SATURDAY, AUGUST 10, 1912

TEDDY ROOSEVELT says he is against the bosses. Sure. He wants to be the whole thing or nothing.

THE NEWS would again call the attention of all Kent countians and of the people of Chestertown in particular to deal at home. Why not?

AN anonymous communication rejected by the NEWS Tuesday cannot be published unless the writer sends his name—not for publication but for other reasons. The article has merit in it.

THE action of Gov. Goldsborough in employing detectives to hunt down criminals has the endorsement of all good citizens. Mob rule means an end to peace and law.

KENT COUNTY citizens are moving towards a State road to Rock Hall and Tolchester. There is a great need for this improvement. It is one of the most frequented roads in the county.

A FARMER, who owns his own estate, says the calculation about raising wheat may be correct, but the calculator did not take into consideration that the tenant gets house rent, wood, garden, etc., free, and keeps ten or more head of cattle, chickens, turkeys, and ducks, etc., etc.

WELCOME TO KENT.

On behalf of the citizens of Chestertown we extend a hearty welcome to all visitors next week who may come to attend the P. O. S. of A. Convention. It will be a notable occasion. Let everyone decorate and join in the pleasures of the event.

THINGS are never so bad but what they might be worse. Don't get grouchy nor try to blame failure on everything but the right thing. As we have so often said, PULL *together*. We are all here for the same purpose. Then live and let live. The best way to build up a town is for each and every man to pull together and not strive to rend and tear down. All the residents of a town are partners, not opponents. In all likelihood the more business done by your rival the more you will do. Every merchant and business man who treats his customers honestly and fairly will get his share, and the more business that can be secured by united effort, the better it will be for all.

ALWAYS put out your hand and assist a new enterprise to your community. Never "knock" a new thing because you do not happen to be connected with it. There may be brighter minds than your own at the head of the new enterprise and its establishment might open the way for you to get wise yourself. Always help it along and keep your eyes open for a way to get in. The fellow who shuts his eyes on a good thing simply because he happened not to be the originator is generally the fellow who sleeps away his opportunities and wakes up after the books are closed and he is out in the cold. They say that fortune knocks at the door of every man once. If he is asleep either with envy or malice, he will not hear the knock and it will slip away to some other fellow.

IN another column will be found a program of the big convention to be held in Chestertown next Wednesday and Thursday. The Parade on Wednesday evening will be a pleasing feature. It is expected that this will be one of the best parades ever seen upon the streets of Chestertown. The parade is to consist of three divisions, the band of 20 pieces lead by Mr. Arthur Bacon, and the pedestrians under the leadership of Mr. William F. Malin. The horsemen and horsewoman from Chestertown and the adjoining towns of Kent and Queen Anne's counties will take part. Quite a representation is expected from Millington, Kennedyville, Still Pond, Worton, Lynch, Fairlee, Rock Hall, Sudlersville, Centreville, Crumpton and Church Hill, as well as the county sections in between these towns. This division will be under the command of Harrison W. Vickers, Esq., and his aids. The next division will be known as the "Automobile Section" and will consist of from forty to fifty automobiles trimmed with flags and bunting. The automobilists from Kent and the adjoining counties are invited to take part. This division will be in charge of the Chestertown Automobile Club captained by Mr. Philip G. Wilmer. The vocal music will be in charge of Mr. J. Hydie Thompson and Prof. Kemp Bordley.

THE report of 40 cases of typhoid fever at Cambridge is denied by the authorities. There are about a dozen cases among whom are son and secretary of Gov Goldsborough; Mrs. Ward, wife of the M. P. minister and other prominent people. The cause was found to be a dairy farm, near town.

GOV. WILSON NOTIFIED.

A crowd of over 6,000 enthusiastic Democrats gathered on the lawn at Sea Girt Wednesday and heard Hon. Woodrow Wilson make his wonderful acceptance speech. Senator Ollie James made one of his usual great speeches in notifying Gov. Wilson of his nomination. Among the leading points in his speech follow:

The nation has awakened to a sense of neglected ideals and neglected duties.

The forces of the nation are asserting themselves against every form of special privilege and private control.

We need no revolution; we need no excited change; we need only a new point of view and a new method and spirit of counsel.

The tariff question, as dealt with in our time, has not been business, it has been politics.

The only safe and legitimate object of tariff duties is to raise revenue for the support of the government.

There should be an immediate revision, and it should be downward unhesitatingly and steadily downward.

Big business is not dangerous because it is big, but because its business is an unwholesome inflation created by privilege and exemption, which it ought not to enjoy.

We can arrest and prevent monopoly. It has assumed new shapes, but these are now being disclosed and can be dealt with.

