CROW, Chester, Crow!

EVERY district in Kent went for Woodrow Wilson!

THE Bull Moose shoved the elephant overboard, while the Donkey hee-hawed at the sight!

HARRY COVINGTON is a vote getter. What's the matter with Harry for Governor?

THE seven Governors who advocated the election of Roosevelt were defeated for re-election.

IT is now Chief Judge Albert Constable. He had a walkover. Every Democrat voted for him in Kent and a few Republicans.

THERE is no reason why every election should not be as clean of corruption and bribery as was that in Kent Tuesday.

KENT county did finely. Even with the combined votes of Teddy and Taft the county is Democratic by over 300

J. D. URIE, ESQ., held his county in line for Taft, as did Goldsboro, Jackson, Towers and others. Taft received 1021 votes here and Teddy 462.

ELECTION NOTES.

The telephone service Tuesday night could not have been better. Mr. Nichols and his corps of faithful ladies did all in their power to give the news out quickly. The KENT NEWS as usual was headquarters for election news and a big crowd filled the offices and watched the bulletin board. Supt. Russell rigged up a big light outside which enabled all to read the news.

Mr. Chas. Beck entertained the crowd with sweet music on the violin.

Mr. D. A. Bacchus looked after the telephone operators with a good treat at midnight.

The celebration by bonfire Tuesday and Wednesday nights was enjoyed by the boys. The Chestertown Band made good music at different points in town.

The KENT NEWS extra Wednesday morning not only gave the result in Kent but of the whole country.

There was perfect order all day and at night. Persons voted and went about their work as usual. Very few people were to be seen about the polling places but everyone of the workers were on the jab and good vote was polled. Rock Hall and Edesville precincts were 200 votes short.

In some parts of Kent the colored Roosevelt voters charged the Democrats with fixing up the hardest ticket they ever had to vote. They were soon informed that the ticket was made up by Republicans and printed by them. They could hardly realize it.

It is reported that in some sections in Kent a little tale quickly disseminated by the Taft people turned the tide from Roosevelt. The Taftites told the negroes that the purpose of Roosevelt's trip to Africa was to select a place for the negroes' future home, and in the event of Roosevelt's election all the negroes will be transported to Africa. This report done the work.

WILSON AND THE PRESS

Publicity Bureau Thanks The News For Work Done in Behalf of The Democratic Candidates.

The following letter was received which speaks for itself. The letter is duly appreciated, by the editors of the KENT NEWS. The letter follows:

Democratic National Committee
Headquarters:
Fifth Avenue Building, New York.

EDITORS OF KENT NEWS.

Dear Sir:—

The campaign, more than any other dampaign in our history, has been fought and won by the papers of the country. It is the only campaign in forty years in which a considerable majority of all the newspapers of America have supported the Democratic ticket, and if the victory is as large as it promises to be, the power of the press will be demonstrated more than in any previous campaign.

Without the earnest cooperation and effective initiative of your paper and other papers, which have supported the cause, the campaign management could not have reached the people with the arguments that convinced their reason and impelled them to support us Democrats.

Speaking for the candidates and the Committee, I wish to express to you our deep appreciation of the signal service you have rendered the party. I believe, as you believe, that the election of Wilson and Marshall will usher in a new and better era, and I rejoice to have had the opportunity to be a fellow worker with you and thousands of other editors in bringing about the victory which will be recorded next Tuesday.

Congratulating you in advance upon what seems to be an assured victory, I am,

Yours very truly,
JOSEPH DANIELS
Chairman, Publicity Bureau.

DON'T worry President Wilson over the offices. Call on your Congressman.

"TEDDY" stabbed his friend "Bill" in the back and Woodrow picked up the crowd!

THE Chestertown postmaster has two more years to serve. So don't be in a hurry, friends.

THE indications point to the fact that Wilson has carried Illinois and Kansas. Why not make it unanimous?

THE NEWS predicts that the two opposing candidates in 1916 will be Wm. Jennings Bryan and Theodore Roosevelt!

THE whole people can rejoice at the election of such men as Hon. Woodrow Wilson and Thomas R. Marshall. The voters certainly showed wisdom in their choice.

THE Bible is authority for this statement: "A house divided against itself cannot stand." The Republican party realizes the truth of this statement, says Col. W. J. Vannort.

THE NEWS sympathizes with the Democrats in Delaware in the loss of their Governor. They won everything but Monaghan. Hon. Willard Salisbury will likely be elected United States Senator, and he deserves it.

W. J. BRYAN is the foremost man in this country today. We do not believe he will stoop to accept any office in the gift of the President. He is not an office-seeker in the sense mostly used but a man with high ideals and honest intentions as to matters of statecraft.

ADDITIONAL SCHOOL REVENUE.

Prof. Jefferson L. Smyth, superintendent of Kent Schools, has succeeded after several weeks effort in convincing the school authorities of our sister county, Queen Anne's, that Kent county should be recompensed for the large number of scholars who attend school here from Queen Anne's, of course the Kent School Board were willing to pay the Queen Anne's Board for their scholars.

The Queen Anne's Board soon saw the justice of the request and will comply at once. This will mean about $800 additional revenue to the schools of Kent County.

Congratulations, Professor.

THE POPULAR VOTE.

