A WOMAN'S GOOD LOOKS

Depend on her general health and freedom from pain. Many a woman looks old before her time because of those irregularities which are essentially feminine. Starting from early womanhood, she suffers from frequently recurring derangements that upset her womanly health. If she be beautiful she grows into that mellow age without wrinkles and crowfeet about the eyes or the blue circles underneath. It is invariably the rule that such women suffer little, or not at all, from womanly derangements which sap the health and leave in the face the tell-tale story of pain and suffering. Dr. R. V. Pierce, the famous specialist in the diseases of women, found a prescription in his early practice that soothed the organism [illegible] womanhood—oiled the machinery, as it were, of the human system—and helped the woman to pass those painful periods that scar-lined and aged her face. This remedy became the well-known Dr. Pierce's Favorite Prescription, that has benefited thousands of women and saved them from misery and suffering at different periods in life.

MRS. PIERCE.

MRS. HARKELY E. PIERCE, of 94 Bright Street, Sarnia, Ont., writes: "I am now a well woman after suffering for three years and doctoring with several different doctors, each one saying it was something different, and the last one, after putting me through a thorough examination, said I was suffering from a growth, which, in time, would result in cancer, and said I would not live more than two years if not operated upon right away. I became hopelessly discouraged but would not consent to the operation as I was too weak and too much afraid, but at last, through the advice of a friend, I tried Dr. Pierce's medicines, and after using two bottles of the 'Favorite Prescription' I immediately felt a change. I also used two boxes of 'Healing Suppositories' and eight boxes of 'Lotion Tablets,' and can safely praise the name of Dr. Pierce's medicines to all who suffer from any female disease, for these medicines are all they are claimed to be, and I hope will help others as they have helped me."

BARGAINS IN AUTOMOBILES!

¶ I have THREE USED E. M. F. CARS that have recently been overhauled and put in good running condition. Will be sold cheap.

¶ These machines will make nice family cars and are just the thing to carry passengers for hire.

¶ Come and see these cars or write for particulars.

6—E. A. BAUGHMAN, Frederick.

FOR CONGRESS
J. HARRY COVINGTON
OF TALBOT COUNTY

Senator Lorimer, of Illinois, was ejected from the United States Senate Saturday by vote of 55 to 28 on charge of securing his seat by corruption. The case has been pending two years.

Senators Smith and Rayner divided on this issue, as they divided 18 months ago. Senator Smith voted in favor of Lorimer. Senator Smith, in speaking of his vote for Lorimer, said: "I voted for Mr. Lorimer the first time his case came before the Senate. I did so again today. I have no regrets and no apologies to offer for either vote. I don't know what the political consequences to myself are going to be and I do not much care, although I have been plentifully warned by friends and foes alike that they would be very dreadful. I am willing to abide by the result of any action and take what comes.

"I voted the way I believe was right, according to my conscience, my judgment and my construction of the oath I have taken as a Senator. I have read all the testimony in this case. I have heard all the speeches on both sides. I have not heard any evidence or seen produced any fact that would make me believe Mr. Lorimer personally guilty of the charges against him, or that he had personal knowledge of the bribery. I do not believe any fair jury in any court in the country would have convicted him on the evidence. A good many of my colleagues in the Senate who voted the other way agree with me about this.

Knew What Result Would Be.

"I was perfectly well aware, as was everyone else, that the big majority of the Senate would be against Mr. Lorimer on this vote. I knew perfectly well, as did everyone else, that the verdict would be overwhelmingly against him and that public sentiment outside of the Senate was almost wholly against him. I did not, however, think this knowledge a justification for me in voting against my own conviction in this case, or changing my attitude when I had no other reason for changing and was unconvinced of Mr. Lorimer's guilt.

"I have no criticism to make of any man's vote in the Senate on this case. Every man has his own reasons for what he does and I do not attempt to judge other men. For myself, however, feeling the way I do, I think it would have been cowardly in me to have done other than I did. For the remainder of my life I have got to live with myself, and it is very vital to me to have respect for myself. That is why I voted for Mr. Lorimer."

Senator Rayner cast his vote for the majority.

KENNEDYVILLE NOTES.

Mr. Geo. Rasin had a very sick horse on Saturday night, with colic, from eating new wheat.

Mr. Tilghman Shafer has been indisposed for the past few days, but is much improved at this writing.

