SATURDAY, SEPTEMBER 14, 1912

If the Bull Moosers in Kent want to lick Taft it would be a wise thing for them to vote for Wilson. Why not?

At the reconvened Republican Convention in Baltimore Wednesday the Bull Moose men were bowled out like sticks and true party men put in their places. John D. Urie, Esq., of Kent, was present.

An important statement from Mr. Charles L. Dodd in answer to the despicable reference in the Barroll organ is in hand but was unavoidably crowded out of this issue. It will appear next week together with other usual spicy items.

The hot weather of the past two weeks has shown the wisdam of the Kent County School Commissioners in extending the vacation period two weeks. The doctors of the county thanks to Dr. Chas. W. Whaland, of Chestertown, lead the movement for this extension.

Smoke from the paper mill Wednesday indicates something doin' at the big mill. The old force with few exceptions are on duty, and seeing the long string of loaded straw wagons is a welcome sight.

In Maine Monday the Republicans elected their candidate for Governor, William T. Haines, by a plurality of 3,000. This was not surprising, as the election of a Democrat in 1910 was a very unusual thing in Maine. The smallness of the plurality is an indication that even Maine will be counted in the Wilson column in November, for the Bull Moosers had no candidate in the gubernatorial contest.

The Prohibitionists have nominated Rev. Chas. M. Elderdice, of Federalsburg, as their candidate for Congress. When the temperance people throw their votes away in this manner they do more harm than good Hon. J. Harry Covington deserves the vote of every temperance man in the District irrespective of party. If these Prohibitionists would unite their forces they could make possible many reforms but so long as they persist in naming a ticket their influence is nil.

### THE TRANSCRIPT GANGSTERS VS. PUBLIC SCHOOLS.

The veteran liars of the Transcipt Corporation furnished more brilliant examples of mendacity in their last issue than usual. Certainly practice makes perfect. They declare that the schools have been run on this appropriation of $35,000 for past years. Now no one knows better than these same disseminators of mendacity that the schools for the past two years have been expending more than their annual receipts and if the Old Organization had not furnished the schools with a surplus fund which has carried over the schools to the present, the former Board of School Commissioners would have had to close the schools before the end of the year. The Old Organization according to Prof. Melvin's statements, left the School Board at the end of the school year 1909 and 1910 with a surplus of receipts over expenditures of $1956.45. The following year 1910 and 1911 expenditures exceeded receipts by $691.56 And the year following this, 1911 and 1912, being the year just closed, expenditures exceeded receipts by $3456.34, making for the two years just passed a total of expenditures over receipts of $4147.90. Is it any wonder that the school board is in debt?

Now we do not expect this Transcript Gang to acknowledge the Truth of the above statements for their motto seems to be "Tell a lie stick to it" but the evidence of the truth of the above is public property which any citizen of the county is welcome to verify by resort to the Records in the office of the Superintendent of Schools. Is it too much to believe the majority of the Board of County Commissioners are desirous of treating the schools of the county fairly. It is a responsibility they must assume of either furnishing more money or having shorter school year.

If there is one department of its expenditures which can be reduced without crippling the schools, the School Board would gladly have them point it it out. Already some of our teachers have resigned and left the county on account of inadequate salaries, leaving young and inexperienced teabhers to take their places. With a taxable basis about $2,000,000 greater under the present Board of County Commissioners than under the Old Organization Board, will the present Board allow the educational interests of the county to suffer? Only upon the balances from the appropriations made by the former Board of County Commissioners have the schools been kept open for the year. Will the present Board force them to close before the end of the year?
