Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

GEO. HAZELL KILLS SELF WITH PISTOL

Well Known Clifton Rancher, Formerly of Millington, Despondent Over Money Matters Commits Suicide.

George Hazell, the well known Clifton rancher, committed suicide Tuesday morning August 4th 1912 by blowing out his brains with a 44-calibre revolver. This news was contained in a recent issue exclusively in the NEWS. By recent mail we learn further particulars. The suicide was carefully planned, and was carried out at Mrs. Hazell's ranch about three miles west of Clifton, on the Grand Avenue road. Despondency over financial troubles is given as the cause of the suicide.

Mr. Hazell and his wife separated about a year ago, and the husband made settlement upon his wife of $2,000. A few weeks ago, however, they reconciled and since then had been living together. Mr. Hazell had been ill for some time and was also despondent because of a debt he was unable to pay when it fell due. He often used to state that one of the first things his father taught him was never to contract a debt unless he was certain he could pay it, and Hazell had been trying to sacrifice his ranch, south of Clifton, in order to raise money to pay the notes.

A reporter for the KENT NEWS writes from there thus under date of Sept. 9:

G. H. Hazell was in cattle business in Mesa county 18 years. In 1901 bought out a dairy in Ouray to help his two nephews, Harry and Carlton Spry, lost $10,500, brought on heart trouble and asthma, moved to Grand Junction June, 1902, with his wife, nee Della Massey, of Millington, Md., and little daughter Anna, was ill for two years. He bought a fruit ranch 4 miles east of the Junction, lived there until 1910, Dec. 14. When Mrs. Hazell found Mr. Hazell was not in his right mind. She begged to go away. So at last he consented to let her have their only daughter. Anna, he gave her the home in town and $1,000. Her sister, Ellen Massey, came to her rescue and traded her home for a handsome fruit ranch 2½ miles out of Grand Junction. Feb. 14, 1912, Mr. Hazell went to Mrs. Hazell and begged to make up. Mr. Hazell had agreed to pay $50 per month for the child until she was 18. Mrs Hazell found he was a man and took him back Feb. 18, 1912. Just 16 years that day since they were married. They had lived happily every hour until Thursday at noon. Mr. Hazell said, "Della, count how many of the old Millington boys were shot." She said, Oh, it is too sad to think of." After dinner he left the table, went up stairs and in two bed rooms he turned the furniture all around. When he and his wife were out feeding the poultry he looked through knot holes at his wife while she gathered the eggs. She noticed he acted very queer. Monday morning he ate a good breakfast kissed his wife good-bye—went to his ranch near Clifton. Tuesday morning 3 45 a. m., he awoke Mrs Hazell telling her it was killing him to see her sleep so sound that he had not shut his eyes since 2 a. m. Mrs. Hazell got up and they came down and she found in a very few minutes that Mr. Hazell was not himself. She ran in and told her daughter and friend to get up they ran out in the kitchen he was begging Mrs. Hazell to take a capsule of poison. Just then he got his gun and Mrs. Hazell was screaming for help he ran to the barn—and all was over his daughter Anna, ran to him to to see the deadly sight.

Mrs. Hazell and Anna are heartbroken. Mr. Hazell's sister spent the winter of 1897 with them.

Mr. Hazell had a large cancer on his left cheek which had driven him most crazy.

WHO WOULDN'T BE TEACHER.

Here is a Schedule of Her Daily Tasks With Estimate of Her Pay.

A school teacher is a person who teaches things to people when they are young.

The teacher comes to school at 8.30 o'clock, and when she has gotten enough children for a mess in her room she teaches them reading, writing, geography, grammar, arithmetic, music, drawing, cooking, board-sawing, crocheting, deep-breathing, bird calls, scientific eating, patriotism, plain and fancy bathing, forestry, civics and other sciences too numerous to mention. When school is out she stays behind with five or six of her worst scholars and tries to save the state a job of reforming them later on. After that she hurries home to make herself a dress and snatch a hasty supper before going back to attend a lecture by an imported specialist on the history of tribal law in Patagonia, which the superintendent thinks may give her some information which may be useful in her school work some day. A great many lecturers roam the country preying on school teachers, and some of them are very cruel, talking to them so long that the poor things have to sit up till morning, when they get home, to get their daily test papers corrected.

School teachers' salaries range from $30 a month up—but not far enough up to make them dizzy. On her salary the teacher must dress nicely, buy herself things for her work which the city is too poor to get, go to twenty-nine lectures and concerts a year, buy helpful books on pedagogy, pay her way to district, county and state institutes, and enjoy herself during a three months' vacation which her salary takes every year. In addition the teacher is supposed to hoard away vast sums of money, so that when she becomes too nervous and cross to teach, at the age of fifty, or thereabouts, she can retire and live happily ever after on her income.—Philadelphia Bulletin.

IN MEMORIAM.

SANFORD—In sad but loving remembrance of little Golden, who died one year ago, Sept. 15, 1911.

Dear Golden could you speak to me,
And could you live again,
My longing heart would then be healed,
But this I wish in vain.