Some persons criticized the spacious size of the new hay loft over the stables of Mr. W. M. Clendaniel, about the time it was, a few months ago, completed, and said: "You'll never get hay enough on the farm to fill it." That big loft, with capacity of about 75 tons is now about full, with several big ricks in the field, and Mr. Clendaniel has cut only about half the crop of his big hay field. Could he have saved it all, it is supposed he would have had close to two hundred tons.

Mr. and Mrs. Joseph Weer, and their little son, Baldwin had a charming tour in their new car, to Chestertown and return, last Friday night. Mrs. Weer's brother, Mr. Hayes of the Prudential Life, of Dover, Del., being in Chestertown at time came home with them and spent the night. He was much delighted with his trip in the new car.

Mr. and Mrs. Isaac Cleaver, after an absence for about eight or nine weeks, with a daughter, Mrs. James Webb, and a son, Mr. William Cleaver, and family, came back to their home in Kennedyville on Tuesday of last week. Their many friends are delighted at their return and improved in health.

Services at the M. P. Church Kennedyville, next Sunday the 21st., as follows: Sunday School, 9.30, a. m.; Sermon by the pastor at 10.30 Subject, The Tenderness of the Almighty. Service of Song and brief sermon, in the evening at 7.45 All most cordially invited. Let the young people fill the choir corner Whole service, 45 minutes.

LIVE EEL IN CONGREGATION.

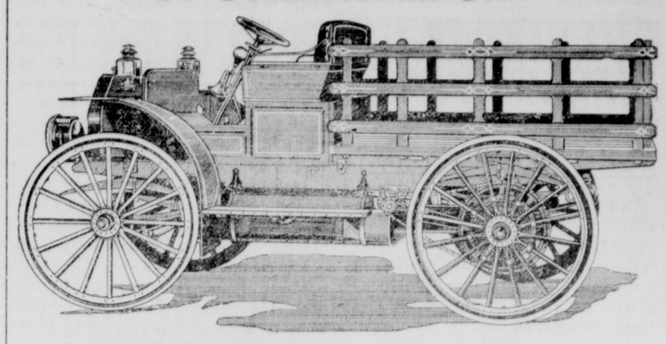

The congregation of Bethesda colored church, near Concord, Del., was thrown into a panic Sunday afternoon, by some one turning a live eel loose in the congregation during the morning preaching service. The church was well filled and the preacher was waxing eloquent, when the eel, in its efforts to get back again to its natural element, struck an old colored woman on the ankle.

One glimpse of the eel was enough. Seizing her skirts with both hands she immediately mounted a pew and began screeching lustily. In the meantime the eel disappeared from view, but was located a short distance away by some youngsters, who caught it and started to show the crowd the cause for the excitement. Their efforts only added to the confusion, as the crowd, seeing what looked like a snake, made a break for the door, and several women were knocked down and trampled in the rush.

Children Cry
FOR FLETCHER'S
CASTORIA

The International Auto Wagon

Or Commercial Car

In use throughout the United States by Farmers, Merchants, Millers, Contractors, Manufacturers, Liverymen and others.

A feature of the International Commercial Car that will appeal to a great many people is the fact that this car can be converted into a vehicle for carrying people. A rear seat and a double top can be added, making a very comfortable vehicle. The space behind the back of the front seat is sufficient so that two seats can be added, making a three-seated rig for liverymen who have traffic of this kind.

The International in the strictest sense of the word is a commercial car—one that can be used every day of the year, through snow and mud, cold weather and hot. The great success this car has attained in the past and the present is the greatest commendation of its usefulness.

The snow storm which tied up traffic in Chicago in February, 1911, did not interfere with the International Commercial Car service. This car was one of the few commercial cars in service in Chicago that was not delayed by the snow. The drivers were not afraid to turn out of street car tracks and into the side streets and places where the snow was deep, for fear they would stall. The car is as efficient in negotiating mud as it is in plowing through snow.

Capacity 1500 to 2000 pounds depending upon conditions of the haul. Speed 15 miles per hour. 20 H. P. Two-Cylinder Engine. Factory output 20 cars per day, which does not meet the present demand. Easily operated and as nearly fool-proof as possible. Solid tires—eliminating tire trouble.

This car will be driven throughout every part of Kent county and will stop at Still Pond, Kennedyville, Locust Grove, Galena, Georgetown, Massey, Millington, Crumpton, Chesterville, Chestertown, Rock Hall, Fairlee, Melitota, Worton, Lynch and Betterton, affording everybody an opportunity to see the car in operation.
