SATURDAY, NOVEMBER 16, 1912.

☞ The date on the label on your paper shows the time to which your subscription is paid.

It is our opinion that a special session of congress will be called, but that no radical legislation will be enacted.

PRESIDENT TAFT has issued his proclamation, naming Thursday, November 28th, as a day of national thanksgiving.

It is understood that Henry L. Constable, Esq., will be appointed State's Attorney for Cecil county, to succeed his brother, Albert Constable, who was elected Chief Judge of this Judicial Circuit on Tuesday.

PRESIDENT WILSON announced to-night in speaking of the tariff and the monopoly question, that he purposed to carry out the pledges he made in his campaign speeches, to cut special privilege out of tariff schedule, prevent unfair competition in business and to destroy private monopolies.

THE Federalist, the Whig, the Free-soil, the Know-nothing, the Native American and the Republican parties have all gone down before the invincible hosts of Democracy. Entrenched behind the Constitution and the Declaration of Independence they are prepared to wage successful battle with all comers.

ROOSEVELT by the completed returns received about 4,000,000 votes! Only one other man in this country could have done as well and that man is William Jennings Bryan. The Progressives are organized for the fight next year in all States and with such a following they will wield a big influence. Mr. Bartus Trew, one of Kent's foremost farmers, says the Republican party is DEAD! It looks like it now.

NOT A MERE FESTIVAL.

Thanksgiving Day, if it be properly observed, observed in the spirit of true Christian love, will be an inspiration to all. It is not a mere time of feasting. If that were all there would be no thanksgiving in it. It is a religious feast. And now as of old men are asked to remember, when they have eaten and are full, who is it that gives them power to get wealth. A thankful heart and a humble and loving spirit are the graces which ought to be coveted by those who catch the true spirit of Thanksgiving Day.

COVINGTON WILL NAME.

Eleven Federal Offices in Maryland Filled by President—Many Postmasters Too—As is Well-known, Government Positions Constitute Best-Salaried Public Places in State.

The election of Wilson to the Presidency will mean the filling of many important positions under the Federal Government in Maryland now held by Republicans, and in the filling of these positions Congressman Covington will be a big factor. He will have the naming of at least two of them, principal of which will probably be collector of internal revenue, which has usually been allotted to this district. The office of sub-treasurer, or naval officer, will also probably come Mr. Covington's way.

As is well known, Federal offices constitute the best salaried places in Maryland. There are few offices either under the State or city governments which compare with them. The same is true of the postmasterships of the towns of the district, all of which are named by the President. The post-offices of the rural sections come under the classified service.

The important places under the Federal Government and salaries are as follows:

Collector of the Port—$7,000.
Collector of Internal Revenue—$4,500.
Naval Officer—$5,000.
United States Marshall—$3,500.
Surveyor of the Port—$4,000.
Subtreasurer—$4,500.
Deputy District Attorney—$3,000.
Appraiser—$3,000.
Assistant Appraiser—$2,500.

All of these appointments are made by the President except the Deputy District Attorney, who is appointed by his chief, but generally with the advice and consent of the President.

There are a number of postoffices, such as those of Easton, Denton, Cambridge, Chestertown, Centreville, and Salisbury, and the like, whose chiefs receive from $1,800 to $3,000 a year.

These places with the exception of Collector of Internal Revenue must be Marylanders. The Internal Revenue district besides Maryland includes Delaware and the Eastern Shore of Virginia but the collector is invariably taken from Maryland, and usually from this district. It was filled by B[illegible], of Easton, under Mc Kinley [illegible]dition, the President makes [illegible] of appointments which are [illegible] to State lines, but can be [illegible] any section of the country [illegible]ington will unquestionably [illegible] them.

DEMOCRATS GET SENATE

Will Have 49, Majority of 2—California For Roosevelt.

Virtually complete returns from California show that Colonel Roosevelt has definitely wrested the state from Gov. Wilson his plurality over the Democrat being about 600 votes.

Wilson, however, gets four more electoral votes by winning Idaho from President Taft by a plurality of about 600.

If an official count does not change these two results Wilson will have carried forty states, with 433 electoral votes; Roosevelt, six states, with 90, and Taft only two states, with 8 votes. These two states are Utah and Vermont.

