A HEALTHY, Hearty Happy Xmas to you.

"PEACE on Earth, Good Will to *All* Men."

THE fight for Senator Rayner's place in the Senate promises to be quite warm before next November. Senator Blair Lee, Congressman J. F. C. Talbott, Cabell Bruce are already announced as candidates and more are considering it. Jump in, gentlemen, the water is fine!

WHEN the board of Public Works meets on January 2 the indications are that J. Ennos Ray, of Prince George's county, a former Speaker of the House of Delegates, will be elected State Auditor, thus ending the deadlock which has existed over this office since last February.

THE best description of a gentleman is found in these lines: "A man that's clean inside and out; who neither looks up to the rich nor down to the poor; who can lose without squealing and who can win without bragging; who is considerate, of women, children and old people; who is too brave to lie, too generous to cheat, and who takes his share of the world and lets other people have theirs."

THE eight members of the Electoral College from Maryland will meet at Annapolis at noon January 13 and cast eight votes for Wilson and Marshall. The votes will be recorded by Secretary of State who will send them to Congress. While in Annapolis the eight Democratic electors will be entertained by Governor Goldsborough. They are Albert W. Sisk, William Shepherd Bryan, Robert E. Lee, E. Austin Baughman, James McC. Trippe, James T. Truitt, Dr. Frank T. Shaw and Dr. Louis C. Carrico.

THE exclusive statement in the NEWS some weeks ago that an agreement had been made between the School Commissioners of Kent and Queen Anne's County whereby the latter was to pay a balance of about $800 on account of children of Queen Anne's attending Kent Schools has been denied by our Centreville cotemporaries and some Kent papers. But the NEWS still insists that the first statement is correct. The contract entered into between the two Boards provides as follows: "The Queen Anne's School Commissioners agree to pay to the School Commissioners of Kent $15 for each child residing in Queen Anne's and attending school in Kent, and vice versa."

There are a number of children living in Queen Anne's and within easy reach of Chestertown who avail themselves of the town-graded schools. These children have a full right to go there under the law which says that a child may attend the nearest school even though it is located in another county than the one in which he resides. While the Kent authorities cannot exclude these children, they have the right to demand remuneration from the county in which the children live. There are at this time about thirty Queen Anne's children attending school in Chestertown and 21 living in Queen Anne's who attend school in Millington. On the other hand there are three residing in Kent and attending school in Crumpton and three residing below Round Top who row across the river and attend school at Miss Copper's school in Kent. It is therefore plain that the net balance will be at this time 51 scholars at $15 in favor of Kent or $765. The tuition of fifteen dollars was considered equitable as that is the annual cost per pupil for maintaining the schools in each county. There is no dispute between the authorities over the matter.

RESULT OF BICKERINGS

An Editor Shot and Seriously Wounded in Anderson, S. C.—An Exceptional Article Published—A Warning to Local Penmen.

V. B. Cheshire, editor of the Anderson (S. C.) Intelligencer, was shot and seriously wounded; J. A. Mullinax was shot in the arm, and W. J. Muldrow narrowly escaped death in an altercation in Muldrow's office. The shooting was a sequel to an encounter brought about by the publication in the Intelligencer of an article to which Muldrow took exception. In a former encounter Cheshire was attacked with a billet by Muldrow.

Cheshire is said to have entered Muldrow's office and fired two shots at him. The first went wild, and the second was diverted by the interference of Mullinax. Mullinax received a bullet in the arm. Muldrow secured a pistol from his desk and opened fire on Chesire. Two bullets penetrated Chesire's abdomen and two inflicted slight wounds in his arm. Muldrow's coat was pierced by several bullets said to have been fired through a window by R. L. Cheshire, Jr., brother of V. B. Cheshire. V. B. Cheshire is in a critical condition at a local hospital. R. L. Cheshire was arrested, but later released on $500 bond.

SAMUEL J. COMLY, a progressive farmer of near Locust Grove, expresses his opinion on the road question. He says the law is all right but that the Engineer is inexperienced, the County Commissioners will not co-operate with him, and there are too much politics in the whole

MAY our enemies have a peaceful Xmas, although it be the only one for a long time.

PRESIDENT TAFT has accepted the proffer of the Kent professorship of law at Yale at $5,000 per year.

SENATOR BRISTOW, of Kansas, has asked the Senate to pass a bill providing for a primary election that shall elect all Federal postmasters who receive $300 or more a year. The measure makes it mandatory upon the Postmaster-General to appoint the man receiving the highest vote of such primary and takes all postal patronage out of the hands of the President.

BRO. WILLIAMS of the Cecil Whig, had the "molly grubs" last week. He starts a half column editorial headed, "Sell it and flee for your life," and says:

"IF YOU are so fortunate as to be possessed of any real or personal property in this State, subject to taxation, the best thing you can do with the same, in our judgment, is to sell it and sell it quick. The burden of taxation is becoming entirely too much for property to bear, with any hope of it being a profitable investment, &c."

