Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent *free* on receipt of 21 one-cent stamps to cover cost of mailing *only;* or, in cloth binding for 31 stamps.

EX-GOV. BROWN READY.

Willing To Take Off His Coat To Help Party Win.

A BIG YEAR FOR DEMOCRATS

Thinks Every Presidential Candidate Capable, But Would Avoid A Primary Quarrel.

Former Governor Frank Brown is impressed with the need of unity in the Democratic ranks in Maryland at this time, if the State is to cast its unbroken electrical vote for the party's Presidential nominee.

He regards it as fundamental that the existing recognized party leaders in the city and State keep hands off in the Presidential primary and let the voters express their preferences wholly untrammeled by persuasion, coercion or promises. He frankly says that neither United States Senator John Walter Smith in the State nor John J. Mahon in the city has developed sufficient political acumen to be looked to for advice that the rank and file of the party can follow with assurances of success.

All Candidates Worthy.

"I regard the present as the greatest opportunity the Democrats of the State have had in years to get together on common ground," he said. "It is the chance of a lifetime and it should be seized upon by all and the advantage it offers fully availed of.

"Of all the candidates named to head the ticket there is not a single unworthy aspirant. They are broad-minded, capable, earnest Democrats, with the ability of statesmen and the enthusiasm of patriots. I think if all their names were put into a hat and one drawn by lot, we should have a candidate as worthy of support as if the convention had taken a week to choose between them.

Would Avoid Quarrel.

"If this is recognized, then there can be no quarrel in a primary. I want all good party men to recognize it and not abuse any to advance the cause of a favorite.

"We may all have a choice. That is only natural. Personally I have none, but am willing to accept any of the lot. I cannot expect all to take this view. But let any canvass for favorites be coupled with the kindest feelings for all. This will leave no bitter feeling—nothing to apologize for, to retract or to explain—when the real campaign is on.

Latitude For Convention.

"I do not believe in a hotly contested primary. It hurts, and this time there is no necessity for it. I do not believe in a hard and fast convention any more than I approve of half a dozen men collected in a back room naming the delegates. Let the people choose the convention delegates, but let these have some latitude to act if the necessity arises for action apart from the primary expression.

"In saying this I have in mind the Ltae contest between Lee and Gorman for the Gubernatorial nomination. If that convention had had any authority to drop both and name a third man, it was in the humor to do it, and how much better it would have been for the party. This was clearly shown by the after results.

Too Near Danger Line.

"We have gone about far enough in losses in this State and we have been too close to the danger line in the city. If past policies are continued, we can only expect to loose what still remains to us. It is to prevent this that I want to see the best use made of the present chance. We can only do it by letting the party alone in its choice. No mistake is possible in taking this course, because the choice must fall on some good man.

"If allowed to act independently, with no danger to result, the Democrats may get the habit—a most desirable one. They may learn to act free of boss dictation. Let's give them the chance to do it now.

Roosevelt And Taft.

"Take the case of Roosevelt and Taft. There is not a Democrat in the country who does not expect good to come to his party as a result of this heated contest among the opposition. That is what I mean. It is a good example of what we want to avoid. Press your preferences quietly, if you must press them, but beware of abusing the other fellow. It only makes capital to the enemy in the end.

"Let's keep away from local entanglements in the city and State. We must do it if we want to win. For it is not easy now to carry Maryland, and it is getting harder and harder all the time. In the Parker and Davis campaign we lost one elector. That was a close shave for the State in a national fight with unobjectionable candidates.

"There is no reason why we can't get back to the old moorings this year. Cleveland carried Maryland by 30,000 and the city by 20,000. I carried the State by 33,000 and my vote in the city was the same as Cleveland's. Let us do it again. Get together with a vigorous enthusiasm, throw up our hats with a lusty hurrah and let us show the country what Maryland Democrats can do when the bosses keep hands off and let public expression and desire have free sway."

DEATH'S DOINGS.

G. B. W. FAITHFUL.

G. B. W. Faithful, a native of Queen Annes county, but who for a number of years has resided in Baltimore, died at 1213 Bolton street, that city, Monday, of gastritis. He was born September 3, 1859, and was a son of the late W. E. B. Faithful, Sr., of Queen Annes county.

His wife, who was a Miss Mary C. Hambleton, of Easton, died several years ago and he is survived by one brother, Mr. G. T. Faithful, of Price; three sisters, Mrs. Mary T. Valliant, of Church Hill, Mrs. Annie R. Haddaway, of Fort Worth, Texas, and Mrs. Joseph T. Gould, of Baltimore, besides three children, viz: Helen Westcott, Josephine I. and Hayward H. Faithful, of Baltimore, and G. B. W. Faithful, Jr., of Hartford, Conn.

