Better Than Talcum Powder, Says Anty Drudge.

Druggist—"What can I do for you, Madam?"

Mrs, Tiredout—"Give me some violet water or any other perfume that will rid me of this odor of scalding suds. I've stood in that steaming laundry till it's sickened me."

Anty Drudge—"Now, after you've paid for these things, buy a cake of Fels-Naptha and wash with it next Monday, and you won't need to boil your clothes. Be up-to-date and try the new way of washing."

Have you ever seen a stick of dynamite? You wonder how so much explosive force can be stored in so small a space.

Not less marvelous is the great cleansing power stored in a cake of Fels-Naptha soap. An electric spark explodes the dynamite. To make Fels-Naptha do its marvelous work you need only have cold or lukewarm water and some soiled clothes.

Fels-Naptha is made to dissolve dirt. Fels-Naptha separates it into atoms and they are carried away in the rinsing water. And it does this in cold or lukewarm water, without boiling or hard rubbing. Follow the simple directions on the red and green wrapper, and Fels-Naptha will do your washing better than it was ever done in any other way.