If one will stop a moment and consider the benefits derived from the amount paid for taxes he will not grumble. He also gets these benefits for the man, woman and child who are not fortunate enough to have gained any property. Look up, Bro. Williams, and take fresh heart. The sun is shining all about you.

THE XMAS SPIRIT

This is the *giving* season, and therefore the happiest time of the year; for he who gives most loves most, and he who loves most is the happiest. There is, however, just one thing in all the catalogue of gifts the giving of which is sure to satisfy. There is just one thing that every spender may put at the head of the Christmas list, and it will insure the best celebration of the beautiful birthday. No purse is too small, though the value of the gift is beyond price. Without it Christmas is a failure, but joy is sure for the one who receives and the one who gives, when the gift is —SELF.

Be sure in preparing gifts for loved ones that they will care little for your gift unless they know you are giving yourself with it. Be very sure, you husbands who think to satisfy the hunger of a whole year by giving your wives some costly present, that the gift will not satisfy their hunger. They want you. Be very sure, boys, that "pop" is hungry for one thing only, and in the tense silence of his busy, hurried life he is crying out with the voiceless echo of the man in Proverbs, "My son, give me thine heart."

Let us make this a real happy Xmas by giving more love to those nearest to us and then to those on the outside of our home circle.

HERE'S A FEW FACTS.

MESSRS. EDITORS KENT NEWS:

Gentlemen—For the benefit of the Editor of the Chestertown Transcript, who questioned my veracity, I will give the public some facts so that they may judge who is the truthful one in this controversy.

The Transcript said I never had drawn a Bill for the prevention of the sale of whiskey in Kent county.

I drew the Bill and Senator Beck introduced it in the Senate on January 31, 1912, it passed the Senate on February 15 as shown by the Senate Journal and from there it appears in the House of Delegates, as shown by the House Journal, of February 15th, on page 407, known as Senate Bill No. 61.

Messrs Harris and Miller, as far as the records disclose never attempted to have it pass the House.

It was a local Bill and entirely up to them to pass or defeat it. The KENT NEWS in their issue of 17th February published the Bill in full; the Baltimore Sun also published an account of the Bill being introduced in the Senate and then passing to the House.

Are these sufficient facts to convince the Gentleman of the Chestertown Transcript that he should be more careful when he accuses one of not being truthful?

If these are not sufficent, I will give him a little inside information to the effect that in his own honorable paper of February 3rd, he refers to the fact that Senator Beck had introduced this very Bill in the Senate.

One can hardly censure him for not keeping track of all he publishes.

Members of our Honorable Court have deplored the fact that this Bill was defeated as Kent county needs this law.

TELEPHONE RATES

Some time ago the Cambridge Board of Trade filed a complaint against the Diamond State Telephone Company, alleging discrimination in rates, and asking a revision of them by the Public service Commission.

At the request of the Commission, the C. and P. Telephone Company (which has absorbed the Diamond State Company) has submitted a plan for a revision of rates over the entire Eastern Shore of Maryland; and this plan the Commission desires to lay before the citizens of the Eastern Shore counties, in order to obtain from them an expression of opinion on the Telephone Company's proposal.

The position of the Telephone Company is, that in order to afford the patrons of the Company the best service at a price which will yield the Company a reasonable profit, it will be necessary to establish and maintain a uniform rate of $24 per annum for single line residences and $36 for single line places of business, $18 for multi-party residences and $24 for multi-party places of business.

There is a great need for revision of rates. First, they should be uniform; and secondly, they should be reasonable. The latter can be fixed upon a review of the business done and the expense of same.

Questions that should be answered by The Chestertown Transcript and if they refuse or evade, then it is time for every citizen in Kent county, to beware of their publications in the future.

1. You know that Mr. James Elwood Morris violated the Corrupt Practices Act. Tell the people why you uphold and shield him? Is it because he is a prominent member of your faction?

2. Why did you attempt to deceive the people in your opposition to the County Commissioners complying with the request of the Grand Jury that they furnish funds to suppress the numerous violations of the Local Option Law?

3. Why did the Anti-Organization delegates in the last Legislature defeat the Bill prepared by me at the solicitation of the entire Court, which Bill had for its object the prevention of the sale of whiskey in Kent county?

This Bill passed in the Senate on the 15th of February, 1912, and then went to the House and was defeated by Messrs. Harris and Miller. You claim to be in favor of everything that is for the welfare of the people. Why did your delegates defeat this Bill?

Why do you shield and protect them?

4. Explain to the public why you stated the report of 1909 showed that an Organization man had received $292.00? The report is a matter of record and you know that it shows that your statement is not true.

NOW TELL THE PUBLIC WHY YOU CONTINUALLY ATTEMPT TO DECEIVE THEM?
