THE PERILOUS TASK OF STAMPING OUT VOTE-BUYING

More than 1,000 citizens of Lee county, Virginia, were bought and sold like cattle in the election of 1910. The same conditions prevailed in Dickinson county. In the contest for Congress between Slemp and Stuart, it is estimated that $200,000 was spent. Votes were quoted as high as $50 and averaged $25. Even for the little county the grand jury found $17,000 had been spent in Lee.

Both parties were tarred with the same stick. The Republicans spent more than the Democrats because they had it to spend. But the whole section was systematically corrupted. These men who sold their votes were not ignorant negroes, but white men; not immigrants, but native-born Americans.

Vote-buying has been common for thirty years. When the authorities attempt to stamp out the practice they are threatened with a repetition of the Hillsville crime. But the fate of Judge Massie does not deter Judge Skeen. He is determined to punish the guilty, no matter what may come to him. In Lee county alone 195 voters have been indicted; in Dickinson, 165, with more to come. Wise county has several hundred on the anxious bench. The accused, their friends and sympathizers comprise thousands—a large pr portion of the population. This constitutes a dangerous condition in that clannish mountain country where fingers are quick on the trigger. It takes a brave judge to carry the law to the mountains, but Judge Skeen should not be put in peril. Doubtless Governor Mann will see the necessity of using all the power of the State to protect the court in its work of stamping out crime and vindicating the law in Virginia.

HICKS' FORECAST FOR SEPTEMBER.

A regular storm period is central on the 5th, embracing the 3 to the 8th By the 5th low barometer, rising temperature, cloudiness and gathering storms will appear in western sections and during the 6th, 7th and 8th rain, and threatening conditions generally, will pass in regular, progressive order eastwardly across the country. The probabilities are that the rainfall during these storms will be moderate. The barometer will remain below normal, and the temperature will not fall, as ordinarily, after the passage of these disturbances, giving a continued spell of very warm weather, except in the extreme northern parts of the country.

A reactionary storm period involves the 10th, 11th and 12th, the Moon being in perigee on the 9th, new on the 10th and on the equator on the 11th. It must also be remembered that a maximum crisis of electrical and magnetic unrest falls each year from about the 8th to the 15th of September, being central on the 11th. This tendency will be greatly aggravated this year by the added force of the Moon's conjunction with the Earth and Sun on the 10th. This crisis of this period will fall on and near the 10th, 11th and 12th. The center of a marked seismic period is on the 10th, involving the 8th to the 13th. High barometer and much cooler weather, with probable frosts northward, will come out of the northwest from about the 12th to the 15th.

A regular storm period is central on the 16th, covering the 15th to the 20th. The barometer will fall, temperature rise and renewed storms of rain and wind will pass eastwardly across the country during this period.

A regular storm period is coincident with the center of Earth's autumnal equinox on the 21st, 22d and 23 The period will, in a great measure, fill the time between the preceding and succeeding regular storm periods causing a prolonged time of threatening weather.

A regular storm period is central on the 28th, extending from the 26th to October the 1st The Mercury period comes in at this time, the Moon is full, on the celestial equator, and at an eclipse node on the 29th. All these, being near the center of Earth's autumnal equinox call for very active and violent disturbances. The 26th is the center of a seismic period, involving the 23d to the 29th. The month will end with change to very cool.

RESOLUTIONS OF RESPECT.

Fairlee Grange No. 249, realizing most deeply the great loss it has sustained in the death of its Worthy Chaplain, Brother Washington G. Skirven, desire to place upon record this tribute of its appreciation of his good work in the Grange.

As a Granger he was ever prompt and faithful in his attendance, when his health would permit. As a neighbor, he was kind and faithful to minister to those in trouble and sorrow. As a friend, he was kind, sincere and true and ever maintained a well balanced christian character. The passing from us of such a useful life is an irreparable loss to Fairlee Grange. Therefore, it is

Resolved, that we extend to our sadly bereaved sister, his devoted wife, our most heartfelt and fraternal sympathy and request a copy of these resolutions be sent to the widow and the County papers and that a page of the minute book be set apart in which to inscribe this memorial of our love and esteem.

Anty Drudge's Advice to Mr. Newlywed.

Mr. Newlywed—"Yes, we've got a fine little dove cote. But it's one of those swell apartment houses and they don't allow any washing done. Won't stand for the smell and muss."

Anty Drudge—"Poor boy, you must be nearly bankrupt with big laundry bills. But, get your wife some Fels-Naptha soap and she can fool the janitor. Won't need boiling water. Just use it cool or lukewarm. Rub the clothes lightly and they'll be like snow."

"If I only had some place to boil them I'd wash lots of my light clothes myself—the laundry wears them out so fast," said a young woman who lives in two rooms.

Then she heard about Fels-Naptha.

Now she is washing those things herself, without hot water, and doing it far better than if she boiled them.

She has found out that Fels-Naptha cleanses things more thoroughly in cool or lukewarm water, in little time, than if they were boiled till Doomsday.

If you live in a room, apartments or occupy a whole house, take a chapter out of this young woman's experience.

Boiling is unnecessary when you use Fels-Naptha, either in winter or summer.

All that's needed is cool or lukewarm water, and even a bowl or basin will do for a few things.

Follow directions on the red and green wrapper.

WM. W. BECK, ATTORNEY.

Order of Publication

And NOTICE TO CREDITORS

William W. Beck
versus
Robert W. Reeves.

In the Circuit Court for Kent County, in Equity. No. 1808.

THE object of this suit is to have the surplus proceeds of sale under a mortgage from Robert W. Reeves to William W. Beck, dated the 19th day of February, in the year 1908, applied to pay the creditors of Robert W. Reeves, late of Kent county, mortgagor.

The Bill states that said Robert W. Reeves died before the sale under the mortgage indebted unto Mary B. Roberts in the sum of ——— Dollars, and to others, leaving personal property insufficient to pay his debts, upon which administration was granted to William W. Beck; that the land was sold for more than enough to satisfy the mortgage, and his creditors are entitled to the surplus proceedings; that the said Robert W. Reeves left surviving him, and now living, one brother, W. R. Reeves, of Caroline county, Va., his only heirs at-law.

Ordered this third day of August, 1912, by James A. Pearce, one of the Judges of the Circuit Court for Kent county, in Equity, that the creditors of Robert W. Reeves, deceased, file their claims, with vouchers, with the Clerk of this Court on or before the 15th day of September, or be excluded from participation in the distribution of said surplus proceedings of sale. Ordered further, that notice of the object and purpose of said petition be given to W. R. Reeves, a non resident, by publishing this order in some weekly newspaper published in Kent county once in each of four successive weeks before the ninth day of September, 1912, and warning him to appear in this Court, in person or by attorney, on or before the twenty fifth day of September, 1912, to show cause, if any there is, why the petition should not be granted.
