LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty-cents and one-dollar.

However, if you wish first to test its wonderful merits, send to Dr. Kilmer & Co., Binghampton, N. V., for a sample bottle absolutely free. When writing be sure and mention the KENT NEWS, Chestertown, Md.

"MISHAPS OF MINERVA."

The Senior Class of the Chestertown High School, under the direction of Prof. Mark Creasy, gave an excellent rendition of a two act farce in Assembly Hall Friday night before an appreciative audience who packed the hall to its doors.

The play was well rendered and held the attention of the audience until the end. Misses Boyd and Ahern performed excellently on the piano, while Mr. Bordley rendered several violin solos with good effect.

The play starts in the living room of the Sterling home, on the afternoon of a reception. "Minerva," who seems to be the centre of more social functions than her friends think she should, is made the victim of a plot whereby numerous articles are stolen from the house and the impression given that burglars have entered in disguise. Pandemonium reigns when it is found that all the members of the plot who have been arrested (and a number sent to the station house), are members and friends of the family.

Miss Anna Jones, who played the title role, acted her part well, as did also the others who assisted her.

Those who took part and the characters assumed, are as follows:

Anna Jones	Minerva Sterling
Marion Dixon	Mortimer J. Sterling
Irving Sparks	Victor Brown
Norman Hicks	Harry Stevenson
Lee Robinson	Barnes
William Tarbutton	Mike Shannon
Lucy Frazier	Mrs. Lydia Sterling
Carmeta Russell	Clara Sterling
Celeste Stokes	Molly
Ruth Clendaniel	Belle Brantley
Maude Robinson	Mrs. Wright
Daisy Ford	Miss Palmer

In and Around Georgetown.

Mrs. Bessie Hurtt and Master James Hurtt visited Wilmington on Wednesday.

Mrs. M. E. Emory and Miss L. H. H. Oldham left on Tuesday for a few days visit with relatives in Philadelphia.

Mr. Robert Wilson and family, who have been living in Galena since early spring removed to their home in Easton this week.

The "country store" and festival held at Shrewsbury Academy on Wednesday night was quite a success and a good sum was realized which will be spent for school purposes. The handkerchief, which was donated by Mrs. Woodrow Wilson, was chanced off and won by Mr. Eugene Cockrane, the lucky number being 77.

Miss Vera Whitaker has resumed her duties at Dover Conference Academy after spending the holidays with her mother, Mrs. Ella Whitaker, of Galena.

The young men of Galena serenaded Mr. and Mrs. Wm. A. Hyland on Wednesday night.

Mrs. J. Fletcher Wilson has returned home after a pleasant visit with her daughter, Mrs. Thomas Corkrane, of East Orange, N. J.

Capt. James E. Woodall has completed a very comfortable four room dwelling on Green street which will be occupied by one of his employees.

Mr. and Mrs. Robert Morgan, who have been making their home with their daughter, Mrs. Walter R. Woodall, for the past year, have moved on their farm near Betterton. Mr. and Mrs. Morgan will be greatly missed by the people of this community.

TEN THINGS TO DO THIS MONTH.

1. Get ready for winter; see that everything is snug about the house, the barns and poultry houses.

2. Get the crops in; put the corn out of the weather; see that the roughage is under shelter or well stacked; store the apples, potatoes and late vegetables carefully.

3. Keep the plows going, breaking deep and thoroughly, and keep on sowing rye.

4. Look well to the young stock; feed them liberally, give them dry stables and see that they go into the winter free of lice.

5. Get after the stumps with dynamite or a stump puller; get rid of useless ditches and banks; clean out the patches of bushes and briers that mar the fields.

6. Give the fattening hogs special attention; gradually increase the grain ration; get them ready to kill early in the winter.

7. Clean up the garden after the first frost; put all dead vines, etc., into the compost heap; seed unoccupied land to rye or other hardy crops.

8. Set out fruit trees, shade trees, grape vines, berries etc.; make a lawn if you have not a good one already.

9. If you are not following a rotation of crops, get to work and lay out one suited to your farm and circumstances, and get down to business farming.

10. Arrange for a supply of reading matter for yourself, your wife and the children—we will be glad to help you make out a list if you wish; see that good lights are provided.—The Progressive Farmer.

You talk about the size of some of the ballots used in Maryland in former elections, but the one used in Nebraska the last election "takes the cake." The Nebraska ballot was 8 feet long, 6 inches wide, and contained 82 groups. It was in the form of a scroll, and all you had to do to mark your ballot was to unroll it and put one mark in a circle opposite the name for which you wished to vote.