While Wilson's sweep of the country, so far as the electoral vote is concerned, is comparable only with that of U. S. Grant when he defeated Horace Greeley in 1872, the popular vote, so far as it has been estimated, does not tell such an impressive tale of victory.

It is estimated that 6,359,826 ballots were cast for Wilson, and that is 49,278 fewer than those cast for Bryan in 1908 This indicates, apparently, that Wilson received only the normal Democratic vote. Approximately that same vote would have given him few States outside the "Solid South" if he had been fighting his battle against only one opponent, backed by the united Republican party.

On the other hand the combined vote for Taft and Roosevelt was 7,710,787. This was 1,350,961 more than the estimated Wilson vote, a larger plurality even than that by which Taft defeated Bryan four years ago, when Taft received 7,678,908, and Bryan 6,409,104, a Taft plurality of 1,269,404 The Taft vote in 1908 was the maximum Republican popular vote, but it was 31,931 less than the Roosevelt-Taft vote cast this year against Wilson.

WHEN Woodrow Wilson enters the White House next March he will be confronted with the question of whether he shall throw out of office hundreds of thousands of Republicans now working for the Federal Government and substitute Democrats, or respect the action of his Republican predecessors for the last sixteen years and continue in force their orders placing many of these employes under the competitive classified civil service

On June 30, 1911, when the last report was made, there were 391,350 officers and employes of the Government. Of these 227,657 held positions subject to competitive examinations under the civil service rules and their jobs have ceased to be "political appointments."

President Taft transferred bodily more than 50,000 fourth-class postmasters from the held of political appointments to the classified service, and he added more than 4,009 other positions to the classified list, making a record as against all Presidents. Many thousands of the employes now under the classified rules are merely Republican political appointees transferred to this classification which now serves to keep them in office.

Why should we continue in office this Republican machine, build up by McKinley, Roosevelt and Taft?" is the question which the Democratic leaders are asking themselves.

Most of them are answering it by saying that there is no reason for such a thing. They are especially eager to have Wilson when he gets into the White House rescind the order by which Taft lifted 50,000 fourth-class postmasters "out of politics."

"We are not opposed to civil service reformed," is the way one prominent member of the House and a Senator-elect, expressed it recently, "but if Wilson wins we are going to ask him to rescind some of those Republican orders long enough to get a few Democrats. Then he can go in for civil service reform as strong as he pleases."

Now dont be backward boys, hand up your plate and ask for what you want. Mr. James D. Jamar has already asked for the Worton Postoffice.

PUBLIC SALE
OF
CHURCH HILL PROPERTY

The undersigned will sell at public sale at CHURCH HILL, MD., on

SATURDAY, Nov. 23, 1912

Between 1 and 4 P. M., the following Real Estate in the town of Church Hill:

NO. 1—TOWN HALL generally advertised as the GUEST OPERA HOUSE, is a large building about 66 feet by 86 feet, located on one of the principal corners of the town; balcony with iron railing on both side and end fronts, and ten or more feet of galvanized corrugated porch awning over both fronts. The Church Hill Bank of Maryland is located in the corner ground floor rooms, containing the public banking room, the directors' room and vault, all on this ground floor corner; a store room on the end front of about 18x30 feet and a store room front of 20x36 feet on the side front, and three other offices on the ground floor, with a broad, well lighted stairway to the second or hall floor. The Hall Room, with a large gallery, will seat between 400 and 500 people, well lighted, with good roomy stage.

NO. 2—IS A 7-ROOM DWELLING HOUSE adjoining on the west side the property of J. K. Brown, Esq., known as the Trenchard dwelling house. This house is 16x24 feet front, with an "L" building of same size as the main building, in pretty good condition.

NO. 3—IS THE BRICK BUILDING in the southwest end of the town. The main building is about 33 feet by about 20 or more feet wide, the part called the back building fronting like the main building, about 28 feet, and about 16 feet deep, thus actually showing a front on the main thoroughfare of about 61 to 62 feet, with a good wide porch for the whole front of 61 or 62 feet. The entire front of this property is about 350 feet in length on the main thoroughfare. The house is two full stories, with cellar under the whole, as also attic room over the whole. There are several building lots that could be sold off.

NOS. 4 and 5—These are TWO TWO-STORY DWELLINGS AND LOTS on New street. Six rooms to each house and front and kitchen porches to each. Both are counterparts of each other (just alike).

NO. 6—THE CABINET SHOP, main part 16x24 feet; has a good sound frame and could be converted into a dwelling. There are sheds on each side of this cabinet shop about 10 or 12 feet wide by 24 feet long. The lot is good size, 50 or more feet wide, with good depth. The above measurements are not guaranteed on any of the properties named, but I believe them to be very near correct.

NO. 7—IS A VACANT LOT. Don't know its size, but suppose it to be from between half to one acre of ground—it may be more. J. K. Brown, Esq., can give the information.

NOTE.—Now, the cause or reason for selling is that I am well stricken in years—close to the limit of human life—and wish to administer on my own estate while yet in life. As I have in this section of country no relatives to aid me, have concluded to dispose of it myself. That is the true cause of sale. I have sold all my real estate in Chestertown. This property—all or any part of it—can be bought at private sale. Would really prefer to sell at private sale J. K. BROWN, ESQ., is authorized to sell at private sale as well as myself.
