SATURDAY, AUGUST 24, 1912

THE Ridgely Sun is waging war against banks of Caroline lending too much money to buyers of automobiles. The article says: "That banks were encouraging automobile manufacturers to keep the price of said machines out of reach of the poor man, and that in our county banks were handling automobile paper to the tune of $60,000" A Denton resident says, "it is more like $120,000. I know a farmer who was refused $500 at a bank with first-class endorsement. He needed the money to pay urgent bills for phosphate and other expenses. The same day a $1,000 automobile note was discounted at the same bank. Is this treating the farmer right, or is it encouraging the automobile manufacturers?"

WILL YOU HELP?

The Kent News Will Gladly Act as Agent for Democratic Committee.

The following appeal for help in the election of Gov. Wilson as President has been received by the KENT NEWS from the Democratic National Committee:

BROTHER EDITORS OF KENT NEWS:

These are indeed new times, and with new times there have come new recognitions and new ways of doing things. This is all especially true of government and the relation that the Press of the Nation has to public affairs.

Gov. Wilson has called upon the Press of New Jersey to aid him in every battle he has matched against the entrenched Political Bosses in their partnership with big business. Gov. Wilson has won every battle against the enemies of the people and their Goverment in New Jersey, because the Press of New Jersey—not only the Democratic and Independent Press, but a large majority of the Republican newspapers have enlisted in his fight.

Always holding the Press in highest esteem, Gov. Wilson recognizes it as the most potent factor in the great contest now going on wherein the people are trying to regain control of the Government.

Gov. Wilson takes the position that it is as much the duty of the people to own the Party machinery as it is the Government machinery; for this is a Government of parties, and the Government can, therefore, be no better than the political party in power. Neither can the Party be any better than the influences which put it in power and keep it in power. In the past these influences have been corporations and individuals seeking special privileges from the Government. Naturally they have in turn owned the Government and exacted from Government Officials heavy tribute in return for having financed the campaign that gave these Officials their positions of power.

Gov. Wilson wants nothing and will have nothing of the sort. He wants the people to own the Party, which means they will own the Government.

Therefore, he wants the Campaign Expenses incurred in making him President of the United States, and in turning this Government over to the Democratic Party, to be contributed according to each one's ability—by the millions of citizens who ought to own the Government and in whose interests the Government ought, and must be administered.

Gov. Wilson asks the co-operation of the Press of the Nation The method adopted for the Press, is to open its columns in appeals for popular subscriptions from the readers of the newspapers of the Country.

As a Brother Publisher in charge of the Newspaper Fund Bureau, I appeal to you to help us.

Very truly yours,
ROBERT EWING,
Chairman Newspaper Fund Bureau.

HON. JAMES ALFRED PEARCE

MESSRS. EDITORS OF KENT NEWS:

After a long and faithful service, both at the bar and upon the bench, the time has come when, by reason of the age limit, the Hon. James A. Pearce will lay aside the robes of office as Chief Judge of the Second Judicial District and bidding adieu to the duties of that office and the people will return to private life carrying with him the love, esteem and affections of all with whom he has been associated.

At the October Term of the Circuit Court for Kent County he will preside for the last time in the county, in his official capacity and his familiar face, his calm dignified manner and all that appears in the make up of one who exhibits the highest judicial attainments will no longer be realities but memories only.

Therefore it would be well for the people of Kent among whom he has lived his life and who honor and venerate him and to whom his life is as an open book to emphasize his retirement from the Bench by the presentation of a suitable memorial as an evidence of their esteem.

To this end I would suggest the appointment of a committee of five, two to be members of the Bar and three laymen representing the upper, middle and lower parts of the county, who shall meet at an early day in Chestertown and perfect the arrangements and submit to the citizens of the county the proposition.

The people will be asked to aid in the matter, and an opportunity will be offered to all who will desire to contribute to a suitable memorial.

Further notice will be given in the NEWS.

A PLEASED DELEGATE.

Mr. J. Oliver Johnson, of Brooklyn, a delegate to the P. O. S. of A. Convention in Chestertown last week, writes thus:

MESSRS. EDITORS:

Allow me to express my thanks for the courtesy of the current issue of your paper. Your article on events connected with the P. O S of A. is splendid, we surely enjoyed ourselves in your city. Wish you success, I remain,

Yours respectfully,
J. OLIVER JOHNSON
