SHALL WE SEND YOU A

Wonderful Picture

costing Hundreds of Dollars, of the Great Baltimore Harbor as it looks after being built up since the Great Fire in 1904, with its Fifteen Million Dollar Piers?

This picture was taken from the top of the Emerson's Bromo Seltzer Tower, 310 feet high, and shows the big diver and ocean going vessels, a vast portion of the city, the entire harbor, the Eastern Shore of Maryland and miles and miles of surrounding country.

IF YOU LIKE IT

tell us so. It is the front cover of J. Bolgiano & Son's 1912 Catalogue. It plainly shows Bolgiano's new Pier and Warehouses and Bolgiano's Seed Store, both on the water front.

IT'S FREE.

Although Bolgiano's 1912 Catalogue cost many thousands of dollars to produce, having over 300 half-tone illustrations, we will send it free to those who plant Garden Seeds, Field Seeds or Flower Seeds, or users of Poultry Foods or Supplies; but we cannot afford to give it free to those who do not use these items. The edition is limited—so send for one to-day—before they are all gone.

FOR A TWO CENT STAMP

we will also send a 25c Poultry Record for one year.

A GREAT DOWN-POUR!

Roads Of Kent County And Throughout The State Badly Damaged — Will Cost $5,000 To Repair Bridges And Causeways In Kent.

The rains throughout the State on Tuesday and Friday did great damage to the roads and bridges and in some counties the loss amounted to at least $10,000.

There was two inches of rain fell Tuesday and 2½ inches on Friday. It came in such volume that great gullies were cut in public roads of this county and terra cotta pipe washed in some instances over 100 feet away.

Mail Driver Woods says the water covered the roads in Quaker Neck to a depth of two or three feet and in pulling the rein of his horse got hold the wrong one, upset his carriage and had a splashing time. Fortunately no serious injury resulted.

Messrs. Wright Dill and Holdson had a narrow escape in Worton. Their horse's head was barely above water when they ran into a deep wash-out Friday night.

The Kent train was three hours late Friday night because of a washout near Worton.

The Centreville train was delayed six hours by a wash-out near Centreville.

Mr. Leonard Plummer's horse got down opposite Mr. Deputy's gate and the harness was broken.

The abutment at Perkins' hill, near Mr. William Webb's, was washed out.

The bridge at French's gate, on Eliason road, was washed away.

Big trees on Mr. H. L. Boyd's Lankford farm were toppled over by the water washing out the earth under the roots.

Mr. I. F. Walbert's bridge was washed away on almshouse road and the water rushed over a division fence!

Mr. W. B. Strong says you could float a boat in his wheat field.

The flood-gates at Mr. Perry Price's mill were washed away and scores of bass, carp and cat fish were caught by residents nearby.

Mr. Joseph Brice's flood-gates also went out.

Messrs. C. L. Dodd and George Bell took a survey of conditions in Still Pond Neck this week and state that they found some washes twelve feet deep and dangerous to travel. Workmen all over the county are doing their best to remedy conditions.

The Storm in Queen Anne's

As a result of the heavy rainfall in Queen Anne's county many small bridges and culverts in various sections of the county were washed away and others were greatly damaged. Road Engineer Schnepfe received news of the washouts Wednesday and stated Wednesday night that the damage to the bridges in the county will probably amount to $2,500. The damage by Friday's storm will be greater still.

THE meeting of the Mt. Vernon Literary Society last Saturday evening proved to be both interesting and instructive to the many members present. The main feature of the programe was the very witty and interesting debate. The subject was: Resolved, that kisses are unhealthy. This debate proved especially interesting to the younger and inexperienced members of the society. On the affirmative were Messrs. Burris and Pardew. On the negative were Messrs. Allen and Ridgely. One of the speakers on the negative shocked the audience by presenting himself as an example. The judges decided in favor of the affirmative.

THE value of the NEWS as an advertising medium is not excelled as weekly instances testify. Mr. H. C. Wills says: "Take out my adv. of horses, all sold." Mr. Leaverton, of Fairlee, writes: "Take out asparagus crown adv., all sold. Nuf sed." It's the same old story, over and over again.

THE wedding of Miss Ella V. Benton to Mr. Leroy M. Simpler, both of Chestertown, took place at Christ M. P. parsonage Sunday evening, Dr. F. T. Little officiating. A baptism of Mr. and Mrs. Lee's little baby was another interesting event the same evening.

FOR SALE OR RENT—BLACKSMITH property at Kirkwood station on the Delaware railroad. Dwelling house, stable, shed and large blacksmith, wheelwright and paint shops. Immediate possession given. Apply Delaware Hardware company, Wilmington, Del. m23 3t

FOR SALE—AT GREAT SACRIFICE: Ice machines, FIVE TONS capacity; galvanized iron cans, trucks and tanks from 600 to 1600 gallons capacity; three Burnham pumps, air compressor, filter press etc. Apply Delaware Refining Company, 421 West Front street, Wilmington, Del. m23 3t

LOST.

On Friday, March 1st, I mailed to "Doc" Stirling all my banjo music to be used at the minstrel show which he so successfully managed. This music never reached its destination and has been lost completely, which accounted for the very limited selections I rendered. I am very anxious to get this music again and will ask you to advertise for it in your paper. A full description is as follows: Music is hand made on heavy brown paper, with names of each selection at top. Music is printed on both sides of paper. The music was made into a roll and