The working people of America — if they must be distinguished from the minority that constitutes the rest of it — are, of course, the backbone of the nation.

Singing "Onward, Christian Soldier," and the Battle Hymn of the Republic, the delegates to the first National Convention of the new Progressive party Wednesday acclaimed Col. Theodore Roosevelt, of New York, as their candidats for president, and Gov. Hiram W. Johnson, of California, as their choice for vice president.

Making a departure in the proceedings, the two candidates immediately were informally notified of their nomination, and in the midst of deafening cheers appeared before the delegates to voice their acceptance and to pledge their best efforts to the coming campaign.

Miss Jane Addams, of Hull House, Chicago, was among those who seconded Colonel Roosevelt, and she was enthusiastically greeted. The new party formally placed itself on record as favoring equal suffrage, and further recognized the suffragette movement by providing for four women members at large on the National Committee.

THE American people are called upon to pay the Government an annual tax bill for the duty on cone sugar amounting to more than fifty millions of dollars. Nor is this all, for the price of beet sugar and domestic cane sugar is based not so much on the cost of producing those sugars as it is on the price of imported cane sugar, which necessarily includes the duty, so the consumers of sugar in this county pay tribute not only to the Government, but also to the Beet Sugar Refiners—in all, the staggering sum of one hundred to one hundred and fifty millions of dollars!

Sugar has become a necessity of life, and the family in humble circumstances is not far behind its rich neighbor in per capita consumption. A large part of the burden of the sugar duty is therefore thrown upon those least able to bear it, and this, we say, is of itself reason enough why there should be a radical change.

Whenever a jobber buys a car-load of sugar his invoice includes about $510 00 for the duty. Whenever a housewife buys a dollar's worth of sugar she gets only seventy cents worth of sugar, the other thirty cents of her dollar being for the duty. Moreover, every can of preserved fruit, every jar of jam and jelly, every piece of candy, every glass of soda water, and even every stick of chewing gum, must yield its share of the inexorable demand of the Government and the Beet Sugar interests. There is need for relief here, to be sure.

PROSPECTS FOR 1912.

Counting Arizona and New Mexico there will be 531 votes in the electoral college which will elect the President of the United States in 1912. According to the usual method of figuring it is safe to count as surely Democratic the following States: Alabama 12, Arkansas 9, Florida 6, Georgia 14, Kentucky 13, Louisiana 10, Maryland 8, Mississippi 10, Missouri 18, North Carolina 12, Oklahoma 10, South Carolina 9, Tennessee 12, Texas 20, Virginia 12. Total 175.

States that have strong Democratic leaning and may be reasonably depended on are: Colorado 6, Arizona 3, New Mexico 3. Total 12. This gives a total Democratic strength of 187, leaving 79 to be obtained from the doubtful States.

Leaving out all other States that went Democratic in 1910 we fine three States which will give the Democratic candidates the necessary votes. They are New York 45, Ohio 24, Indiana 15: Total 84. Grand total 271.

Under the new apportionment it will require 266 electoral votes to elect, so these figures show a safe majority.

Order of Publication

And NOTICE TO CREDITORS

William W. Beck
versus
Robert W. Reeves.

In the Circuit Court for Kent County, in Equity. No. 1808.

THE object of this suit is to have the surplus proceeds of sale under a mortgage from Robert W. Reeves to William W. Beck, dated the 19th day of February, in the year 1908, applied to pay the creditors of Robert W. Reeves, late of Kent county, mortgagor.

The Bill states that said Robert W. Reeves died before the sale under the mortgage indebted unto Mary B. Roberts in the sum of —— Dollars, and to others, leaving personal property insufficient to pay his debts, upon which administration was granted to William W. Beck; that the land was sold for more than enough to satisfy the mortgage, and his creditors are entitled to the surplus proceedings; that the said Robert W. Reeves left surviving him, and now living, one brother, W. R. Reeves, of Caroline county, Va., his only heirs at-law.

Ordered this third day of August, 1912, by James A. Pearce, one of the Judges of the Circuit Court for Kent county, in Equity, that the creditors of Robert W. Reeves, deceased, file their claims, with vouchers, with the Clerk of this Court on or before the 15th day of September, or be excluded from participation in the distribution of said surplus proceedings of sale. Ordered further, that notice of the object and purpose of said petition be given to W. R. Reeves, a non resident, by publishing this order in some weekly newspaper published in Kent county once in each of four successive weeks before the ninth day of September, 1912, and warning him to appear in this Court, in person or by attorney, on or before the twenty fifth day of September, 1912, to show cause, if any there is, why the petition should not be granted.
