BALTIMORE'S BEST STORE

Hochschild, Kohn & Co.

HOWARD AND LEXINGTON

THE STORE WHERE EVERY PURCHASE *Must* BE SATISFACTORY

One of the foundation principles of the Hochschild, Kohn & Co. Store, laid down nearly fifteen years ago, was this: "Every article sold in this store must give satisfaction; if it does not, the purchaser is to receive a new article, or the purchase money."

This principle has been practised every business day since November 15, 1897—and it has helped to make this business grow as no retail business in Baltimore ever grew.

Added to this security, every purchaser has the knowledge, born of experience, that Hochschild, Kohn & Co. merchandise is the best possible value for the money.

And added to this, is the knowledge that Hochschild, Kohn & Co. stocks offer wider variety, and are selected with the best of taste and judgment.

When you come to Baltimore for your spring shopping, there's just one logical place to visit—the Hochschild, Kohn & Co. Store.

FREE DELIVERY of Purchases of $5.00 or over

Overland

$1200

The Lowest Priced 35 H. P. 5 Passenger Touring Car on the Market

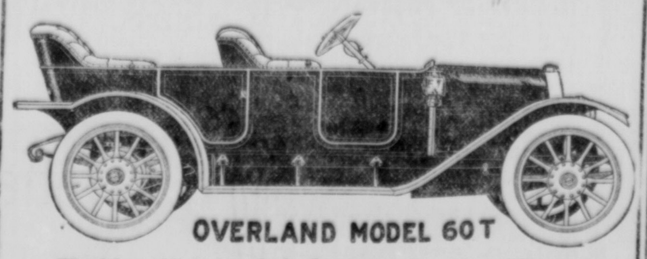

THINK OF IT! A thirty-five horsepower five-passenger touring car for $1200. *This is the lowest priced thirty-five horsepower touring car in the world.* Part for part—point for point—it is the equal of any $1500 car made. It has the power—the speed—the comfort—the appearance—and the construction. Take the powerful motor—the strong and rugged rear system—the Vanadium steel gears—the fine bearings—the pressed steel frame—the dropped forged axles—the big tires—the superb body work—the high grade upholstery; in fact, take every item that goes into the makeup of this automobile *and you will find that the duplicate of this car cannot be had below the fifteen hundred dollar mark.*

Here is a car with a powerful, silent, smooth-running thirty-five horsepower motor. Here is a car that seats five large passengers comfortably. The upholstery is of good leather, hand stuffed with hair. The body is finished in our famous dark Overland blue and the wheels in battleship gray. The transmission is of the selective type, three speeds and reverse—fitted with the fine F. & S. annular bearings which are used on the most expensive cars in the world. The frame is of pressed steel and has a single drop. The crank and gear casings are of aluminum. The front axle is a one piece, drop forged I section fitted with the famous Timken bearings. The tires are 34x4—quick detachable. The handsome massive lamps are finished in solid black with brilliant heavy brass trimmings. Self starter $20.00 extra.

The Overland center control is the one proven and practical location for both operating leavers. The method enables you to operate the leavers with the left hand and gives you free use of your right hand for driving. It give you the use of your right hand fore door, as well as the left hand fore door, which is impossible if a lever is placed one side or the other. you can get in or out on either side. It is easy to handle—no stretching out or reaching. Any one can manipulate the levers without a particle of effort.

Take the specifications of this $1200 car—compare them with any $1500 car you know of and the only difference you will be able to find is the difference in price.

Why pay an additional $300 for a purely imaginary value?

OVERLAND MODEL 60T

Wheel base, 111 inches; body, 5-passenger fore-dore touring motor, 4¼x4½; horsepower, 35; Remy magneto; tires, 31x4 inch Q. D.; equipment, three oil lamps in black and brass finish, two gas lamps, and generator.

THE Anti-Saloon League of Maryland announces the appointment as assistant Superintendent of Rev. C. M. Levister, for several years editor of the Methodist, official organ of the Baltimore and Wilmington Methodist Episcopal Conferences, covering the entire State of Maryland, to succeed Rev. Andrew B. Wood who resigned to give his entire time to the Inter-Church Federation of which he is Executive Secretary.

