The Tolchester Company Marked Betterton Off The Map On The Fourth of July.

Betterton, Md., July 4th, 1912.

TO THE EDITORS OF KENT NEWS,
Chestertown, Md.

Gentlemen:—The treatment handed out by the Tolchester Company to Betterton, "The Upper Bay Resort," on the Fourth of July was an ice application, cold, severe and effective.

Not a single Special boat trip, either on Wednesday, July 3rd, or Thursday, July 4th, was arranged to help this resort. On Wednesday the popular Betterton, Port Deposit and Susquehanna River excursion was run, leaving Baltimore at 9 A. M., returning after a sail up the Susquehanna in the afternoon. No boat to Betterton in the afternoon or evening—except the freight boat steamer "Kitty Knight." On July 4th, steamer made her regular excursion trip, as advertised in the daily papers, to Betterton, Port Deposit and Susquehanna River, leaving Baltimore at 1 p. m., returning stopping at Betterton at 7.30 to take on those persons landed on the up-trip. No morning boat direct, no afternoon boat direct, advertised as a special excursion to "Betterton."

No efforts were made by the Tolchester Company, so far as the Betterton people know, to aid us on July 4th, when special facilities are always offered all resorts by both railroad and boat lines.

The question is, are we entitled to some consideration, after working these years to make Betterton a resort, or are we made to realize that we must take whatever is handed out to us by the Tolchester Line because we are helpless to protect ourselves.

It is true the Tolchester Company give us very good steamboat facilities the most of the year, and we want to so testify in fairness to them, but when it comes to special excursions on the 4th of July, we are not considered. Again, no effort is made to give us a 50c round trip ticket, which is the popular water trip ticket, except one may buy such a ticket good for one day only, which ticket also takes you to Havre de Grace and Port Deposit and up the Susquehanna River, fifteen to twenty miles above Betterton. Also, we are charged 75c round trip, longer than one day, and the same rate applies to the other points, regardless of distance. Why should we not be given a 50c rate to Betterton, as against 75c to Havre de Grace and Port Deposit? Why this discrimination?

The fare to Tolchester Beach is 25c round trip—we only ask for a 50c rate round trip, but cannot get it. What is the reason for such treatment, the people are asking?

Take the Fourth of July schedule of the Ericsson Line by comparison. This line sent out special excursions from Baltimore at 8 a. m., 10.30 a. m. and 2.30 p. m. Returning, steamers left Betterton for Baltimore at 3 p. m., 8 p. m. and 10 p. m. These steamers all brought large crowds,—in fact, except for the excursions of this line, Betterton would have been an empty place this Fourth of July, not counting the large number of country people who always patronize liberally this resort.

The people of Betterton have all their money invested in this resort, and have looked to the Tolchester Company to stand by them to develop it. Will the Company give us the proper assistance, or will they with-hold it? Betterton has the hotels, cottages and amusements, is situated on one of the finest bodies of water in America, with high, healthy location and the best water in Maryland. We are trying to make the place the best resort in Maryland. Will the Tolchester Company give us liberal assistance?

We may well ask, "What was the trouble with this Company on July 4th?" It is a vital question to us.

"JUSTICE"

CARELESS DRIVING.

In these days when there are so many automobiles on the roads, driven by "all sorts and conditions of men," and women, too, it is absolutely imperative that the rules of the road for driving be strictly observed by all drivers so as to prevent accidents. These rules are the same for automobiles and carriages, and any one violating them is responsible for any damage that may result. The following are the rules of the road as published by the Automobile Club of Maryland for the benefit of its members:

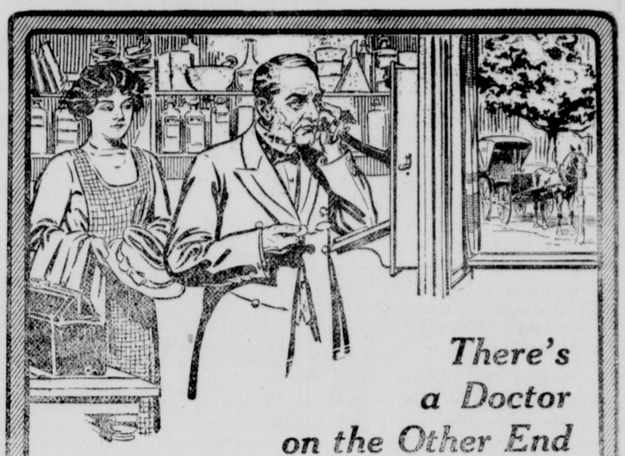

"All vehicles, when being driven upon the highways of this State, upon meeting others shall turn to the right of the centre of the highway, so as to pass without interference; and any vehicle overtaking another going in the same direction shall pass to the left of the vehicle so overtaken. Said vehicle so overtaken shall promptly, upon signal, turn to the right, in order to allow free passage on the left.

"At the intersection of public highways all vehicles shall keep to the right of the centre of such highways when turning to the right, and pass to the right of the centre of such intersection when turning to the left."

A strict observance of these rules will make driving safe. An automobile has as much right on the public highway as a wagon or carriage—*and no more;* and vice versa, a wagon or carriage has as much right as an automobile. It is essential that an automobilist sound his horn when nearing an intersecting highway or a sharp curve in the road. There is a good deal of careless driving, which is dangerous and very annoying to those who do comply with the law.

Yours respectfully,
H. W. ROBINSON.
