NATURE'S ESSENCE.---Extracted From Forest Plants.

Nature's laws are perfect, but disease follows if these laws are not obeyed. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the wild-cherry tree, the root of mandrake, stone, Oregon grape root, queen's root, bloodroot and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions and you have

Doctor Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alterative of the greatest efficiency and without the use of a particle of alcohol.

E. WILLIAMS, ESQ.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of PUBLIC APPROVAL and has sold more largely in the past forty years than any other blood purifier and stomach tonic.

"Some time ago I got out of health—my stomach seemed to be the seat of the trouble," writes MR. EZRA WILLIAMS of Belleville, Kans. "I commenced to doctor with all the doctors at home as well as with other specialists on stomach and digestive organs. None seemed to do any good—in fact, most of the medicines did me harm. Finally, I wrote to Dr. Pierce, Buffalo, N. Y., who replied, stating that I had liver complaint with indigestion and constipation, and advised Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.'

"The 'Discovery' and 'Pellets,' have 'put me on my feet again'—seemed to be just what I needed. I could not have recovered without them."

Dr. Pierce's Pleasant Pellets are for liver ills.

WASHINGTON COLLEGE WINS.

Chestertown, Md., Oct. 12.—The football team of Washington College defeated the Western Maryland eleven here Saturday 13 to 0. The teams in the line-up were well matched in regard to weight, though it deveolped that Washington had a little better of the argument in speed. The game started by Beale kicking off to Brown, who made a sensational run of 60 yards before being downed. The ball was put in play at Western Maryland's 20-yard line. The visitors secured the ball and returned it up the field, only to have it brought back to their 25 yard line from which Meekins threw a well-directed forward pass to Lewis, who received it behind the goal line. Wilkinson failed to kick goal.

In the second quarter the visitors advanced the ball toward the locals' goal line by fake formations and massed rushes through the line. Washington succeeded in obtaining the ball by fumbles several times when its goal line was in danger.

Towards the last of the half Wilkinson secured the ball through a fumble and started toward the visitors' goal with a clear field before him, only the speedy work of the Western Maryland backs prevented him making a touchdown. He was downed on the 20-yard line from which the ball was put in play when the whistle sounded.

In the beginning of the second half Wilkinson kicked off to the visitors, the ball was returned to the centre of the field from which it was carried back and forth, neither goal being in danger.

Wilkinson at one time attempted a dropkick from the 45-yard line, but was unsuccessful, the ball just grazing the goal posts.

The teams began play in Washington's territory at the start of the last quarter. Gradually Washington worked the visitors down the field until by the use of two forward passes they reached the 10-yard line.

The first three downs gained them eight yards, as biddle leaped in the air on the last down, which resulted in his putting the ball over the line.

Then the whistle sounded for the end of the game. Wilkinson kicked goal.

Numbers and Beale were the ground gainers for their team, while Wilkinson, Brown and Strong and Meekins did good work for Washington. The line-up:

Washington,	*Position.*	*West. Maryland*
Pfitsch, Wallace		
Leister	Right end	Corbett

Women

From Forty-Five to Fifty Are Much Benefited by Lydia E. Pinkham's Vegetable Compound.

The "change of life" is a most critical period in a woman's existence, and the anxiety felt by women as it draws near is not without reason.

When her system is in a deranged condition, she may be predisposed to apoplexy, or congestion of some organ. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound is prepared to meet the needs of women's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

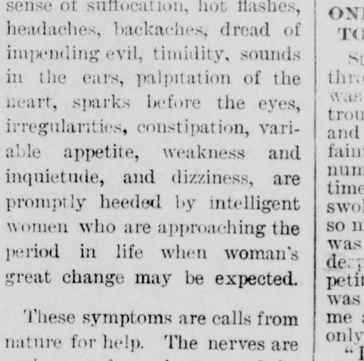

Mrs. Estella Gillispie

ONE CASE OUT OF MANY TO PROVE OUR CLAIMS.

St. Anne, Ill.—"I was passing through the change of life and I was a perfect wreck from female troubles. I had a displacement and bearing down pains, weak fainting spells, dizziness, then numb and cold feelings. Sometimes my feet and limbs were swollen. I was irregular and had so much backache and headache, was nervous, irritable and was despondent. Sometimes my appetite was good but more often it was not. My kidneys troubled me at times and I could walk only a short distance.

"I saw your advertisement in a paper and took Lydia E. Pinkham's Vegetable Compound, and I was helped from the first. At the end of two months the swelling had gone down, I was relieved of pain, and could walk with ease. I continued with the medicine and now I do almost all my housework. I know your medicine has saved me from the grave and I am willing for you to publish anything I write to you, for the good of others."—Mrs. ESTELLA GILLISPIE, R.F.D.