The Superintendent of the Eastern Shore District, embracing nine counties is Rev. C. P. Keen, with headquarters at Salisbury. The Superintendent of the Western District, comprising the five Western counties is Rev. L. L. Sieber, D. D., with headquarters at Hagerstown. These three men with the attorney and State Superintendent constitute the field force of the State League and all of them spend their Sundays speaking in the various churches throughout the State. It is this close touch with the churches that explains the tremendous sentiment which the League as a federated church agency has developed for local option within the past five years.

HICKS FOR APRIL.

Prophet Isl R. Hicks' forecast for April is made up principally of "probables," although he does venture near the assertive line when he cautions one to keep his eye on the barometer for sudden changes. Just at this time when we are reveling in out-of-door sunshine and the early spring flowers are shooting their green spikes, we may be prepared for some of the dire things which Prophet Hicks says are to befall us, and our tropical illusions be knocked into smithereens. Such things have happened before. Anyway, Rev. Isl Hicks says from the 3d to the 4th it is no more than probable that we will have thunder and rain; this, he says, will be when the moon will be full and on the celestial equator. Usually things happen when one has a jag on. Venus (blame it on the women, of course,) will also take a hand in the game, Prophet Hicks says, making very active storms possible and probable. From the injunction laid down by the seer to keep one's eye on his barometer for storms during the month of April, a fellow will have no time for anything else.

From the 6th to the 11th a "regular storm" is scheduled, which will bring us warmer weather, although the prospect will be marred by falling barometer and threatening clouds, which, in all probability, will be followed by wind and thunder over the eastern parts of the country. The prophet says we will have no one to blame but ourselves if we do not heed the warning he gives out: "Your barometer, thermometer and hygrometer will at the time tell you what is coming, if you will watch them."

Just listen to this, you truckers, gardeners in a small way and farmers in general: "Ha l, rain and thunder, with marked drop in temperature, and sleet and snow possible far northward, are among the probabilities at this period—all followed by high barometer, cold nights and frost northward."

Then we are to have a "reactionary storm period," which will mosie along somewhere between the 13th and 15th. This, the prophet says, will be caused by the increasing strain of the Venus period. Look out for exceptionally severe storms of wind, rain, hail and thunder, the western portion of these storms changing to sleet and snow in northern sections. Favorable weather for gardening and out-door work is looked for after the 20th, followed by a cool wave.

HE BLAMES CIGARETTES.

Suffering from a peculiar nervous trouble which he believes due to smoking cigarettes, Dr. A. B. Pitt, a physician of Alabama, is in Johns Hopkins Hospital.

Dr. Pitt came to Baltimore from his home in Union Springs about two weeks ago. The disease from which he suffers has affected his left leg, shoulder and arm. The nerves have a peculiar twitching motion, which several physicians have been unable to diagnose.

Since coming to Hopkins he has been under the care of Dr. W. S. Thayer. Several times an instrument has been inserted in his spinal cord and fluid taken from it in an effort to determine how to treat the disase.

But all efforts to make a diagnosis have failed. Dr. Pitt has been affected with the disease for some months. At first it appeared in a mild form and nothing was thought of it until the twitching became noticeable. Dr. Pitt then tried several remedies without any result.

Dr. Pitt says that smoking cigarettes caused the trouble.

"I used to smoke about 75 cigarettes a day," he said, "and this brought on the nervous trouble. You can bet your life there will be no more cigarettes for me."

NERVOUS DESPONDENT WOMEN

Find Relief in Lydia E. Pinkham's Vegetable Compound—Their Own Statements So Testify.

Platea, Pa.—"When I wrote to you first I was troubled with female weakness and backache, and was so nervous that I would cry at the least noise, it would startle me so. I began to take Lydia E. Pinkham's remedies, and I don't have any more crying spells. I sleep sound and my nervousness is better. I will recommend your medicines to all suffering women."—Mrs. MARY HALSTEAD, Platea, Pa., Box 98.

Here is the report of another genuine case, which still further shows that Lydia E. Pinkham's Vegetable Compound may be relied upon.

Walcott, N. Dakota.—"I had inflammation which caused pain in my side, and my back ached all the time. I was so blue that I felt like crying if any one even spoke to me. I took Lydia E. Pinkham's Vegetable Compound, and I began to gain right away. I continued its use and now I am a well woman."—Mrs. AMELIA DAHL, Walcott, N. Dakota.
