The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

RICH NECK FARMERS.

H. S. Lippincott, of The Pennsylvania Railroad, Explains Work of Experiment Station—An Oyster Feast.

The Rick Neck Farmers' Club of Queen Anne's county, met at the Chambers farm as the guests of Mr. and Mrs. H. H. Klinefelter Friday afternoon and evening and discussed advanced agricultural methods, the members of the club having proved their knowledge of the subject by winning blue ribbons at every show in which they have exhibited.

H. S. Lippincott, agriculturist of the Pennsylvania Railroad, explained his work in connection with the experiment station at Bacon, Del., previous to his advancement to the present position, demonstrating to the farmers assembled that a few acres of white potatoes, sweet potatoes, onions or cabbage would produce more net return than many acres of the crops now under cultivation, such as wheat, corn, hay, etc. Such crops, if marketed through the agency of an exchange, he said, would not only be a source of large income to the farmers, but by the selection of uniform seed and through a system of grading and inspection a recognized standard would be created. At the same time the consumer would have less waste and higher grade food products at a lower cost, which would solve one of the problems of the high cost of living complained of

It is the intention of the club to incorporate as an exchange and to enter into the growth of more diversified crops.

The membership of the club is limited to 15 active and 3 honorary members representing 10,000 acres of land under cultivation The officers and members are: W. Irving Walker, president; H. P. Skipper, vice pesident; H. H Klinefelter secretary; James B Newman, treasurer; Charles H. McKee, J. Thomas Smith, B. F. Potts, Charles A. Baxter, Josiah Massey, J. McC. Rochester, Clifton L. Jarrell, J. Frank Baxter, Owen C. Smith, E. R. Anthony, J. D. Forster, W. D. Robinson, J. T. Anthony and Charles H. Jefferson.

The club holds its meeting monthly. The October meeting will be under the direction of the wives of the members at Ripley Park, the home of J. McC. Rochester.

LIVE MAIL CAN BE SENT

The Parcels Post Bill in Effect January 1, 1913 will Allow Live Chickens.

Postmaster General Hitchcock let it be known recently that the proposed parcels post plan enacted into law when President Taft signed the new postoffice appropriation would be put into effect as soon as possible. The Bourne-Lewis parcels post plan goes into effect January 1, 1913, so far as the establishment of the parcels post rates and zones is concerned and Mr. Hitchcock will endeavor to have the details worked out by that time.

Under this legislation it is provided that hereafter fourth-class mail matter shall embrace all other matter, including farm and factory products, not now embraced by law in either the first, second or third class, not exceeding 11 pounds in weight nor greater in size than 72 inches in length and girth combined, nor in form likely to injure the person of any postal employe or damage the mail equipment or other mail matter, and not of a character perishable within a period reasonably required for transportation and delivery. For parcels post purposes the United States and its territories, including Alaska but excepting the Philippines, is to be divided into units of area 30 minutes of arc square, identical with a quarter of the area formed by the intersecting parallels of latitude and meridians of longitude, represented on appropriate postal maps and these units of area are to be the basis of eight postal zones.

The rate on fourth- class matter weighing not more than four ounces is to be 1 cent for each ounce or fraction and on matter in excess of four onces weight the rate is to be by the pound, the postage in all cases to be prepaid by distinctive postage stamps affixed. Except as provided above the postage on matter of the fourth-class, which is to be admitted to the porcels post, rates are by the pound or fraction therefore and varies with distance. On all parcels post matter mailed at the postoffice from which a rural route starts for delivery on such route, or mailed at any point on such route for delivery at any other point thereon or at the office from which the route starts, or on any rural route starting therefrom, and on all matter mailed at a city carrier office or at any point with in its delivery limits, for delivery by carriers from that office for local delivery 5cents for the first pound or fraction of a pound and 1 cent for each additional pound or fraction of a pound. For delivery within the first zone, an area of about 50 miles, above, 5 cents for the first pound or fractoin of a pound and 3 cents for each additional pound or fraction of a pound and so on for the seven other zones.

Postmaster-General Hitchcock, as required by the new parcels post law, will provide such equipment, maps, stamps, directions and printed instructions as are necessary to administer the parcels post and to hire teams and drivers. He will be allowed to draw on a special appropriation of $750,000 made in the Postoffice Appropriation act. The postmaster-general is also required to provide by regulation for the indemnification of shippers using the parcels post for shipments injured or lost, by insurance or otherwise, and, when desired, for the collection on delivery of the postage and price of the article shipped, fixing such charges as may be necessary to pay the cost of those additional services Live chickens, rabbits and other country products, fresh eggs and country butter will be handled by the parcels post. General farm and garden produce comes under the law. A joint commission of six members of Congress is making further inquiry into the subject of a general parcels post.

IN MEMORIAM.

LINES TO MRS. SARAH C. TODD.

She has crossed the shining river and gained the radiant shore
Where no heart with grief can quiver and all parting scenes are o'er.
We will soon pass on to meet her and make whole the broken band.
Meet her just across the river in that happy spirit land
She has gone to Heaven before us but she turns and waves her hand,
Pointing to the glories o'er us in that happy spirit land.

SUFFERED EVERYTHING

For Fourteen Years. Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Elgin, Ill.—"After fourteen years of suffering everything from female complaints, I am at last restored to health. "I employed the best doctors and even went to the hospital for treatment and was told there was no help for me. But while taking Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use until I was made well." —Mrs. HENRY LEISEBERG, 743 Adams St.

Kearneysville, W. Va.—"I feel it my duty to write and say what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female weakness and at times felt so miserable I could hardly endure being on my feet. "After taking Lydia E. Pinkham's Vegetable Compound and following your special directions, my trouble is gone. Words fail to express my thankfulness. I recommend your medicine to all my friends."—Mrs. G. B. WHITTINGTON.

The above are only two of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which show clearly what great things Lydia E. Pinkham's Vegetable Compound does for those who suffer from woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NOTICE TO All Persons Concerned

Hereafter the County Commissioners will neither recognize nor pay bills presented by any physician for any post mortem examination of bodies of dead persons. Nor will it pay any bills presented by Justices of the Peace for examining bodies of dead persons unless it can be shown that the Coroner is not accessible and unless the Coroner is first notified of any sudden death.

Only the bill of such physicians as the Coroner or Health Officer of the county may designate to make such an examination will be recognized or paid, and no other physician will be entitled to or receive pay for such services.

This action of the Board is taken because a practice has grown up in this county whereby the Coroner and his Physician examine bodies of the dead; and a Justice of the Peace in the county will summons a Physician and he and such physician examine the same body of such dead person; thus double bills are presented to the county for payment. The county will pay no charge of any peysician for such service exceeding $5.00

By order of the Board,
s21-tf SAM'L HICKS, Clerk.

Antoine Deloria, Postmaster at Garden, Mich., knows the exact facts when he speaks of the curative value of Foley Kidney Pills. He says: "From my own experience I recommend Foley Kidney Pills, as a great remedy for kidney trouble. My father was cured of kidney disease and a good many of my neighbors were cured by Foley Kidney Pills." Sold by M. A. Toulson.