Unofficial returns show the nation's popular vote to have been:

Wilson	6,398,000
Roosevelt	4,315,000
Taft	3,350,000

Positive announcement of the success of Harry Lane, the Democratic candidate for the United States senate in Oregon, assures Democratic control of the upper house of congress and places both branches of the national legislature and the presidency in their hands for the first time in eighteen years.

The addition of Oregon to the Democratic list gives that party forty-nine senators, or a majority of two.

CHAUTAUQUA NOTES.

The Chautauqua for Chestertown and Kent county will be held the first week in September at the same time and in connection with the Teachers' Institute.

Mrs. Gen'l Geo. E Pickett is slowly recovering at her home in Washington, D. C. It will be remembered that when she came to her Chautauqua engagements in this section she was suffering from a heavy cold which had already developed into pneumonia. She persistently kept her engagements though physicians in each town earnestly advised against it. Finally after her lecture at Chambersburg, she was taken to the hospital, and now two months later she is only able to sit up a couple of hours a day.

Frank Dixon, whose lecture "The Square Deal" was heard at the eighteen towns of the fall Chautauqua circuit, is by unanimous vote of these towns placed on the 1913 program.

PUBLIC SALE

OF

CHURCH HILL PROPERTY

The undersigned will sell at public sale at CHURCH HILL, MD., on

SATURDAY, Nov. 23, 1912

Between 1 and 4 P. M., the following Real Estate in the town of Church Hill:

NO. 1—TOWN HALL, generally advertised as the GUEST OPERA HOUSE, is a large building about 66 feet by 36 feet, located on one of the principal corners of the town; balcony with iron railing on both side and end fronts, and ten or more feet of galvanized corrugated porch awning over both fronts. The Church Hill Bank of Maryland is located in the corner ground floor rooms, containing the public banking room, the directors' room and vault, all on this ground floor corner; a store room on the end front of about 18x30 feet, and a store room front of 20x36 feet on the side front, and three other offices on the ground floor, with a broad, well lighted stairway to the second or hall floor. The Hall Room, with a large gallery, will seat between 400 and 500 people, well lighted, with good roomy stage.

NO. 2—IS A 7-ROOM DWELLING HOUSE adjoining on the west side the property of J. K. Brown, Esq., known as the Trenchard dwelling house. This house is 16x24 feet front, with an "L" building of same size as the main building, in pretty good condition.

NO. 3—IS THE BRICK BUILDING in the southwest end of the town. The main building is about 33 feet by about 20 or more feet wide, the part called the back building fronting itke the main building, about 28 feet, and about 16 feet deep, thus actually showing a front on the main thoroughfare of about 61 to 62 feet, with a good wide porch for the whole front of 61 or 62 feet. The entire front of this property is about 350 feet in length on the main thoroughfare. The house is two full stories, with cellar under the whole, as also attic room over the whole. There are several building lots that could be sold off.

NOS. 4 and 5—These are TWO TWO-STORY DWELLINGS AND LOTS on New street. Six rooms to each house and front and kitchen porches to each. Both are counterparts of each other (just alike)

NO. 6—THE CABINET SHOP, main part 16x24 feet, has a good sound frame and could be converted into a dwelling. There are sheds on each side of this cabinet shop about 10 or 12 feet wide by 24 feet long. The lot is good size, 50 or more feet wide, with good depth. The above mensurements are not guaranteed on any of the properties named, but I believe them to be very near correct.

NO. 7—IS A VACANT LOT. Don't know its size, but suppose it to be from between half to one acre of ground—it may be more. J. K. Brown, Esq., can give the information.

NOTE.—Now, the cause or reason for selling is that I am well stricken in years—close to the limit of human life—and wish to administer on my own estate while yet in life. As I have in this section of country no relatives to aid me, have concluded to dispose of it myself. That is the true cause of sale. I have sold all my real estate in Chestertown. This property—all or any part of it—can be bought at private sale. Would really prefer to sell at private sale. J. K. BROWN, ESQ., is authorized to sell at private sale as well as myself.

Sick Watches Made Well

LOOK inside your watch a moment. The balance wheel is making 18,000 vibrations an hour—if it's well. If the movement is sluggish—it needs a doctor.

It will move 3,558 miles a year on less than one-tenth of a drop of oil. But it needs that little drop badly. The least increase of friction on the bearings alters the motion and your watch gets sick. Let us clean and oil and put your watch in order for a year. It will pay and satisfy you.
