How The Body Kills Germs.

Germs that get into the body are killed in two ways—by the white corpuscles of the blood, and by a *germ-killing substance* that is in the blood. Just what this substance is, we do not know. The blood of a healthy person always has some germ-killing substance in it to ward off the attack of disease. The fountain head of life is the stomach. A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished. To put the body in healthy condition, to feed the system on rich, red blood and throw out the poisons from the body, nothing in the past forty years has equalled Dr. Pierce's Golden Medical Discovery, a pure Glycerle extract (without alcohol), of bloodroot, golden seal and Oregon grape root, stone root, mandrake and queen's root with black cherry bark.

J. H. MARTIN, ESQ.

[illegible] writes from Fruitland, Wicomico Co., Md., R. F. D. No. 1, Box 17, J. H. MARTIN, of Fruitland, Md., R. F. D. No. 1, Box 17, "I suffered for years from stomach trouble and [illegible] I had a severe attack of [illegible] which would come and drop off in about a month, then another would formed in my throat. It continued this way for a long time. I tried every remedy that any one would suggest but found no relief. I then tried Dr. Pierce's Golden Medical Discovery which completely cured him. He has stayed cured now for two years, and I recommend this valuable medicine for impurities of the blood."

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.
