, and give once daily, hypodermically, 20 to 40 drops, according to the size of the hog. Inject on inside of fore or hind leg above the knee or hock joint, using proper precaution as to cleanliness. Separate well hogs from the sick, treating them the same as the sick.

Colonel Ewell, Packer.—The Lloyds Packing Company of Dorchester county, and the Stevensville Packing Company, of Kent Island, have been incorporated, each with capital stock of $20,000. Col. Thomas J. Ewell, State Fire Marshal, has been a leading spirit in the creation of the companies and will be president of both. Richard Dallam, of Belair, is vice-president of the Lloyds company and Isaac Grollman, of Stevensville, of the other. Both enterprises have strong backing and have contracted for sufficient acreage to keep them employed.

Wedding Notes.—A quiet but unique wedding took place Sunday evening at the home of H. H. Barroll, Esq., the contracting parties being Frederick Alexis Uggla, of Rochester, N. Y., and Miss Astrid Eugenie Hotveat, who has been in Mr. Barroll's family for sometime. Everything was done to make the occasion pleasant.

Marriage licenses have been granted this week to Wm. Frank Coleman, of Kent, and Miss Anna Belle McGinness; Jonathan Jones and Caysie Louise Felton.

Miss Arie Whaland, daughter of Mr. and Mrs. Geo. Whaland, of Rock Hall, was married to Mr. John Vickers, son of Capt. and Mrs. John Vickers, of Broad Neck, on last Wednesday evening, at the parsonage of Wesley Chapel Church, Rev. Mr. Dupuy performing the ceremony.

A Minstrel Novelty.—Last Friday night the Sunday School class of Miss Bessie Stuart of the Methodist Episcopal Church of this town gave a very unique entertainment in Stam's Hall for the benefit of the missionary cause. The class was augmented by outsiders interested in their success and the proceeds realized were over $100. Messrs. Skirven and Startt were end men, and "Doc." Sterling the inimitable interloqutor; solos rendered by Messrs. Brown, Madden, Ciminera, Barnes and Thompson; banjo picking by Messrs. Finley and Westcott and dancing by Mr. Ross. The second part of the program consisted of one act four-character sketch entitled "A Man About Town." Messrs. Sterling, Thompson, Crouch and Blackway were its personal. A local orchestra furnished several selections of music The evening was a most enjoyable one for all. The participants in the show were all entertained after the performance at the home of the Misses Stuart where ice cream and cake was served.

Narrow Escape.—Mr. Richard Lockwood, of Georgetown, narrowly escaped a serious, perhaps fatal, accident while driving across the Pennsylvania Railroad track at Middletown one day last week. According to the Middletown Transcript, Mr. Lockwood was returning from his uncle's funeral, driving a pair of horses and not observing the usual gate but mistaking the watchman's waving of his white flag for an invitation to come on, started to drive over the track just as the 4.45 north-bound passenger train was approaching. The engineer seeing the man's imminent peril set the emergency brakes, lessened the train's speed and brought the train to a prompt standstill. Mr. Lockwood, realizing his danger, quickly veering his horses to the right drove them unto the concrete platform and escaped as a miracle without any damage to horses or carriage. His escape was just the fraction of a second, gained for him by the engineer's quick lessening of the train's headway, for as it was, his horses' noses were struck by the engine in passing.
