JESSE H. USILTON, Pres't;
HARRY C. CACY,
A. PARKS RASIN,
Supervisors of Election for Kent County
JOHN G. ROLAND, Clerk.

R. G. Collins, Postmaster at Barnegat, N. J. advises his friends "I find your Foley's Honey and Tar Compound the best remedy for a cough I ever tried. I had a lagrippe cough that left me completely exhausted, but after taking half a bottle of Foley's Honey and Tar Compound, the coughing spells entirely ceased. I wish to say it can't be beat." Sold by M. A. Toulson.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a *secret* nostrum as a substitute for this non-alcoholic medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

CHURCH

The Easter services at Shrewsbury were most excellent. There was an early celebration of Holy Communion at St. Andrew's Chapel, Galena, at 6 30 a. m., and celebration at the parish Church at 11. Both chapel and church were made gay with flowers and pot plants and the music was of a high order. Large congregations were at both places. On Monday morning the annual parish meeting was held and Mr. H. Todd, of Galena, was elected to fill the vacancy in the vestry caused by the death of Mr. Parr. Messrs. Robert Morgan and W. C. Graves were elected delegate and alternate to the annual Convention. At 2 p m. the children's service was held and the offering received. Immediately afterwards the Junior Auxiliary held their annual meeting and the Babies branch brought in their Red Boxes. Adjournment was then made to the church lawn where the Easter egg-hunt filled the children with delight. Cake and lemonade was then served in the Rectory, and about 5.30 the tired but happy children left for their homes. The attendance was quite large for nearly every child in the neighborhood considers it a privilege to attend the egg-hunt at Shrewsbury. On Tuesday the Woman's Auxiliary and Ladies Aid held their regular meetings. There was a large attendance. Before leaving for home refreshments were served.

The Song Service in Christ M. P. Church Sunday evening was an Easter service. Messages were read by Misses Anna Smyth, Carrie Bolton, Stacy Medders, Elsie Whiteley and stirring songs were rendered by the audience.

Dr. Barrett preached a pleasing sermon Sunday morning to the united Methodist congregations.

The following list of delegates to the General Conference of the Methodist Protestant Church in Baltimore on May 17 was completed after eight ballots:

Ministers—T. H. Lewis, W. R. Graham, H. L. Elderdice, J. S. Bowers, Frank T. Little, F. T. Tagg, J. M. Sheridan, J. W. Kirk, W. S. Phillips, G. W. Haddaway, F. C. Klein, F. T. Benson, T. R. Woodford and J. W. Trout.

Laymen—Daniel Baker, H. K. Muller, T. P. Fisher, G. W. Dexter, Dr. J. B. Jones, Dr. E. B. Fenby, J. Bibb Mills, H. R. Lewis, E. M. Wilson, J. F. Harper T. D. Bowers and F. P. Adkins.

The Rev. Dr. Thomas H. Lewis, president of Western Maryland College, made a report requesting the sanction of the conference for plans to erect a new $50,000 recitation building. This was granted. Twenty-five thousand dollars of the amount has been raised. Work will be started this year.

An Ushers' Union was formed in the Chestertown M. E. Church Sunday. It was organized by electing the following officers: President, H. F. Jefferson; vice-president, J. Webster McIntire; secretary, H. B. Rote. A committee of three was appointed to prepare by-laws for the proper government of the Union. The following ushers were appointed for the next two Sabbaths of April, to serve both at the morning and evening services: S. E. Newsome, J. S. Kreeger, H. B. Rote, H. F. Jefferson.

Chestertown M. E. Church, Rev. L. E. Barrett, D. D., pastor. Services next Sunday, April 21st as follows: 10.30 a. m., preaching by the pastor—subject: "Who Shall it Be?" 2.15 p. m., Sabbath school and Pastor's Bible Class; 7 p. m., Epworth League Service, followed by short sermon by the pastor. All invited.

Preaching services at the Presbyterian churches by Rev. Isaac C. Bates as follows: Westminister at 10.30 a. m., Grace at 3 p. m., Worton at 7.30 p. m. Sunday School every Sunday morning at Worton at 10.30 a. m.

REV. DR. J. S. BOWERS LARGE IN TWO WAYS

Rev. Dr. John S. Bowers, the new president of the Maryland Annual Conference of the Methodist Protestant Church, is one of the biggest and one of the most cheerful ministers in the city.