Sarah Abigial, daughter of Mr. and Mrs. W. L. Turner, of Betterton, died on Saturday evening of pneumonia, age 5 years, 6 months. Funeral services were held in Betterton M. E. Church Tuesday afternoon at 1 o'clock. Rev. F. N. Moore officiated, interment in Still Pond cemetery. Undertaker W. H. Krusen.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

FARM WAGONS

Now is the time you need a good wagon and we have them on hand We ask you to examine them and see for yourself they are the wagon that will fill your needs. These wagons ars built by skilled mechanics out of dry seasoned lumber.

If you need a good WAGON HARNESS we have them and the price is right.

We have a fine assortment of CARRIAGES and RUNABOUTS. Also, a fine line of CARRIAGE HARNESS, FLY NETS and WHIPS.

It will be to your interest to call upon us when you want a good DEARBORN.

Remember we carry a large stock of seasoned LUMBER on hand and it will be to your interest to see us about your repair work.

We have the AMERICAN FENCE in different heights.

GASOLINE, MACHINE and COAL OIL of best grades.

Wall Paper and Paints

Our stock of New Wall Papers are nearly all in—over 9000 rolls.

We purchased at a lower price than ever before.

The cash discounts on this bill is enough profit for us.

We can sell these papers at same price our competitors pay for what they buy.

The starting price is 2½c per single roll up to 10c per roll.

But come and see these papers and prices will surprise you.

We'll sell paper.

We sell you the paper outright or send you a competent man to hang it.

No charge for our team.

Big reduction in the price of B. P. S Paint

The Patterson Sargent Co. are using what they call their Universal Label on all their different products.

So keep in touch with this move—we have decided to sell ALL GALLON CANS bearing old labels at cost, $1.75 per gallon.

Also Hirschberg Hollander & Co.'s Stag Semi Paste Paint: one gallon makes two gallons at $1.75.

This reduction comes in season, don't wait as these prices wont last.

Back they go when this lot is gone.

Paint Brushes at all prices.

Buick Motor Cars

Every Buick is a Buick

Through and Through

Much has been said by automobile manufacturers about the greatness of their factories, but few people realize that the greatest of them all is the BUICK PLANT.

The reason it has not been necessary to exploit it, has been the ever-increasing quality-value of Buick Cars. For seven years they have been known as the "un-advertised" Cars—the Cars which have sold on merit alone. Now that the Buick organization and constructive facilities have been so vastly strengthened, it seems only right that all who are interested in automobiles should know all about Buick Cars, the Buick Plant and the Buick Organization.

Every Buick is a Buick through and through. Practically every part is made at this great Buick plant, in fact, everything excepting lamps, carburetors, coils and magnetos. The Buick organization is a unit which represents the highest degree of efficiency in Motor Car production. That is why the Buick not only maintains its reputation for great power, but has the stability of every part to support this power. And so perfect is the harmony of all operating parts, that the Buick is one of the most silent-running cars made.

The position of honor at the Madison Square Garden Show, allotted according to the value of the annual output, has been awarded this year, as in previous years, to the Buick—Space 14.

5 Models, at prices fixed according to power and size—$850, $1000, $1075, $1250, $1800. One-ton Buick Truck, $1000.

Catalogue showing the various Models sent on request.

With Top, Glass Front,

Just One BEST Way to Kill Potato Bugs—Use "Orchard Brand" Arsenite of Zinc

You don't spray your potatoes for fun—you do it to keep the vines healthy and to kill the bugs. Why not do it the best way—with "Orchard Brand" Arsenite of Zinc, combined with Atomic Sulphur or Bordeaux Mixture into one spray that kills the bugs and prevents Early and Late Blight? It is safe, sure and effective. It is two sprays in one. It brings lots of big, smooth potatoes.

"Orchard Brand" Arsenate of Lead with Atomic Sulphur or Bordeaux Mixture Won't Wash Off—Sticks on for Weeks

When you spray with Paris Green, and a rain, or even a heavy due, follows within a few days, nearly all the poison washes off—you lose most of the benefit or have to do it all over again. Worse than that, Paris Green actually injures vines and leaves and makes smaller potatoes—and it has no effect whatever on blight.

"Orchard Brand" Arsenite of Zinc combined with Atomic Sulphur or Bordeaux Mixture will poison all bugs that eat it—kills them within a few hours. More than that, it is a fungicide—it controls Blight, both early and late; Paris Green will not do this. "Orchard Brand" Arsenite of Zinc is very sticky; it will not wash off, but remains effective for weeks. It is made ready for use by stirring in cold water.
