"Sloan's Liniment has done more good than anything I have ever tried for stiff joints. I got my hand hurt so badly that I had to stop work right in the busiest time of the year. I thought at first that I would have to have my hand taken off, but I got a bottle of Sloan's Liniment and cured my hand."

WOMAN SICK FOURTEEN YEARS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

WOODROW WILSON ON THE LIQUOR QUESTION.

Superintendent Anderson of the Anti-Saloon League of Maryland recently addressed a communication to President-eleect Woodrow Wilson, giving him "a full outline of the political situation in Maryland so far as it touched upon the relation between the Democatic party and the local option issue," as Mr. Anderson sees it. In his reply to Mr. Anderson Governor Wilson calls attention to an enclosed copy of a letter he had previously sent to the Superintendent of the Anti-Saloon League of New Jersey with the comment that "it will explain and I hope justify itself." The following is an extract from this letter of the President-Elect:

"I am in favor of local option. I am a thorough believer in local self-government, and believe that every self-governing community which constitutes a social unit should have the right to control the matter of the regulation of the withholding of licenses.

"But the questions involved are social and moral and are not susceptible of being made parts f a party program. Whenever they have been made the subject-matter of party contests they have out the lines of party organization and party action athwart to the utter confusion of political action in every other field. They have thrown every other question, however important, into the background and have made constructive party action impossible for long years together. So far as I myself am concerned, therefore, I can never consent to have the question of local option made an issue between political parties in this state My judgment is very clear in this matter I do not believe that party programs of the highest consequence to the political life of the state and of the nation ought to be thrust to one side and hopelessly embarrassed for long periods together by making a political issue of a great question which is essentially non-political, non-partisan, moral and social in its nature."

Law Revolutionizes Dress.

The style of clothing worn for centuries by men and women in China has been changed by the authority of the new republic. Women will have to abandon their trousers for the Occidental skirt, and men their comfortable loose clothes for the business and conventional evening clothes of the European. The derby and silk hat are required for the men. They are allowed high calf-skin and low tan shoes, while the women are limited to high shoes. Besides shoes, only three articles of dress are prescribed for women. One, a loose-fitting garment on the lines of a kimona, is for house wear, and a conventional plaited skirt and shirtwaist for other occasions. The people of China copied our constitution for their republic; they are now adopting our dress as their model. If the Christian nations will act becomingly China will adopt their Christ and his religion as her own, and be clothed in the garment of salvation of which the prophet speaks.

Mrs. Housewife — "Mrs. Busybody called after dinner yesterday. She always comes after dinner, and it is so aggravating when you have a big wash on scalding. I didn't have time to prepare anything nice for her. And she'll go around telling everybody what a mean table I set."

Anty Drudge—"She's a regular 'after-dinner' caller. Dinner is what she is after. But why don't you try Fels-Naptha Soap? You would have your wash all through—and dinner, too, before she got here."

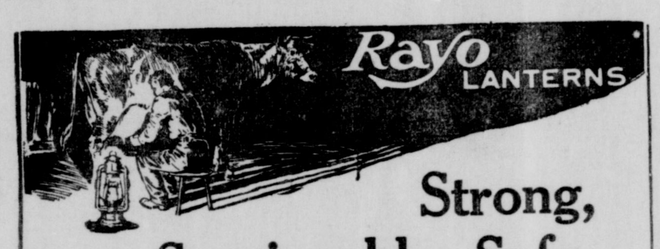

Do you make your head save your hands? With Fels-Naptha Soap you can wash clothes in cool or lukewarm water in about half the time it takes by the old-fashioned boiling, hard-rubbing way. It's easier on the clothes, easier on you, saves fuel, time and bother.

One cake of Fels-Naptha will prove this to you next washday.

Be sure to follow directions on the Red and Green Wrapper.