As for literal bigness, he weighs 240 pounds. He has played a big part in the history of the Conference in the 31 years he has been in the ministry. Perhaps his biggest achievement was bringing St. John's Church into the Conference and moving the church from Liberty street to its present fine home at St. Paul and Twenty-seventh streets.

This church, perhaps the finest in the conference, stands as a monument to his effort. Here will be held the general conference of the whole denomination in May, and it is thought likely that Dr. Bowers, as president of the Maryland Conference, will be a leading figure in the general meeting. Dr. Bowers was at St. John's Church for 17 years altogether at the old and the new home, and has been for the last four years, at Alzutt Church, East Lombard street. Thus he has seen more continuous service in the city than any other pastor of his denomination, and possibly more than any other Methodist minister, because most of those who have reached his age have served much shorter terms.

Dr. Bowers is the son of a minister, his father having been Rev. Dr. Daniel Bowers, pastor of Twelfth street Church, Philadelphia. His father died while pastor of Chatsworth Independent Methodist Church, Franklin and Pine streets, now a colored church, 1871. From his father and members of his family Dr. Bowers received a thorough and systematic training in the Bible, and he is regarded as one of the best Biblical students in the city.

He received his education in the public schools of the city, Washington College, Chestertown, and the Boston Correspondence Theological School. Some of his charges before coming to Baltimore were Dorchester circuit, first pastor at Cambridge, Stewartstown circuit, Parkton, Mount Zion, and in 1891 began his pastorate at St. John's Church, on Liberty street, which after moving was known for a time as Clark Memorial, but now bears the name of St. John's again. Dr. Bowers is a grandfather.

GOOD READING.

The noted book entitled "THE PARSON OF THE ISLANDS," has been put on sale at Toulson's Drug Store, Chestertown, at 75c each. It is a biography of the Rev. Joshua Thomas embracing sketches of his contemporaries and remarkable camp-meeting

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Buick Motor Cars

Every Buick is a Buick
Through and Through

Much has been said by automobile manufacturers about the greatness of their factories, but few people realize that the greatest of them all is the BUICK PLANT.

The reason it has not been necessary to exploit it, has been the ever-increasing quality-value of Buick Cars. For seven years they have been known as the "un-advertised" Cars—the Cars which have sold on merit alone. Now that the Buick organization and constructive facilities have been so vastly strengthened, it seems only right that all who are interested in automobiles should know all about Buick Cars, the Buick Plant and the Buick Organization.

Every Buick is a Buick through and through. Practically every part is made at this great Buick plant, in fact, everything excepting lamps, carburetors, coils and magnetos. The Buick organization is a unit which represents the highest degree of efficiency in Motor Car production. That is why the Buick not only maintains its reputation for great power, but has the stability of every part to support this power. And so perfect is the harmony of all operating parts, that the Buick is one of the most **silent-running cars** made.

The position of honor at the Madison Square Garden Show, allotted according to the value of the annual output, has been awarded this year, as in previous years, to the Buick—Space 14.

5 Models, at prices fixed according to power and size—$850, $1000, $1075, $1250, $1800. One-ton Buick Truck, $1000.

Govern the Size of *Your* Potatoes by the Stuff You Spray Them With

What sort of potatoes is *your* wife going to cook this winter—nice, large, smooth ones, or the little, runty, undersized kind? And which kind are you going to *sell?* You can largely determine *the size* by the kind of spraying you do. You must have some rain, and you must cultivate, but if you don't kill bugs and beetles and keep blight down, your crop is almost sure to be a failure.

"Orchard Brand" Arsenite of Zinc with Atomic Sulphur or Bordeaux —Best by Test for Potato-Spraying

We have been experimenting with this preparation for years—in nearly every section where potatoes are grown extensively. We have *proved* it superior to Paris Green and other remedies frequently used, for the following reasons:

Arsenite of Zinc is sticky; it stays on the leaves and remains an effective poison for weeks. It is very prompt and active; it is sure death within a few hours for all insects that eat it. Paris Green washes off in the first rain, or even in a heavy dew; it also dusts off in dry weather. Arsenite of Zinc does *not* damage potato-vines, but Paris Green injures foliage, stops growth, and keeps the potatoes down small.

"Orchard Brand" Arsenite of Zinc Does the Work of Two Sprays in One

The Atomic Sulphur or Bordeaux Mixture that we add to it prevents Blight, while the poison keeps the bugs down. You can not get a better, more effective, or more convenient spray than "Orchard Brand" Arsenite of Zinc with Atomic Sulphur or Bordeaux Mixture, which is made ready by adding cold water and stirring.