Days of sadness still come over me,
Tears of sorrow silently flow,
Fond memory keeps my little boy near me
Though heaven claimed him one year ago.
MOTHER.

Dearest loved one we have laid thee,
In the peaceful grave's embrace,
But thy memory will be cherished
Till we see thy heavenly face.
BROTHERS WM. AND CARROLL.

Oh how we loved our brother dear,
No heart on earth can tell,
But Jesus loved him better,
And called him home to dwell.

THESE SIX LETTERS
From New England Women

Prove that Lydia E. Pinkham's Vegetable Compound Does Restore the Health of Ailing Women.

Boston, Mass.—"I was passing through the Change of Life and suffered from hemorrhages (sometimes lasting for weeks), and could get nothing to check them. I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) on Tuesday, and the following Saturday morning the hemorrhages stopped. I have taken them regularly ever since and am steadily gaining.

"I certainly think that every one who is troubled as I was should give your Compound Tablets a faithful trial, and they will find relief."—Mrs. GEORGE JUBY, 802 Fifth Street, South Boston, Mass.

Letter from Mrs. Julia King, Phœnix, R.I.

Phœnix, R.I.—"I worked steady in the mill from the time I was 12 years old until I had been married a year, and I think that caused my bad feelings. I had soreness in my side near my left hip that went around to my back, and sometimes I would have to lie in bed for two or three days. I was not able to do my housework.

"Lydia E. Pinkham's Vegetable Compound has helped me wonderfully in every way. You may use my letter for the good of others. I am only too glad to do anything within my power to recommend your medicine."—Mrs. JULIA KING, Box 282, Phœnix, R.I.

Letter from Mrs. Etta Donovan, Willimantic, Conn.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles causing backache, irregularities, dizziness, and nervous prostration. It was impossible for me to walk up stairs without stopping on the way. I was all run down in every way.

"I tried three doctors and each told me something different. I received no benefit from any of them but seemed to suffer more. The last doctor said it was no use for me to take anything as nothing would restore me to health again. So I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and by taking seven bottles of the Compound and other treatment you advised, I am restored to my natural health."—Mrs. ETTA DONOVAN, 762 Main Street, Willimantic, Conn.

Letter from Mrs. Winfield Dana, Augusta, Me.

Augusta, Me.—"Lydia E. Pinkham's Vegetable Compound has cured the backache, headache, and the bad pain I had in my right side, and I am perfectly well."—Mrs. WINFIELD DANA, R.F.D. No. 2, Augusta, Me.

Letter from Mrs. J. A. Thompson, Newport, Vt.

Newport, Vt.—"I thank you for the great benefit Lydia E. Pinkham's Vegetable Compound has done me. I took eight bottles and it did wonders for me, as I was a nervous wreck when I began taking it. I shall always speak a good word for it to my friends."—Mrs. JOHN A. THOMPSON, Box 3, Newport Center, Vermont.

Letter from Miss Grace Dodds, Bethlehem, N.H.

Bethlehem, N.H.—"By working very hard, sweeping carpets, washing, ironing, lifting heavy baskets of clothes, etc., I got all run down. I was sick in bed every month.

"This last Spring my mother got Lydia E. Pinkham's Vegetable Compound for me, and already I feel like another girl. I am regular and do not have the pains that I did, and do not have to go to bed. I will tell all my friends what the Compound is doing for me."—Miss GRACIE B. DODDS, Box 133, Bethlehem, N.H.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

The International Auto Wagon
Or Commercial Car

In use throughout the United States by Farmers, Merchants, Millers, Contractors, Manufacturers, Liverymen and others.

A feature of the International Commercial Car that will appeal to a great many people is the fact that this car can be converted into a vehicle for carrying people. A rear seat and a double top can be added, making a very comfortable vehicle. The space behind the back of the front seat is sufficient so that two seats can be added, making a three-seated rig for liverymen who have traffic of this kind.

The International in the strictest sense of the word is a commercial car—one that can be used every day of the year, through snow and mud, cold weather and hot. The great success this car has attained in the past and the present is the greatest commendation of its usefulness.

The snow storm which tied up traffic in Chicago in February, 1911, did not interfere with the International Commercial Car service. This car was one of the few commercial cars in service in Chicago that was not delayed by the snow. The drivers were not afraid to turn out of street car tracks and into the side streets and places where the snow was deep, for fear they would stall. The car is as efficient in negotiating mud as it is in plowing through snow.

Capacity 1500 to 2000 pounds depending upon conditions of the haul. Speed 15 miles per hour. 20 H. P. Two-Cylinder Engine. Factory output 20 cars per day, which does not meet the present demand. Easily operated and as nearly fool-proof as possible. Solid tires—eliminating tire trouble.

This car will be driven throughout every part of Kent county and will stop at Still Pond, Kennedyville, Locust Grove, Galena, Georgetown, Massey, Millington, Crumpton, Chesterville, Chestertown, Rock Hall, Fairlee, Melitota, Worton, Lynch and Betterton, affording everybody an opportunity to see the car in operation.
