The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Overland

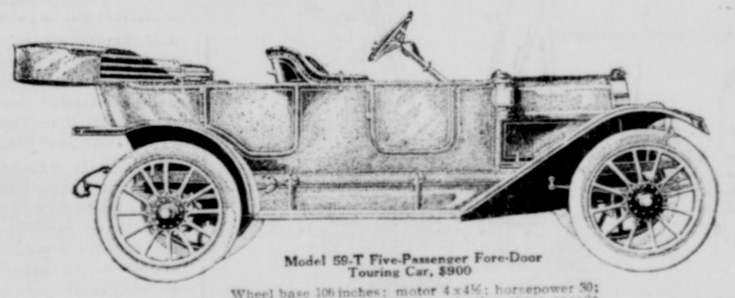

$900 Buys You All You Need in an Automobile

THIS Overland (Model 59) at $900 is absolutely all any one would want in a car. Compare it with any $1250 car on the market, and you'll find but little difference. You know that most of the $1250 cars are of the 30-horsepower type. This $900 car has a 30-horsepower motor. Seats five people comfortably. It is big and roomy. Has a staunch pressed steel frame, selective transmission with F & S annular bearings—the best made. Has strength, power and speed—more than you will ever care to use. The body design and finish is simple, graceful and beautiful. Upholstery is of good leather, hand stuffed with fine hair. In every respect it is a thoroughly high grade machine.

¶ And it is a fact that no other maker in the business can build this car and sell it at this price without losing money. This is due to the enormous manufacturing facilities of the Overland Company—*the largest in the world.* The manufacturer who turns out but 5,000 cars *must* have greater production costs, for each car, than the Overland Company, who make over 20,000 cars.

¶ They have published a very interesting and simply written book which explains why the largest automobile factory in the world can give more for less money than the small factory. Stop in and get a copy. It will show you how to save money when you buy your car. This also explains in detail the remarkable value of this $900 touring car and illustrates with handsomely colored plates the complete 1912 line. Better come in at once.

Charles Wright, 1512 French street, Wilmington, Del., recovered from a severe attack of rheumatism and says: "The rheumatic pains kept me awake at night, but after taking Foley Kidney Pills the pain lessened and soon I was able to sleep all night, and I am cured of all kidney trouble." Sold by M. A. Toulson.

C. H. Wildman, 143½ Bedford street, Cumberland, Md. writes: "I have used Foley Kidney Pills and find them all O. K. I had tried other remedies, but Foley Kidney Pills are the best medicine I ever used." They are tonic in action and give quick and permanent benefit. Sold by M. A. Toulson.

The postmaster at Barnegat, N. J., R. G. Collins, had a severe lagrippe cough that was very exhausting, and says: "Half a bottle of Foley's Honey and Tar Compound cured that cough entirely. It can't be beat." Contains no opiates. Safe for children. Sold by M. A. Toulson.

Buick Motor Cars

Every Buick is a Buick Through and Through

Much has been said by automobile manufacturers about the greatness of their factories, but few people realize that the greatest of them all is the BUICK PLANT.

The reason it has not been necessary to exploit it, has been the ever-increasing quality-value of Buick Cars. For seven years they have been known as the "un-advertised" Cars—the Cars which have sold on merit alone. Now that the Buick organization and constructive facilities have been so vastly strengthened, it seems only right that all who are interested in automobiles should know all about Buick Cars, the Buick Plant and the Buick Organization.

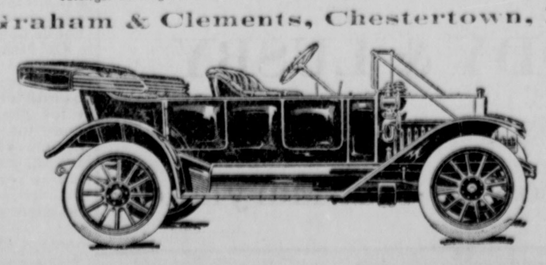

Every Buick is a Buick through and through. Practically every part is made at this great Buick plant, in fact, everything excepting lamps, carburetors, coils and magnetos. The Buick organization is a unit which represents the highest degree of efficiency in Motor Car production. That is why the Buick not only maintains its reputation for great power, but has the stability of every part to support this power. And so perfect is the harmony of all operating parts, that the Buick is one of the most **silent-running cars** made.

The position of honor at the Madison Square Garden Show, allotted according to the value of the annual output, has been awarded this year, as in previous years, to the Buick—Space 14.

5 Models, at prices fixed according to power and size—$850, $1000, $1075, $1250, $1800. One-ton Buick Truck, $1600.
