MIGHTY MICHIGAN WINS SILVER CUP

Finishes Third Of More Than 100 Cars In 108 Mile Race

The following telegram was received at the Michigan factory, in Kalamazoo, July 10th:

"V. L. Palmer:

Michigan Forty finished third in road reliability race—Camden to Wildwood, New Jersey—one hundred and eight miles. Over one hundred cars entered. Pierce Arrow first. Our prize: Silver Cup. Car driven by Dr. Faulkner, of Bridgeton, New Jersey.

E. F. GERBER."

This is one of many similar performances that the Mighty Michigan Forty has given this season.

The even balancing of all parts to match the strength represented by the Mighty Michigan Motor and Chassis is a characteristic which has become distinctive of this Car. It is asserted that this accounts for the sensational success of the Michigan among medium priced cars. It is an illustration of the value of thirty years manufacturing success behind the product.

RAYNER'S LIFE IS EBBING AWAY.

A dispatch from Washington says: Senator Isidor Rayner is slowly sinking tonight and it is acknowledged that the distinguished Marylander is in a desperate condition, from which efforts of noted physicians have thus far failed to relieve him. All hope of his ultimate recovery was banished here today when the Senator failed to rally from the state of coma into which he lapsed yesterday, and it is feared that his death is now but a matter of hours.

GETTING READY FOR POTATOES.

The Kent County farmers are already beginning to plan for next year's crops. Mr. Edw. A. Corey, the "Potato King," of Kent county, has received the past week *three thousand* bushels of seed potatoes from Maine. Another carload will be here next Spring. These potatoes are being distributed to those farmers who ordered same and will be planted next Spring. They cost about $3.50 per barrel, there being three bushels to the barrel. It requires about 13 bushels to plant an acre.

Rev. J. S. Bowers, president of the Maryland Conference, was in town this week and had but recently returned from an official visit to Accomac county, Virginia. He says it is the most prosperous county in the country and the principal crop is potatoes. They grow about 300 bushels per acre and automobiles are as plentiful as teams.

Mr. [illegible]ey says he can plant about 4 acres [illegible] day and can harvest about 6 acres [illegible] day.

Success to you, farmers.

THE POSTOFFICE PLUMS.

The term of Mrs. Walls, post-mistress of Millington, expires in 1913. Petitions are in circulation for the re-appointment of Mrs. Walls, also for the appointment of Mr. Joseph Mallalieu. Many of the Democrats who hoped to win this plum have given up the prospect and signed Mr. Mallalieu's petition.

A warm contest is on at Kennedyville between Messrs. John Medders, Wm. A. Pote, Dave Nickerson and others.

At Chestertown a lady in the person of Mrs. Finley has entered the lists and will make the contestants hustle. Samuel Hicks, Robert Moffett, J. Hydie Thompson, Wm. A. Bell, Chas. W. Kibler, J. Hall Denny are mentioned for the place. Mr. Thomas' term is not out until next August. One Chestertown gentleman offers to take the office and give $1000 of the salary to improving the streets, etc., of the town.

Mr. Schofield, of Still Pond, has a large petition for the office in that town.
